This handbook details the nursing care of patients undergoing oral and maxillofacial surgery. It deals with diseases, disorders and injuries of the mouth, jaw and face and provides information on the full spectrum of patient care from pre-admission to discharge planning. It is jointly written by nurses and consultants in the area of maxillofacial surgery, and combines elements of nursing care with medical and surgical information. It provides an attractive alternative to the heavier medical tomes that nurses have come to rely upon. Includes Part 1, Number 1: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - June) For use in obtaining a passport, for job applications, and to attach to court pleadings in which you are declaring yourself to be a "non-resident non-person" and Constitutional but not Statutory citizen. A device called the alpha angle adjuster has been developed by the Rocky Flats Plant, Division of the Dow Chemical Company, that enables linear measurements to be made perpendicular to almost any curved surface.
