And, NOW that word "forward" happens to be the slogan of the very man; that, Republican Willard Mitt Romney is trying to unseat. America the Party of "NO" has a man who will insist to see your ID, Birth Certificate, but won't release his Tax Returns, at the least 5-6 of them, so the voting electorate will know how to trust him. There are many perfectly legal ways for all "weasels" to get out of paying taxes. Especially, if you can afford armies of "creative" accountants to find them all. In our own Country's Congressional Leaders there is:

Nothing but, shameless lies and dishonor! That explains what's going on here. If election in November is to be decided on the several issues, "Romney" (the Romney) and (Ryan, the Lying) along with the remaining hostile Republicans should stay away from foreign policy this next four years. Even drifting into that realm risks reminding voters of Obama's clear advantage in leadership. America, "Bush has been out of office for almost 4 years, are YOU really going to continue to blame him?" This is what the Republicans are saying! Honestly, if that's were the blame lies, absolutely! It wouldn't matter; even if, it's been 100, 200, or 300 years since George W. "the Idiot" Bush has been out of office, there will STILL remain too many unanswered questions! America: This book is a ...Timeline of George W. Bush's "UNMITIGATED DISASTER" that has become President OBAMA'S inherited MESS! Let him fix ..it for all of America! Louis D. Cruz "Transnational Torture by Jinee Lokaneeta reviewed with Prachi

Patankar" on the blog Kafila. Evidence of torture at Abu Ghraib prison in Iraq and harsh interrogation techniques at Guantánamo Bay beg the question: has the "war on terror" forced liberal democracies to rethink their policies and laws against torture? Transnational Torture focuses on the legal and political discourses on torture in India and the United States--two common-law based constitutional democracies--to theorize the relationship between law, violence, and state power in liberal democracies. Analyzing about one hundred landmark Supreme Court cases on torture in India and the United States, memos and popular imagery of torture, Jinee Lokaneeta compellingly demonstrates that even before recent debates on the use of torture in the war on terror, the laws of interrogation

were much more ambivalent about the infliction of excess pain and suffering than most political and legal theorists have acknowledged. Rather than viewing the recent policies on interrogation as anomalous or exceptional, Lokaneeta effectively argues that efforts to accommodate excess violence--a constantly negotiated process--are long standing features of routine interrogations in both the United States and India, concluding that the infliction of excess violence is more central to democratic governance than is acknowledged in western jurisprudence. Thoroughly revised and updated, the most complete family medicine board review guide continues to be the resource of choice for anyone preparing to take the American Board of Family Medicine (ABFM) examination. This edition includes dozens of new cases.
