Under a Sardinian Sky Jul 20 2022 “ A beautifully told story about one woman ’ s determination to exorcise the sorrows of her family ’ s past. It brought tears to my eyes more than once—always a good sign. I look forward to reading more novels by Sara Alexander. ” —Holly Chamberlin, author of Home for the Summer Set against the beautiful backdrop of post-World War II

Sardinia, Sara Alexander's evocative novel is a sweeping story of star-crossed romance between an American lieutenant and a local girl. Sometimes a family's deepest silences hide the most important secrets. For Mina, a London-based travel writer, the enigmatic silence surrounding her aunt Carmela has become a personal obsession. Carmela disappeared from her Italian hometown long ago and is mentioned only in fragments and whispers. Mina has resisted prying, respectful of her family's Sardinian reserve. But now, with her mother battling cancer, it's time to learn the truth. In 1952, Simius is a busy Sardinian town surrounded by fertile farms and orchards. Carmela Chirigoni, a farmer's daughter and talented seamstress, is engaged to Franco, son of the area's wealthiest family. Everyone agrees it's a good match. But Carmela's growing doubts about Franco's possessiveness are magnified when she meets Captain Joe Kavanagh. Joe, an American officer stationed at a local army base, is charismatic, intelligent, and married. Hired as his interpreter, Carmela resolves to ignore her feelings, knowing that any future together must bring upheaval and heartache to both families. As Mina follows the threads of Carmela's life to uncover her fate, she will discover a past still deeply alive in the present, revealing a story of hope, sacrifice, and extraordinary love. "Like Sardinia's Emerald Coast, Sara Alexander's *Under A Sardinian Sky* will dazzle you with its glittering descriptions of the Mediterranean island, its exquisite culinary treasures, and authentic, beautiful people. But it is the heroine Carmela's courage and heartbreaking choices that will leave you the most enchanted and racing through the novel to learn her extraordinary fate." —Rosanna Chiofalo, author of *Rosalia's Bittersweet Pastry Shop*

Africa. The idea just feels right – no matter that she 's never done any long-distance motorcycle travelling before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a ' floating village ' on the mighty Zaire River. Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu – a Bantu word meaning ' I am because you are ' . *One Day in Bellagio* Feb 27 2023 It is no mistake that Bellagio is called the "pearl" of Lake Como. It is undoubtedly the most famous resort on the lake. For centuries, Bellagio's scenic location has enchanted artists and writers, not only from Italy but also from abroad. It is situated on the tip of a headland that divides the lake into the two legs of Como and Lecco. The town stretches along the coast, and part of it goes up the slopes of the peninsula. Because of its location Bellagio has a great variety of views; indeed, it offers a good view of the whole lake. On the northern horizon, one can see the Pre-Alps. Some of the best views can be seen from the top of Monte San Primo and from the park of Villa Serbelloni. On a particularly bright day, one can make out the Alps, from Mont Blanc to the Ortles, and the Madonnina on top of the Duomo of Milan. Both the historic center situated at a higher level dominated by the Romanesque

Basilica Of San Giacomo (enlarged in the Baroque Age) and the more recent arcade lake-front are all preserved intact. Among the aristocratic villas let's remember Villa Serbelloni, first castle, then country residence and transformed into a villa at the end of the 15th century. Later once again restructured in the 17th and turned into a hotel during the last decade of the 19th century, it is presently appointed headquarters of conventions and study tours. This guide covers Bellagio on Lake Como, from Lecco – Varenna, or, in an alternative, via Como. It covers also day trips with public transportation with the boats to towns and attractions on the lake. There are extensive descriptions and photos of the attractions. This guide contains many reviews for the best-recommended restaurants that are at walking distance from the boat pier or the train station. P { margin-bottom: 0.08in; }

Affective Health and Masculinities in South Africa Apr 24 2020  
Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men ' s struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are

tied to modern individualism rather than African ' tradition ' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men ' s vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

