Business Ethics Jun 22 2020 " The Blackwell Guide to Business Ethics, "written by international experts in the field, acquaints the reader with theoretical and pedagogical issues, ethical issues in the practice of business and exciting new directions in the field.

Ethical Business Aug 25 2020

Business Ethics May 14 2022 This book is an examination of the contemporary ethical problems of business in a philosophical context. It analyses various types of capitalism, in particular, the Anglo-American type which is practised primarily in the English-speaking world, and is exemplified by the commercial and financial systems of Wall Street and the City of London. This analysis includes

an examination of the corporation, the ethics of the stock market, the morality of take-overs and the problem of business and the environment.

Business Ethics Oct 27 2020 An authoritative and practical guide to business ethics, written in an accessible-question-and answer format In today's turbulent business climate, business ethics are more important than ever. Surveys of employees show that misconduct is on the rise. Cover stories reporting indictments, prosecutions, and penalties imposed for unethical business conduct appear almost daily. Legislatures pass requirements elevating the levels of punishment and their enforcement against corporations and individuals. Organizations face pressure to design and implement effective ethics and compliance programs. As a result, businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk. Business Ethics: What Everyone Needs to Know ® explains what those lines are, how not to cross them, and what to do when they are crossed. Written for both businesspeople facing real-life dilemmas and students studying ethical questions, this succinct book uniquely surveys materials from moral philosophy, behavioral science, and corporate law, and shares practical advice. Experts J.S. Nelson and Lynn A. Stout cover a wide array of essential topics including the legal status of corporations, major ethical traps in modern business, negotiations, whistleblowing and liability, and best practices. Written in a short question-and-answer style, this resource provides engaging and readable introductions to the basic principles of business ethics, and an invaluable guide for dealing with ethical dilemmas.

Business, Ethics and Society Nov 15 2019 With an emphasis on psychoanalytic theory, Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations provides a clear, concise introduction to the field of business ethics, while addressing contemporary issues and debates around the impacts of artificial intelligence, social media, the gig economy and populist politics on business and society. The book features mini-case studies from a variety of contexts and companies, including Gillette, Nike, Dove, British Airways and Microsoft, as well as thought-provoking questions throughout. Also included are: - Learning objectives - Chapter summaries - Recommended reading Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations serves as an ideal introductory text for students of undergraduate business ethics-related courses. Lecturers can access

a range of online resources for use in their teaching, including an instructor's manual, PowerPoint slides and SAGE Business Cases.

Business Ethics in East Central Europe Mar 20 2020 The transformation process from the planned to the market economy in the East Central European countries is a laboratory of applying economic theory and business ethics to an enormous historical transition in the economic and political system. Authors from the Czech Republic, Hungary, Poland and Slovakia analyse the economic, philosophical and political problems of the transition process. They discuss the economic and legal questions of the privatization of socialized property, examine critically whether pure Liberalism has been and is able to cope with the transition problems, and investigate the role and impact of business ethics in the transition process. This volume contributes to the theory of the role of business ethics in periods of institutional change.

Business Ethics Nov 20 2022 The fifth edition of Business Ethics addresses current, intriguing, often complex issues in corporate morality through 53 readings and 30 pertinent case studies. Now significantly updated, it includes new leading articles, related current cases, and mini-cases based on MBA student dilemmas. This title is available as an eBook. Please contact your Learning Resource Consultant for more information.

Business Ethics Apr 01 2021 Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

The Rise of Business Ethics Jul 16 2022 In 1973, Daniel Bell argued that corporations in post-industrial societies increasingly needed to behave in accord with widely accepted social norms, particularly in terms of ethical behavior and social responsibility. Yet widespread criticism of business behavior was not an invention of the 1960s and 70s or a product of changing commercial norms. The key feature historically has been business scandal. Understandings of how the field of business ethics has emerged are undeveloped, however. This book is the first attempt to explain the conditions which saw a focus develop on business ethics especially in the 1960s and 70s, and how the broader field developed to encompass related notions such as corporate governance, corporate social responsibility, ethical leadership, sustainable business and responsible management education. The Rise of Business Ethics provides an introduction and analysis of the key developments in contemporary business ethics by examining them in terms of their diachronic development - the key thinkers, the key issues, the key institutions and how they each contributed to contemporary understandings of business ethics, governance and practice. Addressing the topic from a European as well as North American perspective, The Rise of Business Ethics will be of interest to researchers, academics, and students in the fields

of business ethics, business and society, business history, organization studies and political economy.

