Database and Expert Systems Applications Apr 01 2021 This volume constitutes the proceedings of the 5th International Conference on Database and Expert Systems Applications (DEXA '94), held in Athens, Greece in September 1994. The 78 papers presented were selected from more than 300 submissions and give a comprehensive view of advanced applications of databases and expert systems. Among the topics covered are object-oriented, temporal, active, geographical, hypermedia and distributed databases, data management, cooperative office applications, object-oriented modelling, industrial applications, conceptual modelling, legal systems, evolving environments, knowledge engineering, information retrieval, advanced querying, medical systems, and CIM.

Artificial Intelligence and Evolutionary Computations in Engineering Systems Jul 24 2020 This book gathers selected papers presented at the 6th International Conference on Artificial Intelligence and Evolutionary Computations in Engineering Systems, held at the Anna University, Chennai, India, from 20 to 22 April 2020. It covers advances and recent developments in various computational intelligence techniques, with an emphasis on the design of communication systems. In addition, it shares valuable insights into advanced computational methodologies such as neural networks, fuzzy systems, evolutionary algorithms, hybrid intelligent systems, uncertain reasoning

techniques, and other machine learning methods and their application to decision-making and problem-solving in mobile and wireless communication networks.

The Modern House-carpenter's Companion and Builder's Guide Feb 11 2022

Microsoft Dynamics GP 2013 Reporting May 22 2020 A practical guide to creating and managing reports as well as identifying the most appropriate reporting tool for any reporting challenge, this book employs real-life, step-by-step examples in a part tutorial, part reference manner. If you are a Microsoft Dynamics GP developer, consultant or power user who wants to create and manage reports, then "Microsoft Dynamics GP 2013 Reporting, Second Edition" is for you. A working knowledge of Microsoft Dynamics GP is required. A basic understanding of business management systems and reporting applications such as Microsoft Excel and SQL Reporting Services is highly recommended.

Sams Teach Yourself iPad Application Development in 24 Hours Aug 05 2021 The clear, easy-to-understand tutorial for developers who want to write software for today's hottest new device: Apple's iPad! Figures and code appear as they do in Xcode Covers iOS 3.2 and up In just 24 sessions of one hour or less, learn how to build powerful applications for today's hottest tablet device: the iPad! Using this book's straightforward, step-by-step approach, you'll master every skill and technology you need, from setting up your Xcode development environment to utilizing the full iPad screen real estate for touchable interfaces, integrating maps and media, to improving the reliability and performance of your software. Each lesson builds on what you've already learned, giving you a rock-solid foundation for real-world success! Step-by-step instructions carefully walk you through the most common iPad development tasks. Quizzes and Exercises at the end of each chapter help you test your knowledge. By the Way notes present interesting information related to the discussion. Did You Know? tips offer advice or show you easier ways to perform tasks. Watch Out! cautions alert you to possible problems and give you advice on how to avoid them. Printed in full color Learn the features of the Xcode development suite Prepare your system and iPad for efficient development Get started fast with Apple's Objective-C and Cocoa Touch Understand the Model-View-Controller (MVC) development paradigm Implement advanced application interfaces with interactive widgets and web-connected interfaces Enhance the user experience with popovers and other iPad-only UI features Build interfaces that adjust to the iPad's orientation Read and write data, and navigate it with table views Implement media playback and recording capabilities Integrate your software with the iPad's email, photos, iPod, and address book applications Create map and location-based services Sense motion with the iPad accelerometer input Discover the tools for building universal iPad/iPhone/iPod touch applications Distribute your applications through the App Store

Period Ship Kit Builder's Manual Oct 15 2019 Generously illustrated and fully detailed, this new manual from expert modeler Keith Julier provides a practical guide for craftsmen who want to build their historic models from a kit. From the initial planning and kit selection through the various stages of construction, Julier takes the myth and mystery out of what many consider to be a complex subject, using easy-to-follow explanations, simple terminology, and more than one-hundred photographs to help modelers complete their projects. Some of the many topics covered include: adhesives, finishes, and fixings; tools, maintenance and safety; history and accuracy; hull

planking; wales and rails; stern and quarter galleries; sails; yards and spars; standard running and rigging; kit manufacturers and available products; and much more. Pointing out the pitfalls of modeling and how to avoid them, Julier's latest guide will be of particular interest to beginning and intermediate modelers, but more experienced hands will also find much of value.