How to Build a Café Racer Feb 21 2020 What's old is new again, and the newest trend on the block is Cafe Racers. Written by well-known motorcycle and automotive author Doug Mitchel, How to Build a Café Racer starts with a history lesson. While those first bikes were built in the UK for racing from cafe to cafe, the current rage for Cafe Racers has definitely spread to the US. The book starts with chapters on planning and choosing an appropriate bike, followed by chapters that detail the modifications that will likely be embraced by anyone converting a stocker to a rocker. From shocks and tires to engine modifications, Doug's book lays out each type of modification and how it's best carried through. The center of the book holds a gallery of finished bikes. These are not just Triumphs or Nortons, but nearly every brand imaginable from Japan, Italy, the UK, and

Germany. The final chapters include two, start-to-finish cafe builds. This is the chance for the reader to see how professional shops take a stock Honda, Triumph, or Ducati and convert it into a fast, sexy, and functional Cafe Racer, ready to race from cafe to cafe on Saturday night, or around the race track on Sunday afternoon.

Moto Guzzi Nov 24 2022 This book tells the story of one of the world ' s most innovative, beloved, and famous motorcycle manufacturers on its 100th anniversary. In 1921, Giorgio Parodi founded Moto Guzzi with the mechanic Carlo Guzzi. The purpose of the company was to design innovative motorcycles in the Mandello del Lario headquarters on Lake Como, where the factory still stands today. Moto Guzzi bikes immediately stood out for their high performance and technical sophistication. Their greatness was proven by competition wins, and these sporting triumphs were accompanied by commercial success that made Moto Guzzi the most important motorcycle manufacturer in Italy. These victories did not happen by chance, but were the result of continuous innovation. The company soon decided to withdraw from competitions because of its “ manifest superiority ” and instead focused on production. It has since continued to churn out iconic innovations and models, like the California, which was chosen by the LAPD for their patrols. Moto Guzzi is no longer just a motorcycle but, like Harley-Davidson, it has become a style, a philosophy and a sign of belonging to the Guzzi tribe that unites movie stars like Ewan McGregor with acclaimed designers like Tom Dixon, musicians like Billy Joel, and astronauts such as Paolo Nespoli.

Scotlands Turntable Ferries Jun 26 2020 For most of the twentieth century, the little turntable ferry -- an ingenious, local invention, able to load at any state of tide and sparing motorists the bother of reversing -- was a Highland institution, bearing carts and cars, locals and tourists, over the straits and sea lochs of Scotland's western seaboard. By the late 1960s, alas, they had become a victim of their own success; and rapidly gave way to much bigger vessels, bypass roads and bridges. Today, only the doughty Glenachulish still sails, as the seasonal Kylerhea ferry and a popular 'back door' crossing to the Isle of Skye. She is now community-owned, at last recognised as a national treasure and now officially a Ship of Historic Interest -- the last in a distinguished line of characterful wee boats, beautiful places, gifted local mariners, memorable events and characters and a past, gentler way of Highland life. Here - for the first time -- Robert Beale and John Hendy tell the tale of these sturdy wee ships, the routes they served and the men who sailed them. If turntable ferries had not the glamour and elan of the great Clyde steamers, they abounded nevertheless in character; they linked isolated communities; they opened the West Highlands to the motorist -- and bequeathed today's flourishing tourist industry.

The list of objects, many of which are illustrated, includes current locations.

Alighiero E Boetti Mar 16 2022 This memoir is both a private testimony and a critical study, written by the woman who was Boetti's companion during the first 20, and most decisive, years of his career. It is also an album of photographs and drawings, many of them never before published. Witness the very individual journey of the "shaman/showman," as Boetti referred to himself, evoked through images and words that recall the key events, times, and places of the 1960s and 70s generation of artists. Boetti's artistic output spanned 30 years, from 1964 until his death in 1994, and he was prolifically inventive. He graduated from Arte Povera to Conceptualism with an enchanting playfulness, but also with powerful philosophical and geopolitical intuitions that only now fully reveal their prophetic nature.
