StatPearls Publishing Focusing on the fundamentals of PET imaging in oncology, cardiology and neurology, the new PET Study Guide has been designed to serve as an indispensable reference and review tool to assist technologists preparing for the Nuclear Medicine

Technology Review Board (NMTCB) PET Specialty exam. Church History Study Guide, Pt. 3: Latter-Day Prophets Since 1844. This volume is the third of three on Church History and the Doctrine and Covenants. It covers Church history during the administration of all of its Prophet-Prophets since Joseph Smith. It begins with the succession of the Apostles after Joseph Smith's martyrdom, the building of the Nauvoo Temple, and the trek to the west of the Latter-day Saint pioneers. We follow them through Iowa, Winter Quarters, and on to Utah. We witness the colonization of the state of Deseret, while the rest of the country suffered from Civil War. Then we follow events through the administrations of all of the 19th-Century, 20th-Century, and 21st-Century prophets from John Taylor to Thomas S. Monson. We become familiar with the early lives, missions, marriages, and callings of each of these prophets, seeing how the Lord prepared them for the particular time that they led the Church. We finish with a look toward the future as we await the Second Coming of our Lord. The cover features a beautiful photograph of the Salt Lake Temple, taken at dusk during the Christmas season from the roof of the Joseph Smith Memorial Building. Includes: Multiple choice fact, scenario and case-based questions Correct answers and explanations to help you quickly master specialty content All questions have keywords linked to additional online references The mission of StatPearls Publishing is to help you evaluate and improve your knowledge base. We do this by providing high quality, peer-reviewed, educationally sound questions written by leading educators. StatPearls Publishing Thoroughly updated to reflect current, evidence-based surgical practice, this book is a comprehensive review of the topics on the American Board of Surgery In-Training Examination (ABSITE), the certifying exam, and recertification exams. Chapters are co-authored by residents and faculty in the University of Pennsylvania Department of Surgery and integrate basic science with clinical practice. More than 300 illustrations complement the text. This edition includes a new chapter on pediatric surgery and a comprehensive new trauma section covering evaluation, resuscitation, shock, acid-base disturbances, traumatic injuries, and burn management. All chapters in this edition end with Key Concept summaries for rapid review. The Multistate Corporate Taxation 2009 CPE Course is a helpful resource that provides explanations of significant laws, regulations, decisions and issues that affect multistate tax practitioners. Readers get the guidance, insights and analysis on important provisions and their impact on multistate tax compliance and tax planning. It's the top quality tax review and analysis that every state tax practitioner needs to keep a step ahead. Includes: Multiple choice fact, scenario and case-based questions Correct answers and explanations to help you quickly master specialty content All questions have keywords linked to additional online references The mission of StatPearls Publishing is to help you evaluate and improve your knowledge base.