[Workflow Management Systems and Interoperability](#) Nov 27 2020 Workflow management systems (WFMS) are enjoying increasing popularity due to their ability to coordinate and streamline complex organizational processes within organizations of all sizes. Organizational processes are descriptions of an organization's activities engineered to fulfill its mission such as completing a business contract or satisfying a specific customer request. Gaining control of these processes allows an organization to reengineer and improve each process or adapt them to changing requirements. The goal of WFMSs is to manage these organizational processes and coordinate their execution. The high degree of interest in WFMSs of the 1990s by a significant increase in the number of commercial products (once estimated to about 250) and the estimated market size (in combined \$2 billion in 1996. Ensuing maturity product sales and services) of about is demonstrated by consolidations during the last year. Ranging from mere e-mail based calendar tools and flow charting tools to very sophisticated integrated development environments for distributed enterprise-wide applications and systems to support programming in the large, these products are finding an eager market and opening up important research and development opportunities. In spite of their early success in the market place, however, the current generation of systems can benefit from further research and development, especially for increasingly complex and mission-critical applications.

[AIMMS 3.8 - User's Guide](#) Nov 08 2021 The AIMMS 3.8 User's Guide provides a global overview of how to use the AIMMS system. It is aimed at application builders, and explores AIMMS' capabilities in helping you create a model-based application in an easy and maintainable manner. The guide describes the various graphical tools that the AIMMS system offers for this task.

The NEC Engineering and Construction Contract Oct 19 2022 This book provides an essential guide for the successful operation of a contract let under the NEC Engineering and Construction Contract (ECC). It includes a brief history of the development of the NEC family of contracts, detailed advice on contract strategy and an outline of the main clauses and procedures of the ECC. It discusses the experience of users from all parts of the industry and, most importantly, takes readers through the changes necessary for the effective and efficient operation of the ECC. This book covers NEC2 only.

Oracle Essentials Nov 15 2019 Written by Oracle insiders, this indispensable guide distills an enormous amount of information about the Oracle Database into one compact volume. Ideal for novice and experienced DBAs, developers, managers, and users, Oracle Essentials walks you through technologies and features in Oracle's product line, including its architecture, data structures, networking, concurrency, and tuning. Complete with illustrations and helpful hints, this fifth edition provides a valuable one-stop overview of Oracle Database 12c, including an introduction to Oracle and cloud computing. Oracle Essentials provides the conceptual background you need to understand how Oracle truly works. Topics include: A complete overview of Oracle databases and data stores, and Fusion Middleware products and features Core concepts and structures in Oracle's architecture, including pluggable databases Oracle objects and the various datatypes Oracle supports System and database management, including Oracle Enterprise Manager 12c Security options, basic auditing capabilities, and options for meeting compliance needs Performance characteristics of disk, memory, and CPU tuning Basic principles of multiuser concurrency Oracle's online transaction processing (OLTP) Data warehouses, Big Data, and Oracle's business intelligence tools Backup and recovery, and high availability and failover solutions Bob the Builder Manual Jun 15 2022 Inspired by the world-famous Haynes Manuals,

this book explains how Bob the Builder's friends - machines such as Scoop, Muck, Roley and Lofty - work and how they help Bob to get the job done. Complete with fascinating cutaway drawings, this brightly designed book will delight children and parents alike. Aimed at the 2-6 age group, this innovative book applies the Haynes treatment to some of television's most popular children's characters.

