Evidence for Christianity answers questions about the Christian faith and provides evidence. The first work to combine literary criticism with other forms of death penalty-abolitionist writing, *Demands of the Dead* demonstrates the importance of literature and literary criticism to the struggle for greater justice in the United States. Gathering essays, scholarly articles, and creative writings on the death penalty in American culture, this striking collection brings human voices and literary perspectives to a subject that is often overburdened by statistics and angry polemics. Contributors include death-row prisoners, playwrights, poets, activists, and literary scholars. Highlighting collaborations between writers inside and outside prison, all within the context of the history of state killing laws and foundational concepts that perpetuate a culture of violent death, *Demands of the Dead* opens with a pamphlet dictated by Willie Francis, a teenager who survived a first execution attempt in Louisiana's electric chair before he was subsequently executed by the state in 1947. Writers are a conspicuous part of U.S. death-penalty history, composing a vibrant literary resistance to state killing. This multigenre collection both recalls and contributes to this tradition through discussions with such writers as Walt Whitman, Herman Melville, Gertrude Atherton, Ernest Gaines, Sonia Sanchez, Kia Corthron, and Sherman Alexie. A major contribution to literary studies and American prison studies, *Demands of the Dead* asserts the relevance of storytelling to ethical questions and matters of public policy. Contributors Sherman Alexie John Cyr Steve Champion Kia Corthron Thomas Dutoit Willie Francis H. Bruce Franklin Tom Kerr David Kieran Jennifer Leigh Lieberman Jill McDonough Anthony Ross Katy Ryan Elizabeth Ann Stein Rick Stetter Matthew Stratton Jason Stuber Delbert Tibbs This book is the first to consider the presence of history and the question of historical practice in Benjamin's work. Benjamin, the critic and philosopher of history, was also the practitioner, the authors contend, and in the practice of historical writing that the materialist aspect of his thought is most evident. Some of the essays explore Benjamin's writings in cultural history and the philosophy of history. Others connect his historical and theoretical practices to issues in contemporary feminism and post-colonial studies, and to cultural contexts including the United States, Japan, and Hong Kong. In different ways, the authors all find in Benjamin's specific notion of historical materialism a dialectic between textual and cultural analysis which can reinvigorate the relation between literary studies and historical studies. God's Word tells us we must "always be prepared to give an answer to everyone who asks you the reason for the hope that you have" (1 Peter 3:15). This updated classic from Josh McDowell and Sean McDowell gives you the tools you need to do just that. The modern apologetics classic that started it all is now completely revised and updated-because the truth of the Bible doesn't change, but its critics do. With the original *Evidence That Demands a Verdict*, bestselling author Josh McDowell gave Christian readers the answers they needed to defend their faith against the harshest critics and sceptics. Since that time, *Evidence* has remained a trusted resource for believers young and old. Bringing historical documentation and the best modern scholarship to bear on the trustworthiness of the Bible and its teachings, this extensive volume has encouraged and strengthened millions. Now, with his son Sean McDowell, Josh McDowell has updated and expanded this classic resource for a new generation. This is a book that invites readers to bring their doubts and doesn't shy away from the tough questions. Told through the powerful stories of Black lives that were ravaged by racism, this manifesto holds 10 demands to rectify racial injustice Told through his perspective as an activist, acclaimed commentator Solomon Jones tells the stories of real people whose lives and deaths pushed the Black Lives Matter movement forward. He explains how each act of violence was incited by specific instances of structural racism, and details concrete and actionable strategies to address crimes committed by our "justice" system. The demands and strategies are a critical resource for social justice activists looking to further their anti-racist education. The 10 demands form an actionable plan that is necessary to repair our racist past, change the racist present, and bring a just future: 1. George Floyd: Pay financial reparations to Black communities that have been damaged by legalized racism. 2. Michael Brown: Use consent decrees to reform police departments that demonstrate a "pattern or practice" of racism and police brutality. 3. Hassan Bennett: Offer compensation for all those who are wrongfully imprisoned. 4. Breonna Taylor: Require functioning body cameras and ban no-knock warrants. 5. Eric Garner: All police disciplinary and dismissal records must be made public. 6. Alton Sterling: Change federal law to allow prosecution of flagrant lawlessness within police departments. 7. Tamir Rice: Use independent prosecutors to eliminate prosecutorial conflicts of interest. 8. Trayvon Martin: Eliminate stand-your-ground laws. 9. Deborah Danner: Defund the police and move funds to train social workers, mental health professionals, and conflict resolution specialists. 10. Sandra Bland: End racial profiling. Among important books in the defense of Christianity, this one has few equals. *Evidence That Demands a Verdict* is an easy-to-read, front-line defense for Christians facing the tough questions of critics and skeptics. Using secular evidence and other historical sources, Josh McDowell's faith-building book is a "must read" for every Christian. Quick answers to tough questions about Jesus' life, ministry, and divinity. Is there archeological proof that Jesus existed? Did Jesus

