Loreli Winters never imagined she'd end up a "mail-order bride" in middle-of-nowhere Kansas -- until the two adorable orphan nieces of a dusky dream named Jake Reed beg her to be their new "mama." He can't stop wondering what it would be like to hold the fiery enchantress close and kiss her deeply. Surely he could never compete with the sophisticated gents she has known, yet he intends to try. But will his honest passion be enough to take a chance on a long-shot called love? A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be. Refiguring the Archive at once expresses cutting-edge debates on `the archive' in South Africa and internationally, and pushes the boundaries of those debates. It brings together prominent thinkers from a range of disciplines, mainly South Africans but a number from other countries. Traditionally archives have been seen as preserving memory and as holding the past. The contributors to this book question this orthodoxy, unfolding the ways in which archives construct, sanctify, and bury pasts. In his contribution, Jacques Derrida (an instantly recognisable name in intellectual discourse worldwide) shows how remembering can never be separated from forgetting, and argues that the archive is about the future rather than the past. Collectively the contributors demonstrate the degree to which thinking about archives is embracing new realities and new possibilities. The book expresses a confidence in claiming for archival discourse previously unentered terrains. It serves as an early manual for a time that has already begun. *New York Times* bestselling author Lorraine Heath's classic novel of a love that overcomes all obstacles "I would not make a good husband. Paris, 1890. When Sherlock Holmes finds himself chasing an art dealer through the streets of Paris, he's certain he's smoked out one of the principals of a cunning forgery ring responsible for the theft of some of the Louvre's greatest masterpieces. But for once, Holmes is dead wrong. He doesn't know that the dealer, Theo Van Gogh, is rushing to the side of his brother, who lies dying of a gunshot wound in Auvers. He doesn't know that the dealer's brother is a penniless misfit artist named Vincent, known to few and mourned by even fewer. Officialdom pronounces the death a suicide, but a few minutes at the scene convinces Holmes it was murder. And he's bulldog-determined to discover why a penniless painter who harmed no one had to be killed—and who killed him. Who could profit from Vincent's death? How is the murder entwined with his own forgery investigation? Holmes must retrace the last months of Vincent's life, testing his mettle against men like the brutal Paul Gauguin and the secretive Toulouse-Lautrec, all the while searching for the girl Olympia, whom Vincent named with his dying breath. She can provide the truth, but can anyone provide the proof? From the madhouse of St. Remy to the rooftops of Paris, Holmes hunts a killer—while the killer hunts him. The notorious Inferno Club is known to London Society as a scandalous gathering of wealthy libertines and highborn rakehells devoted to their wicked pleasures. But little does the world suspect the true purpose of the Club or the danger that looms over England, which this select, powerful group of lords are secretly sworn to fight. From the body to the ever-present lens, the world is increasingly preoccupied with the visual. What exactly is the visual' and how can we interpret the multitude of images that bombard us every day? Reading the Visual takes as its starting point a tacit familiarity with the visual, and shows how we see even ordinary objects through the frameworks and filters of culture and personal experience. It explains how to analyse the mechanisms, conventions, contexts and uses of the visual in western cultures to make sense of visual objects of all kinds. Drawing on a range of theorists including John Berger, Foucault, Bourdieu and Cray, the authors outline our relationship to the visual, tracing changes to literacies, genres and pleasures affecting ways of seeing from the Enlightenment to the advent of virtual technology. Reading the Visual is an invaluable introduction to visual culture for readers across the humanities and social sciences. Eloquently written, admirably clear, passionately argued, Schirato and Webb have given us one of the best textbooks on the emergent field of visual culture. Smart, clear and relevant examples challenge readers to question their visual environments and become critics and creators themselves.' Professor Sean Cubitt, University of Waikato This is a splendid book. It is both intellectually sophisticated and written in an extremely accessible manner.' Professor Jim McGuigan, Loughborough University This book treats the interpretation and value of visual artefacts with depth, while remaining highly accessible.
