This workbook contains exercises as a tool for a teacher to teach geometry in primary school. The visualization is done through Augmented Reality based mobile application. The mobile application is free of charge. CleverBooks Geometry Application used in this Workbook for Primary Education (see our Youtube video: https://youtu.be/Q6Aq_IJUbQI) is an innovative, immersive and inspiring way for children age 7-11 years old too learn geometry through visualization and interaction. The Augmented Reality (AR) program features 3D models which illustrate principle geometric shapes. Children

can directly interact with the shapes which further improves their visualization of geometric models, both inside and outside the classroom. Furthermore, this method of innovative and immersive learning with strongly benefit children who are visual learners or who require additional learning modalities. The primary aim of implementing the supplemental AR tool in the math curriculum and the teaching process is to help educators to individualize class lessons according to each child's capabilities and engage them in learning more independently using the key senses: Seeing, hearing and doing. The Geometry App will bring figures to life going beyond pictures of geometrical shapes in textbooks and elevating children's learning experiences which will energize everyday lessons. Main Benefits: Interactive lessonsUnexpansive quality learning materialHigher retentionIntellectual curiosityIncreased participation in classesIncreased memoryFaster learning Main Features: View geometric 2D and 3D shapes from all anglesVoiceover for all shapes and interactions made by kidsSee sides of 3D shapes unfold into 2D shapes (decomposition is visualized!)Learn and understand fractionsCompare and identify objects in the environment with geometric shapes using Augmented RealityDevelop spatial imagination by observing 3D and flat modelsInteractive knowledge test Age Group: 7-11 years old. / Language: English Lots of area, perimeter, volume, and surface area practice problems with an answer key.