actually claim to be God? Is Jesus really the only way? There's a good chance that every Christian will be asked questions like these at some point in their lives, whether from combative skeptics, curious seekers, or even doubt on their own minds. To help followers of Christ answer questions quickly and confidently, Josh and Sean McDowell adapt wisdom from their apologetics classic *Evidence That Demands a Verdict* into an accessible resource that provides answers to common questions about Jesus. *Evidence for Jesus* answers these questions and more: Is there evidence that Jesus is real? Did Jesus ever actually claim to be God? What makes Jesus unique from other religious figures? Is Christianity a copycat religion? What does the Old Testament teach about the coming Messiah? Did Jesus really rise from the dead? Why does the resurrection of Jesus matter? *Evidence for Jesus* will equip brand new believers and lifelong Christians alike with time-tested rebuttals to defend their faith in Jesus against even the harshest critics.

Taking place over the summer at an abandoned Massachusetts summer camp, this "sun-saturated tale of love and longing" explores the seduction and how desire and ambition can shift through time and experience (Chicago Tribune). After Emily inherits an abandoned summer camp in Massachusetts just before her fortieth birthday, she and her husband David move onto the property with grand plans to fix it up. Instead, Emily finds herself drifting, grieving her recent miscarriage and her perceived lack of ambition, while David works in the city. Until the day Emily discovers that their new property is home to an unexpected guest. Living undetected in one of the cabins is a magnetic twenty-two-year-old named Stella. The immediate and intense connection expands and contracts over the course of a single summer, calling all of Emily's relationships, including her marriage, into closer scrutiny. As the two women begin spending time together—talking, drinking, swimming in the lake, watching seductive French films through long afternoons—Emily finds herself playing various roles relative to Stella: friend, mother, lover. Each encounter they share promises to bring Emily a little closer to an understanding of her own identity, but it also puts her marriage and future at risk. How much do you really know about Stella? Why is Stella here, and what does she want, and what might she take with her, if and when she leaves? Named one of the best books of the summer by *O, The Oprah Magazine*, this "sun-saturated tale of love and longing" is a "smart, funny, nuanced and seductive" read (Chicago Tribune). Startling yet dreamlike, *The Summer That Demands* marks Deborah Shapiro as a master at capturing complex relationships and the electricity of what passes between people. This book is for anyone who has ever felt weak. When I am weak, Christ is strong. Weakness is God's primary strategy to get us to rely on His strength because only vulnerable people change. Pain demands a response. God's response to the problem of pain is Jesus Christ. Are you ready to get to the other side of your pain? Can you become Christ Strong? This book is a journey through the letter to the Colossians and Paul's discovery of strength when he was in chains. It is also a journey through Mark's life and his unearthing of why people experience pain. Let your roots grow down into him, and let your lives be built on him. Then your faith will grow strong in the truth you are taught, and you will overflow with thankfulness." Colossians 2:7 Today's message of cultural acceptance is dangerously distorted and deceptive. In a world that shouts: 'If you truly care about other people, you must agree that their values, lifestyle, and truth claims are equal and as valid as yours!' it's no wonder our youth are confused. The *Be Intolerant*—brand new from Josh McDowell with son Sean McDowell—cuts through the confusion and points readers back to the place where the only truth resides...Jesus Christ. Tied directly to the Heroic Truth initiative launched by Josh McDowell Ministry, the McDowells will share how a biblical view of truth can counter cultural tolerance and encourage a love and acceptance of others apart from their actions with a heart of Christlike compassion. Integrity is more than simple honesty, it's the key to success. A person with integrity has the ability to pull everything together, and things will happen no matter how challenging the circumstances. Drawing on experiences from his work, Dr. Henry Cloud, a psychologist, leadership coach, corporate consultant and nationally syndicated radio host, shows how our character can keep