**Balance of Payments Compilation Guide** Sep 22 2022 A companion document to the fifth edition of the Balance of Payments Manual, the Balance of Payments Compilation Guide shows how the conceptual framework described in the Manual may be implemented in practice. The primary purpose of the Guide is to provide practical guidance for using sources and methods to compile statistics on the balance of payments and the international investment position. The Guide is designed to assist balance of payments compilers and statisticians in understanding the relative strengths and weaknesses of various approaches. The material reflects the emergence of new data sources and adaptations in the application of statistical methodologies to changing circumstances. Discussed in the Guide are all of the tasks that a BOP compiler normally performs. Appendices contain a set of model BOP questionnaires and a set of model BOP publication tables. Relationships between the balance of payments statistics and relevant aspects of national accounts are covered as well.

International Transactions in Remittances Oct 11 2021 The International Transactions in Remittance: Guide for Compilers and Users (RCG) presents concepts, definitions, and classifications related to remittances. It is consistent with the new standards for measuring balance of payments transactions, as contained in the sixth edition of the Balance of Payments and International Investment Position Manual (BPM6). These standards are used globally to compile comprehensive and comparable data. The RCG identifies the main remittances compilation methods currently being used by compilers and discusses in detail the strengths and weaknesses of each method. It is the first manual providing compilation guidance for remittances and is also the first compilation guide based on concepts set out in BPM6. Although the RCG is primarily aimed at remittances data compilers, it may also be useful for users who wish to understand remittances data.

**External Debt Statistics: Guide for Compilers and Users** Jan 02 2021 The IMF has released the 2013 External Debt Statistics: Guide for Compilers and Users (2013 EDS Guide), which contains updated global standards for the compilation, reporting, and analytical use of external debt statistics. The 2013 EDS Guide was prepared under the responsibility of the nine organizations in the Inter-Agency Task Force on Finance Statistics (TFFS), in close consultation with national compilers of external debt, balance of payments, and international investment position statistics. [1] The 2013 EDS Guide reflects the significant developments in international finance since the issuance of the 2003 EDS Guide. The 2013 EDS Guide provides guidance on (1) the concepts, definitions, and classifications of external debt data; (2) the sources and techniques for compiling these data; and (3) the analytical uses of these data. The concepts set out in the 2013 EDS Guide are fully harmonized with those of the System of National Accounts 2008 (2008 SNA) and the sixth edition of the IMF's Balance of Payments and International Investment Position Manual (BPM6). [1] The TFFS is chaired by the International Monetary Fund (IMF), and its member agencies are the Bank for International Settlements (BIS), the Commonwealth Secretariat (ComSec), the European Central Bank (ECB), the European Commission (Eurostat), the IMF, the Organization for Economic Co-operation and Development (OECD), the Paris Club Secretariat, the United Nations Conference on Trade and Development (UNCTAD), and the World Bank.

The Identification of Capital Transfers in the Balance of Payments Feb 15 2022 The separate identification of current and capital transfers was introduced for the first time in the fifth edition of the Fund's Balance of Payments Manual (Manual), thus harmonizing with the treatment of transfers in the 1993 System of National Accounts (1993 SNA). Capital transfers are now recorded in the capital account component of the balance of payments and include debt forgiveness, migrants' transfers, and other transfers, of which investment grants is a significant category. This paper presents the criteria for defining capital transfers and provides sources and methods of compilation, and examples of treatment, as illustrated in the Fund's Balance of Payments Compilation Guide and Balance of Payments Textbook.

*Balance of Payments Manual* Aug 21 2022 The fifth edition of Balance of Payments Manual, issued in 1993, presents revised and updated standards for concepts, definitions, classifications, and conventions for compilation of balance of payments and international investment position statistics that reflect the widespread changes that have taken place in international transactions since the fourth edition was published in 1977. As the international standard, the Manual serves as a guide for IMF member countries that regularly report balance of payments data to the IMF. The Manual contains significantly expanded and restructured coverage of financial flows and stocks and international transactions in services. Harmonization with the System of National Accounts and other IMF statistical systems is also greatly increased. See also companion volumes, the Balance of Payments Compilation Guide and the Balance of Payments Textbook.