The Builder's Guide Jan 22 2023 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

PowerBuilder Foundation Class Library Professional Reference Jan 18 2020 A class library is a collection of frequently used programs that software developers reuse when building applications. This book explains Powersoft's Foundation Class (PCF) Library for PowerBuilder. It covers application development, tuning and maintenance, and running PowerBuilder applications on the Internet. The CD-ROM contains templates and tools for building Internet applications.

Flex 3 Bible Oct 27 2020 Flex your development muscles with this hefty guide Write programs using familiar workflows, deliver rich applications for Web or desktop, and integrate with a variety of application servers using ColdFusion, PHP, and others-all with the new Flex Builder 3 toolkit and the comprehensive tutorials in this packed reference. You'll learn the basics of Flex 3, then quickly start using MXML, ActionScript, CSS, and other tools to create applications that can run on any browser or operating system. Install and learn how to use Flex Builder 3 Explore MXML, ActionScript 3, and the anatomy of a Flex application Lay out Flex controls and containers, and use Cascading Style Sheets (CSS) to create look and feel Incorporate Advanced List controls, Flex charting components, and data entry forms Integrate your Flex applications with a variety of application servers Create cross-operating system desktop applications with Adobe Integrated Runtime (AIR) Companion Web Site Visit www.wiley.com/go/flex3 to access code files for the projects in the book.

SAP ERP User Guide - Tips to Increase Productivity Sep 18 2022 This SAP user guide will help you to work with SAP ERP more efficiently and effectively. You will learn about the various options and shortcuts available for navigating in SAP ERP. Walk through how to configure and optimize your user interface. Dive into SAP ERP productivity accelerators such as screen layouts, keyboard shortcuts, menus, and transaction codes. Learn how to leverage variants to personalize a version of a report. Find out what your options are for downloading and exporting reports for offline analysis and distribution. Explore tips for SAP ERP integration and obtain expert advice for finding and navigating between related documents and master data. Get tips for setting default values for frequently used transactions. Obtain an introduction to how to view and process jobs, schedule and monitor background jobs, and access and view your print spools. By using practical examples and screen-shots, the author brings readers quickly up to speed to get the most out of their SAP system. - Navigate in SAP ERP efficiently and effectively - Configure your user interface - Streamline frequently used transactions - Quick reference guides to menu bars, commands, and shortcuts

User's Guide to Women's Health Supplements May 02 2021 Women have their own distinctive biological and health issues, which include menstruation, pregnancy, menopause, and breast cancer. This book explains how vitamins, minerals, and herbs can help women feel better and stay healthier.

Design, Specification and Verification of Interactive Systems '95 Feb 17 2020 This book is the final outcome of the Eurographics Workshop on Design, Specification and Verification of Interactive Systems, that was held in Bonas, from June 7 to 9, 1995. This workshop was the second of its kind, following the successful first edition in Italy in 1994. The goal of this ongoing series of meetings is to review the state of the art in the domain of tools, notations and methodologies supporting the design of Interactive Systems. This acknowledges the fact that making systems that are friendlier to the user makes the task ever harder to the designers of such systems, and that much research is still needed to provide the appropriate conceptual and practical tools. The workshop was located in the Chateau de Bonas, in the distant countryside of Toulouse, France. This location has been selected to preserve the quiet and studious atmosphere that was established in the monastery of Santa Croce at Bocca di Magra for the first edition, and that was much enjoyed by the participants. The conversations initiated during the sessions often lasted till late at night, in the peaceful atmosphere of the Gers landscape.

Advances in Smart Technologies in Structural Engineering Apr 20 2020 This book collects invited lectures presented and discussed on the AMAS & ECCOMAS Workshop/Thematic Conference SMART'03. The SMART'03 Conference on Smart Materials and Structures was held in a 19th century palace in Jadwisin near Warsaw, 2-5 September 2003, Poland. It was organized by the Advanced Materials and Structures (AMAS) Centre of Excellence at the Institute of Fundamental Technological Research (IFTR) in Warsaw, ECCOMAS - European Community on Computational Methods in Applied Sciences and SMART-TECH Centre at IFTR. The idea of the workshop was to bring together and consolidate the community of Smart Materials and Structures in Europe. The workshop was attended by 66 participants from 11 European countries (Austria, Belgium, Finland, France, Germany, Italy, Poland, Portugal, Spain, U.K., Ukraine), 1 participant from Israel and 1 participant from the USA. The workshop program was grouped into the following major topics: 4 sessions on Structural Control