Leadership and Business Ethics Jul 04 2021 This book offers new and challenging approaches to business ethics that successfully link theory and practice thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance, a theme that recurs with remarkable frequency in the history of business ethics as an academic discipline. This work provides imaginative and innovative proposals for the indispensable coupling of virtue, integrity, and character with global business, finance, and banking. The volume seeks to overcome the marginal status of business ethics in universities, business, and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue. This new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business. It proposes practical advice and viable suggestions to business people on what is right and wrong in business. The volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders. In the important domain of women in leadership, the volume provides new solutions that break boundaries on the global stage. The work challenges unethical marketing of human images with important implications for citizenship and society. The volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society. The significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change for the better in the realms of business and banking.

This is Business Ethics Aug 05 2021 Take a seat in the boardroom. What will you decide? Corporations make difficult decisions about the right thing to do every day, but as an organization made up of people with different perspectives and values, how can a business behave ethically? This is Business Ethics offers a dynamic and engaging introduction to the study of corporate morality. Offers real-world practical advice for navigating ethical dilemmas in business, developed and explained through illustrative high-profile case studies like the Ford Pinto case, Enron, Walmart and British Petroleum. Explores how ethical theory informs business policy and practice. Presents unresolved contemporary case studies for consideration, inviting readers to participate in the decision-making and offer their own recommendations. The latest in the This is

Philosophy series, This is Business Ethics features supplemental online resources for instructors and students at <https://www.wiley.com/enus/thisisphilosophy/thisisbusinessethicsanintroduction>

Business Ethics Dec 17 2019 Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of *Business Ethics: Concepts and Cases* has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. *Business Ethics: Concepts and Cases* introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses.

The SAGE Encyclopedia of Business Ethics and Society May 22 2020 Thoroughly revised, updated, and expanded, The SAGE Encyclopedia of Business Ethics and Society, Second Edition explores current topics, such as mass social media, cookies, and cyber-attacks, as well as traditional issues including accounting, discrimination, environmental concerns, and management. The new edition also includes an in-depth examination of current and recent ethical affairs, such as the dangerous work environments of off-shore factories for Western retailers, the negligence resulting in the 2010 BP oil spill, the gender wage gap, the minimum wage debate and increasing income disparity, and the unparalleled level of debt in the U.S. and other countries with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers. Key Features Include: Seven volumes, available in both electronic and print formats, contain more than 1,200 signed entries by significant figures in the field Cross-references and suggestions for further readings to guide students to in-depth resources Thematic Reader's Guide groups related entries by general topics Index allows for thorough browse-and-search capabilities in the electronic edition

Clever as Serpents Dec 29 2020 Centuries ago Thomas Aquinas remarked that there can be no joy in life if there is no joy in one's work. Drawing upon the seminal insights of Rene Girard, *Clever as Serpents* confronts this timeless issue of finding peace in one's work and offers practical guidance on how people, acting together, can cultivate virtuous business. *Clever as Serpents* provides ethical

