**Racial Profiling** Jul 24 2020 In recent years, racial profiling has drawn the attention of state and federal governments. In this book, racial profiling is defined as the practice of targeting individuals for police or security interdiction, detention, or other disparate treatment based primarily on their race, ethnicity, or national origin in the belief that certain minority groups are more likely to engage in unlawful behaviour. Assertions that law enforcement personnel at all levels unfairly target certain racial and ethnic groups, particularly but not exclusively for traffic stops and searches, have raised concerns about violations of the Constitution. The major debate on racial profiling centres on whether the practice should be prohibited entirely and whether data on traffic stops and searches should be collected to determine if the practice is occurring. This book gathers presents the major issues, available data, and analyses important to understanding on the most dangerous and divisive practices of our time.

**Custer, the Seventh Cavalry, and the Little Big Horn** Jul 04 2021 Since the shocking news first broke in 1876 of the Seventh Cavalry's disastrous defeat at the Little Big Horn, fascination with the battle—and with Lieutenant George Armstrong Custer—has never ceased. Widespread interest in the subject has spawned a vast outpouring of literature, which only increases with time. This two-volume bibliography of Custer literature is the first to be published in some twenty-five years and the most complete ever assembled. Drawing on years of research, Michael O'Keefe has compiled entries for roughly 3,000 books and 7,000 articles and pamphlets. Covering both nonfiction and fiction (but not juvenile literature), the bibliography focuses on events beginning with Custer's tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890. Included within this span are Custer's experiences in the Civil War and in Texas, the 1873 Yellowstone and 1874 Black Hills expeditions, the Great Sioux War of 1876–77, and the Seventh Cavalry's pursuit of the Nez Perces in 1877. The literature on Custer, the Battle of the Little Big Horn, and the Seventh Cavalry touches the entire American saga of exploration, conflict, and settlement in the West, including virtually all Plains Indian tribes, the frontier army, railroading, mining, and trading. Hence this bibliography will be a valuable resource for a broad audience of historians, librarians, collectors, and Custer enthusiasts.

**Arkansas State Troopers** May 14 2022 Ride with the Troopers of the Arkansas State Police as they raid illegal gambling operations and take down drug dealers. Experience the helplessness as officers watch a fellow Trooper being ambushed. Mourn with the families when they receive word that a loved one has

been killed in the line of duty. Feel the pain when you hear the sound of a twenty one-gun salute and cry as taps are blown at the funeral of a fallen comrade. You may wonder why anyone would choose to enter a profession that poses the danger associated with wearing a badge. Its pretty simple. Just ask any police officer who has rescued someone from a burning vehicle, or found a lost child and safely returned him or her to their parents. Then youll understand! Lieutenant Coffman has also written an autobiography entitled "Life" (its all about the Family) and a book of poetry entitled "Southern Charm" I believe that you will enjoy reading all of his books.
