"Investigative Journalism means the unveiling of matters that are concealed either deliberately by someone in a position of power, or accidentally, behind a chaotic mass of facts and circumstances - and the analysis and exposure of all relevant facts to the public. In this way investigative journalism crucially contributes to freedom of expression and freedom of information, which are at the heart of UNESCO's mandate. The role media can play as a watchdog is indispensable for democracy and it is for this reason that UNESCO fully supports initiatives to strengthen investigative journalism throughout the world. I believe this publication makes a significant contribution to promoting investigative journalism and I hope it will be a valuable resource for journalists and media professionals, as well as for journalism trainers and educators." -- J?nis K?rklinš, Assistant Director-General for Communication and Information, UNESCO, Preface, page 1. Dear and courageous reader, thank you for having acquired this book, thank you for taking a step to understand and understand more than you have seen, read and heard so far. I tell you brave because you have to have courage to want to open your eyes and start or follow your path of growth with this book. Thank you for your courage, because when we enlighten, we illuminate where we are going, and this book will help you to enlighten and enlighten you. How many times do we ask ourselves why things happen to us? How many times do we repeat and repeat the same events in our lives? How many times do we have the feeling that there is something more than what we see? We question ourselves and raise so many because... If you've asked yourself these questions, this book has the answers. The world is not all we see or perceive, there is more. And among all that more are the universal laws. When we think of laws our mind goes to the laws created by man, the civil, criminal, economic laws, etc. The laws that we know since we are born and with which we live and develop in society. But above these human laws are the universal laws that have always existed. It is time for universal laws to be known and learned. The sooner we learn these laws and how they work, the sooner we will understand the why of many things in our lives. Thank you Marco Antonio Navarro Tena (my beloved life partner) for listening to your call. Thank you for putting at the service of all, your extensive studies and knowledge about these laws in this very accessible manual. Thank you for lighting paths. Dear reader, I wish you that with the understanding of these laws your path will be easier and happier. With all my Love and Light.
