The Yanks Are Coming Over There Dec 08 2021 World War I was a global cataclysm that toppled centuries-old dynasties and launched “the American century.” Yet at the outset few Americans saw any reason to get involved in yet another conflict among the crowned heads of Europe. Despite its declared neutrality, the U.S. government gradually became more sympathetic with the Allies, until President Woodrow Wilson asked Congress to declare war on Germany to “make the world safe for democracy.” Key to this shift in policy and public opinion was the belief that the English-speaking peoples were inherently superior and fit for world leadership. Just before the war, British and American elites set aside former disputes and recognized their potential for dominating the international stage. By casting Germans as “barbarians” and spreading stories of atrocities, the Wilson administration persuaded the public—including millions of German Americans—that siding with the Allies was a just cause.

Muslims in Spain, 1492-1814 Jan 29 2021 "In Muslims in Spain, 1492-1814: Living and Negotiating in the Land of the Infidel, Eloy Martín-Corrales surveys Hispano-Muslim relations from the late fifteenth to the eighteenth centuries, a period of chronic hostilities. Nonetheless there were thousands of Muslims in Spain during this time: ambassadors, exiles, merchants, converts, and travelers. Their negotiating strategies and the necessary support they found on both shores of the Mediterranean prove that relations between Spaniards and Muslims were based on reasons of state and a pragmatism that generated intense ties, both political and economic. These increased enormously after the peace treaties that Spain signed with Muslim countries between 1767 and 1791"--

Chico Goes to the Wars Nov 14 2019

The Dutch Revolt Through Spanish Eyes Jun 02 2021
Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years' War (1568-1648). The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years. This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants. These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict. This book

follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away. Which images and representations circulated the most, and where did they come from? Which rhetoric was used to present them to the public, and in which genres and contexts were they disseminated and preserved? On the basis of a varied collection of sources, war chronicles and plays, as well as pamphlets, poems, historical works and prose writings, the author illustrates the appearance of the Netherlands through Spanish eyes during the course of the Eighty Years' War.

The Chinese Must Go Feb 27 2021 Beth Lew-Williams shows how American immigration policies incited violence against Chinese workers, and how that violence provoked new exclusionary policies. Locating the origins of the modern American "alien" in this violent era, she makes clear that the present resurgence of xenophobia builds mightily upon past fears of the "heathen Chinaman."

Magellan's Cross Dec 16 2019 The hero of this historical novel is Martin Olden. The story is set against the researched facts of Magellan's voyage to Asia. In 1494 the division of the globe into two spheres of influence, between Portugal and Spain, left a vital question unanswered: which country's sphere encompassed Asia - particularly the fabulously wealthy Spice Islands? In 1519 Captain-General Ferdinand Magellan led a Spanish expedition, sailing westwards, to disprove Portugal's claim to the Spice Islands and establish that much of the rest of Asia were Spain's possessions. The voyage saw a series of dramatic events - by the time Magellan's fleet reached the Magellan Strait, mutinies had left all his Spanish Captains dead or marooned and there was appalling deprivation on the long voyage across the unexpectedly vast Pacific to the Philippines. It was there that Magellan, disregarding the Spanish king's orders, attacked Lapulapu a local ruler of Mactan Island. Prior to being captured on Mactan Island, Martin Olden helped Princess Lalu, Chief Lapulapu's half-sister, a skilful healer and powerful Shaman when she was assaulted by Santos - a misogynistic Spanish sailor. Captured by Lapulapu's warriors, Martin subsequently witnessed the fate of Magellan and fell in love with Lalu.

Strange Pilgrims Aug 24 2020 *Strange Pilgrims* is a collection of unforgettable stories about distinctive South American individuals in Europe from the Nobel laureate Gabriel Garcia Marquez author of *One Hundred Years of Solitude* and *Love in the Time of Cholera*. 'The first thing Senora Prudencia Linero noticed when she reached the port of Naples was that it had the same smell as the port of Riohacha' The twelve stories here tell of Latin Americans adrift in Europe: a bereaved father in Rome for an audience with the Pope carries a box shaped like a cello case; an aging streetwalker waits for death in Barcelona with a dog trained to weep at her grave; a panic-stricken husband takes his wife to a Parisian hospital to treat a cut and never sees her again. Combining terror and nostalgia, surreal comedy and the poetry of the commonplace, *Strange Pilgrims* is a triumph of storytelling by our most brilliant writer. 'Celebratory and full of strange relish at life's oddness, the stories draw their strength from Marquez's generous feel for character, good and bad, boorish and innocent' William Boyd 'The most important writer of fiction in any language' Bill Clinton 'Often touching, often funny, always unexpected, the experience is as enriching as travel itself' *New Statesman*

The Unfortunates Oct 14 2019 A sports journalist, sent to a Midlands town on a weekly assignment, finds

himself confronted by ghosts from the past when he disembarks at the railway station. Memories of one of his best, most trusted friends, a tragically young victim of cancer, begin to flood through his mind as he attempts to go about the routine business of reporting a football match. B S Johnson's famous 'book in a box', in which the chapters are presented unbound, to be read in any order the reader chooses, is one of the key works of a novelist now undergoing an enormous revival of interest. *The Unfortunates* is a book of passionate honesty and dark, courageous humour: a meditation on death and a celebration of friendship which also offers a remarkably frank self-portrait of its author.