us from achieving all we want to (or could) be. In *Integrity*, Dr. Cloud explores the six qualities of character that define integrity, and how people with integrity: Are able to connect with others and build trust Are oriented toward the future Finish well Embrace the negative Are oriented toward increase Have an understanding of the transcendent Integrity is not something that you either have or don't, but instead is an exciting growth path that all of us can engage in. Given that there is a forceful case for thinking that the affluent are morally required to devote a substantial portion of their wealth to what they have to helping the poor, Garrett Cullity examines, refines and defends an argument of this form. He identifies its limits. Everything you need to effectively defend the truths of the Bible and the beliefs of the Christian faith. Winner of the 2018 ECPA Christian Book award for Bible Reference Works. The truth of the Bible doesn't change, but critics do. Now with his son, Sean McDowell, speaker and author Josh McDowell has updated and expanded the apologetics classic for a new generation. *Evidence That Demands a Verdict* provides an expansive defense of Christianity's core truths, rebuttals to some recent and popular forms of skepticism, and insightful responses to the most difficult and misused passages. It invites readers to bring their doubts and doesn't shy away from the toughest questions. Topics and questions are covered in four main parts: Evidence for the Bible Evidence for Jesus Evidence for the Old Testament Evidence for Truth Also included, you'll find: An introduction about the biblical mandate to defend one's faith and why our faith is built on facts. A prologue describing why we live in a theistic universe. A closing

to the specific challenges of atheist New Testament scholar Bart Ehrman. Two reflections: "How to Know God Personally" and "He Changed My Life." Serving as a go-to reference for even the toughest questions, Evidence That Demands a Verdict continues to encourage and strengthen millions by providing Christians the answers they need to defend their faith against the harshest critics and skeptics. "Here's a treasure trove of apologetic gems! This is an indispensable book that all Christians should keep within reach." —Lee Strobel, bestselling author of The Case for Christ Philip Pettit offers a new insight into moral psychology. He shows that attachments such as love, and certain virtues such as honesty, require their characteristic behaviours not only as things actually are, but also in cases where things are different from how they actually are. He explores the implications of this idea for key moral issues. SPANISH EDITION: This compilation of historical evidence shows the credibility of the Bible and Jesus Christ as the Messiah and the Son of God. Looks at the Gospels and examines what Christ requires of his followers in a redemptive-historical context. Seasoned believers will see God's loving plan for their ultimate satisfaction. One hundred years before Rosa Parks took her stand, Elizabeth "Lizzie" Jennings tried to board a streetcar in New York City on her way to church. Though there were plenty of empty seats, she was denied entry, assaulted, and threatened all because of her race--even though New York was a free state at that time. Lizzie decided to fight back. She told her story, took her case to court--where future president Chester Arthur represented her--and won. Her victory was the first recorded in the fight for equal rights on public transportation, and Lizzie's case set a precedent. Author Beth Anderson and acclaimed illustrator E. B. Lewis bring this inspiring, little-known story to life in this beautiful, captivating book. Among important books in the defense of Christianity, this one has few equals. Evidence That Demands a Verdict is an easy-to-read, front-line defense for Christians facing the tough questions of critics and skeptics. Drawing on secular evidences and other historical sources, Josh McDowell's faith-building book is a must read for every Christian. INSPIRATIONAL Provides a path to freedom for those weighed down by shame, showing the way to acceptance and healing based on the gospel of grace. Demands of the Day asks about the logical standards and forms that should guide research and experimental anthropology in the twenty-first century. Anthropologists Paul Rabinow and Anthony Stavrianakis explore this by taking up Max Weber's notion of the "demands of the day." Just as the demand of the day for anthropology a century ago consisted of thinking about fieldwork, today, they argue, the demand is to examine what happens after, how the experiences of fieldwork are gathered, curated, narrated, and ultimately made available for an anthropological practice that moves beyond mere ethnographic description. Rabinow and Stavrianakis draw on experiences from an innovative series of anthropological experiments that investigated how and whether the human and biological sciences could be brought into a mutually enriching relationship. Conceptualizing the anthropological and philosophic ramifications of these experiments, they offer a bold challenge to contemporary anthropology to undertake a more rigorous examination of its practices, blind spots, and capacities, in order to meet the demands of our