Carlo Mollino (1905-1973) was one of the most inspired mid-20th-century architects and designers. In a career that spanned more than four decades, Mollino designed buildings, homes, cars, aircraft, womens fashion, and theater sets. He was a renaissance man who sought to articulate movement and sensuality in his designs. Even more compelling are the magically surreal Polaroid images Mollino made in his Turin studio during the last 14 years of his life, seen here in the first-ever collection of Mollinos carefully honed erotic photographs of women. From 1,500 works, the Ferraris have culled over 250 representative images in which Molino posed his models in evocative clothing, staged the backdrops, and finally, altered the photos with a microscopic paintbrush to attain his ideal view of the female form. Only a few of Mollinos Polaroids have ever been viewed by the public. Jack Stanton, an American businessman, makes a pilgrimage to war-torn Israel in hopes of rekindling his Christian faith. While traveling with his friend Punjeeh, an ER doctor from Jerusalem, Jack acquires an ancient scroll written by the Gnostics, a mystical group of early Christian, and his spiritual quest takes an unexpected turn. With the help of the brilliant Chloe Eisenberg, a professor of philosophy and religion, Jack and Punjeeh navigate the dangerous terrain of the Palestinian-Israeli conflict in an attempt to decipher the puzzle of the scroll and bring the Gnostics' revelations about

Jesus to light. David Gandelman has helped thousands of students look within to find their own answers to life's big questions: Who am I? What am I here to do? How can I find happiness? Over the course of this journey, he began to notice that the overwhelming number of powerful life questions and conundrums his students encountered fell into seven categories, which he eventually realized were actually seven potent energies that existed within each individual soul. When any one or more of these energies is out of balance, our lives can become chaotic and unfulfilled. Now, in *The Seven Energies of the Soul*, Gandelman offers a detailed guide to each of these critical energies, as well as exercises and meditation practices that can help you evaluate your energetic strengths and weaknesses, and work toward spiritual and energetic balance. Spiritual masters throughout millennia have always taught that the answers to life's most tangled questions lie within. In the pages of *The Seven Energies of the Soul*, that ancient path lies clearly before you. Read this book, and take your first step toward authentic, transformative awareness.

"Rooted in Gloria Anzaldúa's experience as a Chicana, a lesbian, an activist, and a writer, the essays and poems in this volume profoundly challenged, and continue to challenge, how we think about identity. *Borderlands / La Frontera* remaps our understanding of what a "border" is, presenting it not as a simple divide between here and there, us and them, but as a psychic, social, and cultural terrain that we inhabit, and that inhabits all of us. This twenty-fifth anniversary edition features a new introduction by scholars Norma Cantu (University of Texas at San Antonio) and Aida Hurtado (University of California at Santa Cruz) as well as a revised critical bibliography."--Back cover.

2018 LOCUS AWARD WINNER OF BEST SCIENCE FICTION NOVEL *2018 HUGO AWARD FINALIST FOR BEST NOVEL* "John Scalzi is the most entertaining, accessible writer working in SF today." —Joe Hill, author of *The Fireman* The first novel of a new space-opera sequence set in an all-new universe by the Hugo Award-winning, New York Times-bestselling author of *Redshirts* and *Old Man's War* Our universe is ruled by physics. Faster than light travel is impossible—until the discovery of *The Flow*, an extradimensional field available at certain points in space-time, which can take us to other planets around other stars. Riding *The Flow*, humanity spreads to innumerable other worlds. Earth is forgotten. A new empire arises, the Interdependency, based on

the doctrine that no one human outpost can survive without the others. It's a hedge against interstellar war—and, for the empire's rulers, a system of control. The Flow is eternal—but it's not static. Just as a river changes course, The Flow changes as well. In rare cases, entire worlds have been cut off from the rest of humanity. When it's discovered that the entire Flow is moving, possibly separating all human worlds from one another forever, three individuals—a scientist, a starship captain, and the emperox of the Interdependency—must race against time to discover what, if anything, can be salvaged from an interstellar empire on the brink of collapse. "Fans of Game of Thrones and Dune will enjoy this bawdy, brutal, and brilliant political adventure" —Booklist on *The Collapsing Empire* "Political plotting, plenty of snark, puzzle-solving, and a healthy dose of action...Scalzi continues to be almost insufferably good at his brand of fun but think-y sci-fi adventure." —Kirkus Reviews on *The Collapsing Empire* "Scalzi is one of the slickest writers that SF has ever produced." —The Wall Street Journal on *The Human Division*

