This instruction book contains the complete operation and service instruction for the Flight Progress Strip Loader, Type II. The Flight Progress Strip Loader is, part of a Data Processing and Display System, which will provide for partial automation of the Air Traffic Control function. The specific requirement of this machine is to individually load printed Flight Progress Strips, Type FAA-561-X1, into nylon Strip Holders, Type FAA-B-4497-E and deliver the loaded holder to a delivery rack. The strips are manually carried from the printer and inserted into the machine strip feed opening. After the machine had performed the loading operation, the loaded holders are manually distributed for use on Flight Progress Boards in the Air Route Traffic Control Center for control of air traffic. The Maker's Manual is a practical and comprehensive guide to becoming a hero of the new industrial revolution. It features dozens of color images, techniques to transform your ideas into physical projects, and must-have skills like electronics prototyping, 3d printing, and programming. This book's clear, precise explanations will help you unleash your creativity, make successful projects, and work toward a sustainable maker business. Written by the founders of Frankenstein Garage, which has organized courses since 2011 to help makers to realize their creations, The Maker's Manual answers your questions about the Maker Movement that is revolutionizing the way we design and produce things. It has already been stated, "the thing that has been, it is that which shall be; and that which is done is that which shall be done; and there's no new thing under the sun". The great secret behind every human outstanding achievement is the capacity for extraction -- (the unconditional out from the already existing conventionals, turning the orthodox into unorthodox). As unity of purpose remains an indispensable tool that constitutes virtually every imaginable accomplishment. Then, the strategic weaponry of unity has been detailed in this work in a tripartite unconventional form. Most believers know that the Bible says ..". for we wrestle not against flesh and blood..." But, if we say that "we know this," then why are there so many believers, made of flesh and blood, blaming, resenting and fighting one another? Maybe it's because we are not realizing enough that those negative " thoughts and feelings" do not come "just from us.."but from living beings that are unseen. We are not realizing enough that unholy thoughts, feelings, desires and reasons did not originate

"from us" or from what is said to be "our sinful nature.." just as holiness does not originate "from us." If our holi-ness comes from the HolySpirit, would our un-holiness not also come from un-holyspirits? I submit that we do not understand enough " the sin that dwells in the flesh." It is alive, and does what we do not want to do... unless we recognize the real, spiritualenemies behind "the flesh." Miguel Demelli is a Spirit-filled believer who also embraces the Hebraic roots of the Messiah and the Whole House of Israel (Ezekie 37:15-28). He's been searching for the "keys to victory" for 15 years. And just when he thought he was defeated forever, these simple truths were clarified to him and transformed his walk...forever. His desire is to see true unity and victory in the Body. But, as he found out for himself, this cannot happen as long as there is so much hidden, unrecognized enemy activity in and through us operating against ourselves and then against one another, resulting in much strife and even diseases. He presently splits his time as a translator in his local congregation, as Spanish Outreach Coordinator/Translator for the Messianic Israel Alliance in the US and Mexico, as an associate with wholeness ministries and with other personal ministry and translation opportunities. He currently resides in Orlando, Florida. Cover Illustration by Rosemary Burke (c) 2009