insight in business life, the job market, and office politics, revealing that business culture, while often corrupt, can be transformed through the practice of asceticism. It suggests that instead of renouncing worldly comforts and retreating to a monastery, business asceticism embraces and masters the discomforts of business life through disciplined and unique approach to the rigors of the competitive marketplace. Clever as Serpents is divided into two parts - theory and strategy. Chapters one through five deal with a unique approach to management theory and the behavior of financial markets. It first examines the myths that hide the reality of the marketplace. Chapter two examines the myth of freedom; chapter three, the myth of competition. With these myths exposed, chapters four and five examine the secret of the marketplace through the theories of "borrowed desire" and the management complex. Chapters six through ten deal with practical techniques for dealing with the jungle of office politics. Chapter six relates the theory of "borrowed desire" to the dynamics of office gossip. Chapters seven through nine offer practical tips on surviving office politics, becoming successful, and redeeming the marketplace through ethical action. For the many people who experience the workplace as frustrating or unfair, struggle with office politics - as well as the question of whether their workday lives have any religious significance or spiritual depth - this work provides concrete suggestions for practicing an ethics of survival, of success, and of service. Jim Grote works in stewardship and development for a Roman Catholic archdiocese. He has taught business ethics and philosophy at several colleges and universities. Co-author of Theology and Technology, he has written articles for the Catholic Worker, Church, Cistercian Studies Quarterly, Cross Currents, and Spirituality Today. John McGeeney, an attorney for a financial services company, has worked in securities law for a Fortune 500 company, and for a large social service organization in New York City. "

Business Ethics: The Big Picture Oct 15 2019 Business Ethics: The Big Picture asks students to focus on the assumptions underlying the activity of business. Why does society provide special protections for businesses? What is the purpose of a corporation? What do businesses owe society? And are there some things that shouldn't be distributed by the free market? These questions are addressed through classic readings from such central figures as Adam Smith and Karl Marx, in addition to contemporary selections from Milton Friedman, R. Edward Freeman, Debra Satz, and others. A number of

compelling real-world case studies are also included.

Business Ethics of Innovation Apr 20 2020 Firms generally depend upon innovations in order to achieve advantages on competitive markets, thus also raising societal questions. Business ethics provides a normative framework for balancing the different perspectives, values, and interests at stake. This balance must be achieved both at relevant firm and regulatory levels. Business Ethics of Innovation is thus necessarily an interdisciplinary endeavour. This volume assesses general questions of how business ethics may contribute to adequate innovations and specifically discusses respective case studies in pharmaceutical and IT sectors.

Business Ethics Jun 03 2021 Be an ethical manager, or face dangerous consequences! In today's business climate, firms need to be wary of practices that may provoke criticism and scandals. Investigative reporters, eager lawyers, and zealous governmental agencies are lurking in the wings. These lessons of the past give you an inside look at some of the biggest mistakes of recent history. You can ponder not only how they might have been avoided, but also how their resolution might have been better handled. Robert Hartley, author of the popular Marketing and Management Mistakes and Successes books, brings you face-to-face with major players and the temptations, crises, and torments they experienced. Thought-provoking discussion questions, role-playing exercises, and debates present you with key ethical concerns that may help you avoid similar situations in your own career. Take a behind-the-scenes look at: Deceptive sales tactics at MetLife The killer scenario of Ford Explorers with Firestone tires Price fixing at ADM Al Dunlap savaging Sunbeam and Scott Paper Massive accounting fraud at WorldCom Exxon's Alaskan oil spill Union Carbide's Bhopal catastrophe Shenanigans of defense contractors, such as Lockheed and General Dynamics Ethical question marks: Wal-Mart, Nike, DaimlerChrysler Paragons: Johnson & Johnson, Herman Miller As well as other ethical mistakes

Business Ethics Sep 06 2021 A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features,

including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.

Business Ethics Oct 07 2021 Businesses keep progressing every single day which is the reason why more and more attention goes to the ethical part of the business. Journalists and activists are involved every minute of their lives to disclose and take action against the wrongful practices done by various businesses to provide relief and aware the customers about the same. This is the reason why it becomes essentially important to follow business ethics to make sure that all the businesses are doing the right things morally. Moral values are one of the strongest basis to make sure that customers nowadays base their buying and choice of products and services. Business ethics are very necessary for any business and customer relationships to flourish and grow to the best of their abilities.

Business Ethics Jan 10 2022 These readings grew out of the author's monthly column on business ethics in the business section of the Athens Banner-Herald newspaper. Written in an open and engaging style, the book features topics that are timely, each followed by several thought provoking discussion questions. The book includes readings on the current financial crisis in order to challenge today's students to confront the economic reality in which they will have to live. An excellent addition to any Business Ethics course.

