Informing Instruction with Vignette Analysis Apr 18 2022

Discover how to improve classroom instruction with

vignette analysis, an engaging and relevant form of professional development. The book features a wide variety of vignettes—from across 6-12 content areas such as English language arts, math, science, and social studies—designed to help teachers spot practices they like (or don't like) and help them to connect the teaching practices described to well-established and research-supported frameworks. Each vignette is followed by an analysis of the lesson, which includes questions, prompts, and ideas of how to continue the conversation for pre- and in-service teachers as well as teacher educators on an individual basis, small groups,

or as a class.

Analyzing Social Media Networks with NodeXL Jun 08 2021 Analyzing Social Media Networks with NodeXL offers backgrounds in information studies, computer science, and sociology. This book is divided into three parts: analyzing social media, NodeXL tutorial, and social-media network analysis case studies. Part I provides background in the history and concepts of social media and social networks. Also included here is social network analysis, which flows from measuring, to mapping, and modeling collections of connections. The next part focuses on the detailed operation of the free and open-

source NodeXL extension of Microsoft Excel, which is used in all exercises throughout this book. In the final part, each chapter presents one form of social media, such as e-mail, Twitter, Facebook, Flickr, and Youtube. In addition, there are descriptions of each system, the nature of networks when people interact, and types of analysis for identifying people, documents, groups, and events. Walks you through NodeXL, while explaining the theory and development behind each step, providing takeaways that can apply to any SNA Demonstrates how visual analytics research can be applied to SNA tools for the mass market Includes case studies from researchers who

use NodeXL on popular networks like email, Facebook, Twitter, and wikis Download companion materials and resources at <https://nodexl.codeplex.com/documentation>