day. Historical evidences for the Christ: The Demands of Liberal Education analyses and applies contemporary liberal political theory to certain key problems within the field of educational theory. Levinson examines problems centred around determining appropriate educational aims, content and institutional structure and argues that liberal governments should exercise a much greater control over education than they now do. Combining theoretical with empirical research, this book will interest and provoke philosophers, scholars, policy makers, educators, parents, and all citizens interested in education politics. Margaret Gilbert presents the first full-length treatment of a central class of rights: demand-rights. To have such a right is to have the standing or authority to demand a particular action of another person. Gilbert argues that joint commitment is a ground of demand-rights, and gives joint commitment accounts of both agreements and promises. [Source : éditeur]. A fascinating exploration of the claims of the Gospel writers and 2,000 years of believing Christians. Bestselling author Josh McDowell and his wife Sean examine the compelling evidence and conclude that Jesus Christ conquered death and the grave! In clear, concise, and accessible chapters, Josh and Sean present the facts about the resurrection and what it means for readers today. As globalization has deepened worldwide economic integration, moral and political philosophers have become increasingly concerned to assess duties to help needy people in foreign countries. The essays in this volume present ideas on this important topic by authors who are leading figures in these debates. At issue are both the political responsibility

governments of affluent countries to relieve poverty abroad and the personal responsibility of individuals to assist distant needy. The wide-ranging arguments shed light on global distributive justice, human rights and their implementation, the varieties of community and the obligations they generate, and the moral relevance of distant provocation. This provocative volume will interest scholars in ethics, political philosophy, political theory, international law and development economics, as well as policy makers, aid agencies, and general readers interested in the moral dimensions of poverty and affluence. Articulate your faith to a skeptical world. For more than forty years, *Evidence That Demands a Verdict* has convinced skeptics of the Bible's reliability, helped believers articulate their faith, and given them the facts they need to defend God's Word and lead others to faith in Jesus. In this video Bible study, based on the updated and expanded classic, Josh and his son, Sean, focus on Jesus and the Gospels. Learn how the books of the New Testament came into being and why you can be sure they are historically reliable. Examine why the claims Jesus made about himself are true, how he fulfilled Old Testament prophecies about himself, and how we can know the results of what took place. This study is for anyone who has ever been stumped by arguments against Christianity or the Bible—wondered for themselves if the Bible's depiction of Jesus is true and not just a made-up fairytale. Sessions include: Evidence Important for Faith? Is There Such a Thing as Truth? Is the New Testament Reliable? Did Jesus Actually Rise from the Dead? Did Jesus Claim to Be God? How Do We Know the Bible is Accurate? This pack contains one study guide and one DVD. *Pinocchio Runs for Office, The Peeved Piper, Not So Snow White* and so many more in this twisted collection of adult fairy tales! This hilarious collection of poems by Melissa Balmain puts a grown-up, contemporary spin on the stories and characters we all learned as children, from Little Red Riding Hood, to the Three Bears, the Pied Piper, and Cinderella; each delightfully depicted in full-color by Ron Barrett, (*Cloudy with a Chance of Meatballs*) one of the best and award winning illustrators in the business. *Early Praise for The Witch Demands a Retraction*: "If you're looking for the perfect bedtime poetry to send your little ones peacefully to dreamland, keep moving. In *The Witch Demands a Retraction*, Melissa Balmain's poetic retakes of classic fairytales, 'happy endings' means something else, and Marjorie finds a clue in her bed that Goldilocks was not after the porridge. Witty, cringey, and hilarious. For every parent who wants a break from sincerity, and for every bad aunt or uncle looking for the perfect gift - this is your book." - *Neil Gaiman*, author and NPR personality "This is an extremely irresponsible book - imprudent, unconscionable, certainly emotionally scar impressionable children for life. I highly recommend it." - *Gene Weingarten*, syndicated humor columnist, *The Washington Post* "Like Leopold and Loeb, Balmain and Barrett are a pair that will go down in history that I'm implying anything. It's just that when the right pair gets together at the right time, great things happen. Cousin or two had to die for this book? Totally worth it." - *Michael Gerber*, Publisher, *The American Bystander* "Do you ever say, 'OH NO SHE DI-INT!' anymore? Because that will be your response to basically every poem in this treacherous book. Balmain turns every fairy tale on its head and shows us its panties, none the worse for wear. Just