Category Five is a new supernatural YA thriller from Ann Dávila Cardinal, set against the backdrop of a post-hurricane Puerto Rico. After the hurricane, some see destruction and some smell blood. The tiny island of Vieques, located just off the northeastern coast of the main island of Puerto Rico, is trying to recover after hurricane Maria, but the already battered island is now half empty. To make matters worse, as on the main island, developers have come in to buy up the land at a fraction of its worth, taking advantage of the island when it is down. Lupe, Javier, and Marisol are back to investigate a series of murders that follow in the wake of a hurricane and in the shadow of a new supernatural threat. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. The Five Levels of Attachment picks up from where Don Miguel Ruiz, Jr's father's book, The Four Agreements, left off. Building on the principles found in his father's international bestseller (2.5 million copies sold in the US), Don Miguel explores the ways in which we attach ourselves inappropriately to beliefs and the world. This is ancient wisdom for finding your true self. Ruiz explores the five levels of attachment that cause suffering in our lives. The five levels are: • Authentic Self • Preference • Identification • Internalization • Fanaticism Accessible and practical, The Five Levels of Attachment invites us to look at our own lives and see how an unhealthy level of attachment can keep us trapped in a psychological and spiritual fog. He then teaches us to reclaim our true freedom by cultivating awareness, detaching, and discover our true selves. For generation after generation, Toltec shamans have passed down their wisdom through teaching stories. The purpose of these stories is to implant a seed of knowledge in the mind of the listener, where it can ultimately sprout and blossom into a new and better way of life. In The Wisdom of the Shamans: What the Ancient Masters Can Teach Us About Love and Life, Toltec shaman and master storyteller don Jose Ruiz shares some of the most popular stories from his family's oral tradition and offers corresponding lessons that

illustrate the larger ideas within each story. Ruiz begins by explaining that contrary to the stereotypical image of "witch doctor," the ancient shamans were men and women who fulfilled several roles within their communities: philosopher, spiritual guide, medical doctor, psychologist, and friend. According to Ruiz, their teachings are not primitive or reserved for a chosen few initiates but are instead a powerful series of lessons on love and life that are available to us all. To that aim, he has included exercises, meditations, and shamanic rituals to help you experience the personal transformation these stories offer. The shamans taught that the truth you seek is inside of you. Let these stories, lessons, and tools be your guide to finding the innate wisdom that lives within. An ancient mystery in today's Middle East . . . Jack Stanton, an American businessman, makes a pilgrimage to war-torn Israel in hopes of rekindling his Christian faith. While traveling with his friend Punjeeh, an ER doctor from Jerusalem, Jack acquires an ancient scroll written by the Gnostics, a mystical group of early Christians--and his spiritual quest takes an unexpected turn. The scroll makes the startling claims that the Gnostics were the original followers of Jesus, and that they retained secret knowledge of Jesus that was not included in the Bible. With the help of the brilliant Chloe Eisenberg, a professor of philosophy and religion, Jack and Punjeeh navigate the dangerous terrain of the Palestinian-Israeli conflict in an attempt to decipher the puzzle of the scroll and bring the Gnostics' revelations about Jesus to light. Threaded with the searing realities of today's Middle East, *The Gnostic Mystery* is packed with historical facts about the Christian religion. The thrilling mystery makes a compelling case that the origins of Christianity are far different than we believed . . . until now. Andre Roussimoff is known as both the lovable giant in *The Princess Bride* and a heroic pro-wrestling figure. He was a normal guy who'd been dealt an extraordinary hand in life. At his peak, he weighed 500 pounds and stood nearly seven and a half feet tall. But the huge stature that made his fame also signed his death warrant. Box Brown brings his great talents as a cartoonist and biographer to this phenomenal new graphic novel. Drawing from historical records about Andre's life as well as a wealth of anecdotes from his colleagues in the wrestling world, including Hulk Hogan, and his film co-stars (Billy Crystal, Robin Wright, Mandy Patinkin, etc), Brown has created in *Andre the Giant*, the first

substantive biography of one of the twentieth century's most recognizable figures. A Daily Dose of Warrior Goddess Power

In this book Philippe Petit re-creates a six-year quest to realise his dream, in adventure as thrilling as the walk itself. Forgotten California Murders 1915 to 1968 chronicles homicides that happened so long ago they have been forgotten even by the families of the killers and the victims. Their crimes are no less shocking than the murders that have had books and films made about them. Not everything that emerges in springtime is meant to come to life. The proverbial expression "Hope springs eternal" was coined by English poet and satirist Alexander Pope, meaning people will keep on hoping, no matter the odds. But what if the odds aren't in your favor? We decided to change the phrase into something a little more unsettling: Hope Screams Eternal. Spring hearkens thoughts of rebirth, rejuvenation, renewal, resurrection, and regrowth. What happens when creative minds nurture a more sinister mindset, awakening twisted and nefarious interpretations of the season of eternal hope? Authors, poets, and artists from around the globe accepted our challenge to answer that question. Within these pages, they do their best to unsettle you as they explore the dark side of spring. The seeds of doubt they sow will burrow into your subconscious, lying in wait to hatch when you least expect it. So get cozy, settle into your comfiest seat, and relax (but don't let down your guard!) as we bring your hopes and fears to life.