(18 presentations), 3 sessions on Vibration Control and Dynamics (14 presentations), 2 sessions on Damage Identification (10 presentations), 2 sessions on Smart Materials (9 presentations). Each session was composed of an invited lecture and some contributed papers. Every paper scheduled in the program was presented, so altogether 51 presentations were given. No sessions were run in parallel. The workshop was attended not only by researchers but also by people closely related to the industry. There were interesting discussions on scientific merits of the presented papers as well as on future development of the field and its possible industrial applications.

User's Guide to Sports Nutrients Jun 03 2021 Bodybuilders and other serious athletes commonly take natural performance-enhancing nutrients. Used correctly, these nutrients help build muscle and strength. This guide describes the best of these nutritional supplements and tells you how to use them safely and effectively.

Sams Teach Yourself Xcode 4 in 24 Hours Dec 17 2019 A practical guide to using Xcode 4.3+ development environment for OS X and iOS devices, with step-by-step instructions for the most common development tasks, and end of chapter quizzes.

Best STEM Resources for NextGen Scientists: The Essential Selection and User's Guide Jul 04 2021 Intended to support the national initiative to strengthen learning in areas of science, technology, engineering, and mathematics, this book helps librarians who work with youth in school and public libraries to build better collections and more effectively use these collections through readers' advisory and programming. •

- Introduces more than 500 STEM resource suggestions for toddlers to young adults
- Highlights more than 25 detailed library program or activity suggestions to be paired with STEM book titles
- Provides resource suggestions for professional development
- Contains bonus sections on STEM-related graphic novels, apps, and other media

AIMMS 3.9 - User's Guide Jan 10 2022 The AIMMS 3.9 User's Guide provides a global overview of how to use the AIMMS system. It is aimed at application builders, and explores AIMMS' capabilities in helping you create a model-based application in an easy and maintainable manner. The guide describes the various graphical tools that the AIMMS system offers for this task.

IBM GDPS Active/Active Overview and Planning Jan 30 2021 IBM® Geographically Dispersed Parallel Sysplex™ (GDPS®) is a collection of several offerings, each addressing a different set of IT resiliency goals. It can be tailored to meet the recovery point objective (RPO), which is how much data can you are willing to lose or recreate, and the recovery time objective (RTO), which identifies how long can you afford to be without your systems for your business from the initial outage to having your critical business processes available to users. Each offering uses a combination of server and storage hardware or software-based replication, and automation and clustering software technologies. This IBM Redbooks® publication presents an overview of the IBM GDPS active/active (GDPS/AA) offering and the role it plays in delivering a business IT resilience solution.

FUNCTIONALITY for DS4 Vol-2, Ultimate Reference Guide to Functions and Commands Aug 17 2022 Did you know that there are over one thousand ways to access the functions and commands available in DAZ Studio 4.7 by users? When you are working in DAZ Studio or trying to follow a training tutorial, do you ever get lost and confused because you do not know where to find the function that was just demonstrated? This set of guides was created for those who are serious about using DAZ Studio! It is

designed for both novice and professional DS users. This package consists of two documents with a total of over 5,000 entries detailing how to locate almost every function or command available to users of DAZ Studio 4. If you know what function you are looking for and are just tired from desparately searching for it, then you may find this set of guides an invaluable addition to your toolbox. * Volume-2 is 310-pages and includes: - Screen Layout Overview - Function Lister with over 3,600 entries Searching Data - Alpha-numeric Listing of Functions/Commands - Extensive Listing Contains Function Names and Descriptions YOUR PURCHASE SUPPORTS FINE PRODUCTS LIKE THIS, THANK YOU!