The Ethics of Business Mar 12 2022 In a field dominated by books that focus exclusively on the perspective of business in large corporations or that assume that business has a moral deficiency in need of reform, Al Gini and Alexei Marcoux offers students and business people alike a concise guide to what everyone ought to do when doing business. Where other books are organized topically, Gini and Marcoux look at the moral features of business that recur across topical areas, stressing the considerations that bear on business people whether they be corporate functionaries, principals

in family businesses, or solo entrepreneurs who do it all, end to end. They present to students the essential concepts, ideas, and issues involved in ethics in business and emphasize the individual acting person and what it means to have character and integrity when doing business.

Contemporary Reflections on Business Ethics May 02 2021 Over 30 years Ronald F. Duska has established himself as one of the leading scholars in business ethics. This book presents Duska's articles the years on ethics, business ethics, teaching ethics, agency theory, postmodernism, employee rights, and ethics in accounting and the financial services industry. These reflect his underlying philosophical concerns and their application to real-world challenges – a method that might be called an Aristotelian common-sense approach to ethical decision making.

Encyclopedia of Business Ethics and Society Feb 28 2021 The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment.

Business Ethics Jan 30 2021

Business Ethics Nov 08 2021 Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features

Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and - at the end of each chapter - study questions and suggested additional readings.

Business Ethics For Dummies Jun 15 2022 The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, Business Ethics For Dummies is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics.

Business Ethics in the 21st Century Aug 17 2022 This work provides a critical look at business practice in the early 21st century and suggests changes that are both practical and normatively superior. Several chapters present a reflection on business ethics from a societal or macro-organizational point of view. It makes a case for the economic and moral superiority of the sustainability capitalism of the European Union over the finance-based model of the United States. Most major themes in business ethics are covered and some new ones are introduced, including the topic of the right way to teach business ethics. The general approach adopted in this volume is Kantian. Alternative approaches are critically evaluated.

Encyclopedia of Business Ethics and Society Feb 23 2023 This encyclopedia spans the relationships among business, ethics and society, with an emphasis on business ethics and the role of business in society.

Citation Classics from the Journal of Business Ethics Jan 18 2020
The Journal of Business Ethics was founded by Alex C. Michalos and Deborah C. Poff and published its first issue in March 1982. It is the most frequently cited business ethics journal in the world. The Journal has always offered a multi-disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue. Its authors and readers are primarily scholars and students in social sciences and philosophy , with special interests in the interaction of these disciplines with business or corporate responsibility. Since the field of business ethics grew simultaneously with the growth of the Journal, a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development. In this anniversary volume, an overview of citation classics from the Journal is presented, the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and/or distinguished papers, as well as those who served on the Editorial Board and/or are recognized as leaders in the field.

For Business Ethics Dec 21 2022 ***A daring adventure into the world of business ethics, this book provides a clear and concise introduction to this challenging topic, expanding discussions beyond their current narrow confines. A ground-breaking book, it invites a distinctively critical approach to, and understanding of, business ethics. In Part 1, the authors overview utilitarianism, deontology and virtue ethics, and uncover the possibility of a subversive and critical business ethics in these theories, even if this potential is often repressed. In Part 2, they expand the topic and ask questions on the meaning of ethics, the possibility of ethics in an era of managerial capitalism, and the function of business ethics in civil society. At once an introduction to critical business ethics and a challenge to anyone who proposes to take part in, or change, contemporary organized society, this book, with its easy to use glossary and recommendations for further readings, is an essential purchase for both students and practitioners alike.***

Business Ethics Feb 17 2020 ***Business ethics is understood in a comprehensive and differentiated sense, as in recent years it has evolved under the influence of globalization. The present book examines inclusive growth, which includes more than just poverty alleviation and seeks to address the problem of equity through the enhancement of opportunities for all parties. This conforms to the***

fundamental task of business ethics, which is to enhance the ethical quality of decision-making and actions taken at all levels of business, i.e., at the personal (micro-), organizational (meso-), and systemic (macro-) levels and thus extending the narrow notion of business ethics as a niche for managers with good intentions. In the real world of competition and coordination, various situations produce various tradeoffs that the three pillars of the economy, i.e., Business, Government and Society have to pursue for their survival and sustenance. In this book, we look into many such case studies in which the strength of one component leads to a benefit for one of the other components and a detriment for the other, thus causing an imbalance between the three pillars. This book will be equally valuable to students, philosophers, decision-makers in business and policy-makers at large.

