common problems fixes range rover sport l320 2005 2013 Sep 19
2019 web loss of power loss of power on the range rover sport can be
caused by a number of issues most will require the vehicle plugging
into diagnostic equipment to find the exact cause however the most
common faults are egr valves or a split in one of the intercooler hoses
this means that the air boost pressure is lost so the air and fuel
mixture