Strategy Builder Sep 25 2020 A visual and interactive guide to building and communicating strategies that actually work YOUR STRATEGY HAS SEVEN SECONDS TO CAPTIVATE ITS AUDIENCE... So how are you going to present it? A big wordy document? A lengthy address? Slides full of bullet points? The best way to engage and involve people is through pictures. Strategy Builder shows you how to creatively combine the best strategy frameworks to orient and animate strategy discussion and development in your team. This visual, interactive guide, with illustrations by Visory, uses real world examples and practical tips to help you: Discover the five key foundations that every strategy should be built upon Draw compelling and unique pictures that capture your organization's distinct strategies Develop your skills as a leader of strategy discussions Understand how to use interactive drawing to engage others and achieve 'buy in' Additional online resources available including Strategy Drawing Templates, plus Builder Slides and case studies materials for instructors. Locate the 'Companion Website' link towards the bottom of this page to access these materials. Test your strategic vision or develop a new strategic plan based on the best elements of key strategic frameworks by trying the FREE interactive Strategy Builder app, developed in association with StrategyBlocks, at www.strategicplan.com Praise for Strategy Builder: Cummings & Angwin are pioneers in introducing novel approaches in teaching and applying the principles of strategy --Robert M. Grant, Bocconi University, author of Contemporary Strategy Analysis In a complex, fast changing world, where we are bombarded by words, numbers and reports, the visual-first approach to strategy provided by Strategy Builder is immensely helpful for inspiring and communicating a clearer vision of how to move forward. -- Rachna Bhasin, VP Strategy, SiriusXM At last someone has grasped this idea and come up with a way to help us demonstrate strategic plans and ambitions in a creative new way. --Vikki Heywood CBE, Chair of The Royal Society for the Arts This wonderful book is the first to solve a near-universal problem: communicating strategic ideas is just as hard and just as important as coming up with them in the first place, and both are visual activities. The question is not "Do you understand?" but "Do you see?" --William Duggan, Professor, Columbia University, author Strategic Intuition This book shows how to draw an organization's strategy so you see what's been considered, what's not been considered, and how things are related,. Strategy building is presented as a fun and involving learning process.The approach is revolutionary in that it enables not only the development but also the easy sharing of strategic understanding. --Roger L.M. Dunbar, Emeritus Professor, Stern School of Business, New York University What a great idea! They layout is also really thoughtful; it makes you immediately want to get out a pencil and start doodling. --Adam Martin, Customer Solutions Director, The Brakes Group As a time pressed

executive it was a delight to find a book that I can dip into to find the best strategic frameworks - those that have proved the test of time and academic scrutiny as being truly useful in the workplace. Even better for an inveterate scribbler: endorsement that a picture and 'permission to play' with ideas visually really does say a thousand words and more! --Sarah Mitson, Global Business Director, TNSGlobal This is an invaluable resource for any executive wanting to improve engagement in strategy development and communication. The accessible layout means that the book itself can play an active and inspiring role in strategy discussions. --Matt Thomas, Director, Braxton Associates, Strategy Consultants At last a book that grasps the implications of recent psychology: people think visually as well as verbally. The authors provide powerful visual devices that will both help managers conceive better strategies and enable their people to execute them more effectively. --Richard Whittington, Professor at Saïd Business School, Oxford University A powerful approach to make strategy more engaging again! Strategy Builder is landmark book is destined to make an important impact to the field of strategy, strategizing and strategic management. Executives across the board (and students of strategy) will find the core message of this book counterintuitive and compelling. The idea of "drawing" strategy may seem like child's play, yet all great strategists and philosophers know that it is through such "serious play" that allows us to see things differently so that we can see different things. --Robert Wright, Professor of Strategy, Hong Kong Polytechnic University

Read Me First! Jul 16 2022 bull; The must-have reference for every technical writer, editor, and documentation manager bull; Provides all the information you need to document hardware, software, or other computer products bull; Written by award-winning documentation experts at Sun Technical Publications, Read Me First! is the most comprehensive guide to creating documentation that is clear, consistent, and easy to understand