Business Ethics as Practice Nov 27 2020 In recent years, a succession of corporate scandals has rocked the international business community. As a result, many companies have invested considerable time, money and effort on the development of ethics management programs. However, in many cases, such programs are nothing more than insurance policies against corporate liability, designed merely to limit the fallout of scandals should they occur. In *Business Ethics as Practice*, Mollie Painter-Morland urges us to take business ethics seriously by reconsidering the role of ethics management within organizations. She redefines the typical seven-step ethics management program from within - challenging the reader to reconsider what is possible within each aspect of this process. In doing so, she draws on the insights of Aristotle, Nietzsche, Heidegger, Foucault and numerous contemporary organizational theorists and sociologists to create the space for the emergence of a morally responsive corporate ethos.

The Oxford Handbook of Business Ethics Jan 22 2023 *The Oxford Handbook of Business Ethics* is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.

Business Ethics: Kant, Virtue, and the Nexus of Duty Sep 25 2020 This book offers students a philosophical introduction to the ethical foundations of business management. It combines lessons from Kant with virtue ethics and also touches upon additional approaches such as utilitarianism. At the core of the book lies the concept of the nexus of imperfect managerial duty: building and reinforcing the

virtuous managerial team, engaging in reasoned discourse among all stakeholders, and diligently pursuing business responsibilities, including the creative efforts necessary for modern organizations. Case illustrations of these applications are presented throughout the book, including chapter appendices. Ancillary videos, test and answer banks and sample syllabi are available online via the author's website.

European Business Ethics Casebook Feb 11 2022 Business cases are at the heart of business ethics as a discipline. Analysis and reflection on the morality of business often is triggered by concrete cases. After four introductory chapters into recent developments within business ethics and the value of case analysis, the present volume offers extensive description of eight recent European cases, mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact. Among them are the Lernout and Hauspie speech technology disaster, Heineken struggle with the promotion girls selling beer in Cambodia, cartels in the Dutch construction industry, the pharmaceutical industry and the Aids crisis, and Unilever allegedly making use of child labour in the cotton industry in India. The book will be of interest to researchers as well as teachers of undergraduate and graduate courses in Business Ethics, Business in Society, Management and Organisation Theory and Strategic Management. It will also be useful for business practitioners eager to learn about business ethics by means of cases.

Business Ethics in Practice Sep 18 2022 Understand the concept and practice of business ethics and gain the skills needed for ethical thinking and decision-making.

Business Ethics Jul 24 2020 Events such as Trafigura's illegal dumping of toxic waste in Côte d'Ivoire and BP's environmentally disastrous oil spill in the Gulf of Mexico have highlighted ethical issues in international business at a time when business leaders, academics and business schools were reflecting on their own responsibilities following the global financial crisis. The scope and scale of the global operations of multinational businesses means that decisions taken in different parts of the world have far reaching consequences beyond the national settings where employees are located or where firms are registered and as such, an awareness of these responsibilities needs to be integrated into all levels and all subjects. Using four guiding principles - a critical multi-level approach rooted in the tradition of European social theory, a comparative and international perspective, a global rather than just a European or American stand point and engaging with subject-

specific issues this book aims to 'mainstream' business ethics into the work of teachers and students in business schools. This comprehensive volume brings together contributions from a range of experts in different areas of business studies thereby facilitating and encouraging a move away from business ethics being a box to be ticked to being an integrated consideration across the business disciplines. This impressive book brings ethical considerations back to the heart of the business curriculum and in doing so, provides a companion for the progressive business student throughout their university career.
