Zink Feb 19 2020 "Zink is about true courage in the face of unpredictable predators. In an age where too many are quick to confront fears and differences with senseless violence, Zink exemplifies the importance of tolerance and acceptance. Imaginative, funny, and heartbreaking, this allegory features a pre-teen girl with leukemia and a herd of talking African zebras whom she meets when she is diagnosed with her life-threatening illness. The zebras include street-smart Ice Z, grandfatherly Papa Zeke and pompous Zilch, along with Shlep, a furry green monkey who's certain he's also a zebra. The zebras recount to her their legend of Zink, a mythical polka-dotted zebra once an outcast but later a hero. As Becky's condition worsens and she is mistreated by some classmates, she zaps back and forth between real life and the zebra world, until the shattering, breathtaking, and uplifting climax."--Publisher's description."

The Book of What If...? Aug 07 2021 From the creators of the What If...? Conference comes a quirky book that encourages kids to explore and engage with the world around them by asking more than eighty wild, absurd, and thought provoking questions. What if a book didn't just tell you how to think or what to know, but rather encouraged you to think for yourself? What if there was a book that focused on asking questions instead of just answering them. The Book of What If...? does just that! What if you lived on a floating city? What if politicians were kids? What if broccoli tasted like chocolate? What if you could explore outer space? By asking these fun, open-ended questions, this book fosters greater critical thinking skills and gives kids a space to interact by breaking out a notebook to draw or write out their personal reactions, or engage in entertaining exercises with family and friends. Plus, sidebars deepen the investigation with peer-to-peer insights, historical and current profiles, real-life examples, and more, making for unlimited learning opportunities! Divided into sections—history, people, stuff, and nature—along with four introductory text to open up a dialogue about why it's important to be inquisitive and to always ask questions, *The Book of What If...?* is sure to be a hit with kids, teachers, and parents alike. So ask a question and let the answers lead you on an exciting journey filled with endless opportunities to learn!

Prophecy of the Sisters Oct 17 2019 YA. Fantasy fiction. Without the Keys, something terrible will happen. Something that cannot be undone. And with them, I might bring an end to the riddle of the Prophecy and my strange part in it. If Alice and I are on conflicting sides of the Prophecy, the Keys would be dangerous in her hands. Which means I have to find them. And I have to do it before my sister. This is the story of sixteen-year-old Lia Milthorpe's quest to discover her role and her twin sister's in a powerful prophecy that has affected twin sisters for generations. But nothing can prepare her for what she discovers - about herself, about her family, and about the danger that goes from haunting her dreams to becoming her reality.

The Japanese Experience--inevitable Mar 14 2022 At first sight, it appears brand new, pure Tokyo pop. But *The Japanese Experience: Inevitable* reveals far more than the successful cloning of morphed manga motifs onto stretched canvas and museum walls. It represents eight positions in contemporary Japanese art and scrutinizes their complex visual vocabulary, noting references to Japanese and Western art traditions as frequently as the borrowing of mass culture motifs from the realms of manga and anime. Takashi Murakami's MR. DOB questions the place of contemporary art in our global society; Aya Takano's glowing watercolors combine Japanese sensitivity, issues of female identity, and sci-fi; Masahiko Kuwahara's mutant animals provide shades of softness and mysterious openness, and Yoshitomo Nara's reworking of historical Japanese woodcuts disturbs the floating world. Not only are the artists' visual repertoires new and surprising, but their creative methods and strategies help conquer a public that is mostly untouched by contemporary art. Published in association with the Ursula Blicke Foundation.

Seasoned Aug 27 2020 Tom Zink was born in a blizzard in 1947, a child of winter. *Seasoned: A Memoir of Grief and Grace* is the story of Tom's unwitting grief journey of five decades that begins when his older brother Steve is hit by a car and killed while on the paper route the two boys shared. It's the story of a conservative German Lutheran family and the ways in which the parents and surviving children protect each other in loss with a silent acceptance that does not serve them in the long run. Tom buries his grief along with his brother so he can carry on with his life. His career after high school takes him around the world, across the country, and back again. It is only after Tom is married and a father of two teen-aged sons that, in a moment of profound grace, he realizes the depth and importance of his loss. His faith and new-found desire as an adult to process Steve's death take Tom full circle back to his brother's grave. But this is not merely a story of grief and recovery; it is also a tender and lighthearted look at humor and laughter, winning and losing, and doubt and faith.

Instant Feb 13 2022 "Pictures in a minute!" In the 1950s, '60s, and '70s, Polaroid was the hottest technology company on Earth. They were an innovation machine that cranked out one irresistible product after another. It was even the company after which Steve Jobs is said to have modeled Apple, and the comparison is true. Jobs's hero, Edwin Land, Polaroid's visionary founder, turned his 1937 garage startup into a billion-dollar pop-culture phenomenon. *Instant: The Story of Polaroid*, a richly illustrated, behind-the-scenes look at the company, tells the tale of Land's extraordinary and beloved invention. From the introduction of Polaroid's first instant camera in 1948 to its meteoric rise and dramatic collapse into bankruptcy in the 2000s, *Instant* is both a cautionary tale about tech companies that lose their edge and a remarkable story of American ingenuity. Written in a breezy, accessible tone by New York magazine senior editor Chris Bonanos, this first book-length history of Polaroid also features colorful illustrations from Polaroid's history, including the company's iconic branding and marketing efforts.