don't be surprised by anything while you read, because these verses are a recipe for spit takes. Balmain has a warped mind and astonishes you, but she's matched thoroughly by her warm heart. Come for the fart joke, stay for the sly and bawdy feminism." - *Faith Salpento*, comedian, author, journalist, seen & heard on CBS, NPR & PBS A comprehensive, current review of the research approaches to advanced proficiency in second language acquisition *The Handbook of Advanced Proficiency in Second Language Acquisition* offers an overview of the most recent and scientific-based research concerning higher proficiency in second language acquisition (SLA). With contributions from an international team of experts in the field, the *Handbook* presents several theoretical approaches to SLA and offers an examination of advanced proficiency from the viewpoint of various contexts and dimensions of second language performance. The authors also review linguistic phenomena among advanced learners through the lens of phonology and grammar development. Comprehensive, this book provides an overview of advanced proficiency grounded in socially-relevant domains of second language acquisition including discourse, reading, genre-based writing, and pragmatic competence. The authoritative volume brings together the theoretical accounts of advanced language use combined with solid empirical research. Includes contributions from an international collection of noted scholars in the field of second language acquisition Offers a variety of theoretical approaches to SLA Contains information on the most recent empirical research that contributes to an understanding of SLA Describes performance phenomena according to multiple approaches to SLA Written for linguists, scholars, students and linguists, *The Handbook of Advanced Proficiency in Second Language Acquisition* is a comprehensive text that offers the most recent developments in the study of advanced proficiency in the acquisition of a second language. *Jesus Takes a Side* shows the apparent politics of following Jesus and offers strategies for how to engage politically and prophetically, even if it means appearing partisan. Clark demonstrates how human rights activists have developed unique tools to oppose human rights violations and seek justice in global politics. This entry in the *BEA Electronic Media Research Series*, born out of the April 2017 BEA Research Symposium, takes a look at video games, outlining the characteristics of them as cognitive, emotional, physical, and social demanding technologies, and introduces readers to current research on video games. The diverse array of contributors in this volume offer bleeding-edge perspectives on both current and emerging scholarship. The chapters here contain radical approaches that add to

literature on electronic media studies generally and video game studies specifically. By taking such a forward-looking approach, this volume aims to collect foundational writings for the future of gaming studies. The authors provide a Christian response to the teachings of Oprah and her friends, including current best-selling authors and influential spiritual teachers, through a fictional dialogue between two female graduate students. Among important books in defense of Christianity, this one has few equals. Evidence That Demands a Verdict is an easy-to-read, front-line resource for Christians facing the tough questions of critics and skeptics. Using secular evidences and other historical sources, Josh McDowell's faith-building book is a "must read" for every Christian. This book arose out of a paper that I wrote for the World Bank at the request of Ariel Dinar, the editor for the series in which this volume appears. I began that paper pointing to the growing importance of demand-side considerations in water resources: "The provision of potable water is one of government's oldest functions with evidence of this activity stretching back thousands of years. During most of that time, water demands were taken as exogenously given and the principle task of authorities was defined as an engineering one: how to supply a given quantity of water at least cost. In recent years, however, concerns have arisen from observations of excessive water use, degraded water quality and continued inadequate service for many, especially the very poor. As a result of these and other concerns, there is a growing effort to view water resource allocation from a perspective that incorporates consumers' preferences along with supply constraints into management plans." (Dinar, 2000, p. 123). The purpose of this volume is to examine, in greater detail than was possible in that article, what we know regarding the economic characteristics of the demand for water. Thus, this book is meant to be an extended critique of the state of the art. Historical evidences for the Christian faith. Initially banned in his home country The Kingdom of God Is Within You is Leo Tolstoy's great non-fictional work. The zenith of Tolstoy's thirty years of Christian thinking sets out a plan for a new society guided by a literal Christian interpretation. Christ conceived of a society based on compassion and tolerance, and Tolstoy believed this was incompatible with violence. Tolstoy's response is the principle of nonresistance in the face of violence ...
