[People and Things from the Blount County, Alabama, Blount County Journal 1909 - 1918](#) Dec 08 2021 The Blount County Journal published in Oneonta from 1909 to 1918. Compared to other Blount County papers, the Journal was only a small blip on the journalistic radar in Blount County. However, it is an often overlooked and untapped source of great genealogical and historical knowledge. While some of the articles mirror those published in its contemporary publications, often the Journal captured other obituaries and news missed by the Democrat. Most of the original copies of the Journal were found in the court house in Oneonta. These were reviewed for notices of births, marriages, obituaries and interesting news items. Missing issues from the court house

were reviewed at the State Archives in Montgomery. This book will add to the body of knowledge of Blount County, Alabama and will serve as a useful tool for area genealogists and historians.

New Perspectives on Detective Fiction Jan 21 2023

This collection establishes new perspectives on the idea of mystery, as it is enacted and encoded in the genre of detective fiction. Essays reclaim detective fiction as an object of critical inquiry, examining the ways it shapes issues of social destabilization, moral ambiguity, reader complicity, intertextuality, and metafiction. Breaking new ground by moving beyond the critical preoccupation with classification of historical types and generic determinants, contributors examine the effect of mystery on literary forms and on readers, who experience the provocative, complex process of coming to grips with the unknown and the unknowable. This volume opens up discussion on publically acclaimed, modern works of mystery and on classic pieces, addressing a variety of forms including novels, plays, graphic novels, television series, films, and ipad games. Re-examining the interpretive potential of a genre that seems easily defined yet has endless permutations,

the book closely analyzes the cultural function of mystery, the way it intervenes in social and political problems, as well as the literary properties that give the genre its particular shape. The volume treats various texts as meaningful subjects for critical analysis and sheds new light on the interpretive potential for a genre that creates as much ambiguity as it does clarity. Scholars of mystery and detective fiction, crime fiction, genre studies, and cultural studies will find this volume invaluable.

It’s been a long night for the tired homicide cop, and it’s far from over. Daphne Strazza is rushed to the ER, but it’s too late for Dr. Anthony Strazza. A brilliant orthopedic surgeon, he now lies dead amid the wreckage of his obsessively organized town house, his three safes opened and emptied. Daphne would be a valuable witness, but in her terror and shock, the only description of the perp she can offer is repeatedly calling him

“the devil.” While it emerges that Dr. Strazza was cold, controlling, and widely disliked—and that he treated Daphne like a trophy wife—this is one case where the evidence doesn’t point to the spouse as the first suspect. So Eve and her team must get started on the legwork, interviewing everyone from dinner-party guests to professional colleagues to caterers, in a desperate race to answer some crucial questions: What does the devil look like? And where will he show up next?
