Builds students' understanding and provides ready-prepared revision solutions to develop confidence and exam skills. This full colour workbook provides stimulus materials on all the topics, followed by sets of questions designed to develop and test skills in the unit. Using the workbook saves valuable preparation time and expense, with self-contained exercises that don't need photocopying and also provides instant lesson solutions for specialist and non-specialist teachers. - Unit and topic specific exercises build knowledge and confidence - Workbooks can be used in class or for homework - Additional exam-style questions help students put what they have learnt into practice ready for the unit exam, with answers online at www.hodderplus.co.uk/philipallan/workbooks Special school prices available for multiple purchases, see here for details: www.hoddereducation.co.uk/Schools/philipallan/Student-Workbooks.aspx This is the second of three workbooks for Grade 4 reading. Exercises develop vocabulary and comprehension skills, and they may be divided to provide activity for two days on one lesson. Each workbook ends with a unit test. Reader required. (see 11401.3) This self teach guide has been designed to gradually steer you in a step by step manner around the software features needed to pass New CLAIT 2006 Unit 2 assessment. As you work through this book you are introduced to, and taught how to use, Microsoft Excel. Data files are supplied on CD and have been designed to be used in conjunction with the exercises as you work through the book. Titles of a similar nature are also available for the other New CLAIT 2006 units. Endorsed by OCR. The Chemistry Book supports the development and application of key knowledge and skills for students studying senior science in both Queensland and greater Australia. A consistent approach to each text's format supports student learning and exam preparation. Provides activities like role playing and project work to develop language and explores social values through stories, in a text that includes a DVD with documentaries and interactive games and activities. The Cambridge Latin Course is a well-established introductory program in four units, originally developed by the Cambridge School Classics Project. Under the sponsorship of the North American Cambridge Classics Project. This proven approach includes a stimulating, continuous storyline, grammatical development and cultural information carefully woven throughout the text, a complete Language Information section-now bound into the student's volume- and, for the first time, color photographs that illustrate the Roman world. Also available are a thorough Teacher's Manual, a workbook, and cassette tapes. Presents full-colour, easy-to-use books and a CD-ROM for CLAIT 2006, which focus on enthusing students and leading them to success. The modular approach allows students to choose a book per unit or one book covering the first three units. The Touchstone Workbook provides follow-up exercises for each lesson in the Student's Book, allowing for a thorough practice of new vocabulary, structures, and conversation strategies and providing extra reading and writing activities. A progress chart at the end of each unit helps students evaluate their progress and plan further study. Workbook 2B contains units 7-12, the second half of the complete Level 2 Workbook. If you have trouble knowing how to revise for your exams this book provides comprehensive practice for the Edexcel AS biology unit 2 exam. It includes extensive questions to test your basic knowledge of all the key concepts included in this particular exam. Flow diagrams for all the processes depicted by the Edexcel specification are provided in order to aid your understanding. In addition, details of the questions covered in previous exams and longer practice questions for those more tricky topics. Everything you need to get the grade you want. Support teaching and help your students' skills development Fill in gaps in the students' knowledge and reinforce a topic effectively The phonics workbooks have four pages for each lesson. Unit 2 teaches more single consonant sounds. This is the second workbook in a set of three phonics workbooks for Grade 2 and includes Units 2 and 3 of 5 units. It is advantageous for the child to do the corresponding lessons in the reader, the reading workbook, and the phonics workbook each day. A test is included for each unit. The 170 lessons in Grade 2 are bound in five workbooks with tear-out pages. Unit 2 teaches all the addition and subtraction facts for 11. Continuous review is built into the lessons and simple reading problems are practiced frequently. Speed drills are included in the workbooks. Money, time and measures are reviewed; half dollar, quarter hour, and pounds and ounces are introduced. Builds students' understanding and provides ready-prepared revision solutions to develop confidence and exam skills. This full colour workbook provides stimulus materials on all the topics, followed by sets of questions designed to develop and test skills in the unit. Using the workbook saves valuable preparation time and expense, with self-contained exercises that don't need photocopying and also provides instant lesson solutions for specialist and non-specialist teachers. - Unit and topic specific exercises build knowledge and confidence - Workbooks can be used in class or for homework - Additional exam-style questions help students put what they have learnt into practice ready for the unit exam, with answers online at www.hodderplus.co.uk/philipallan/workbooks Special school prices available for multiple purchases, see www.hoddereducation.co.uk/studentworkbooks for details The Fourth Edition Cambridge Latin Course is an introductory program organized into four well-integrated units. Cambridge's proven approach includes a stimulating continuous story line, interwoven grammatical development and cultural information, supportive illustrations and photographs, and a complete Language Information section. Reading is the heart of the Cambridge Latin Course, and all the elements of the program - illustrations, vocabulary, grammar and syntax, cultural contexts and references, activities - are carefully introduced and arranged to provide students with the skills they need to read with comprehension and enjoyment from the very first page. The thorough Omnibus Workbook complements and enhances the Student Book, providing students with a wealth of creative, motivating opportunities to practice their new language. audite / dicite activities practice aural and oral skills in Latin students demonstrate understanding of the cultural context of each Stage imaginative activities practice Latin grammar and vocabulary and address all language skills A workbook to support students preparing for OCRs General Studies AS Level Unit 2. Unit 2 of AS covers Science, Maths and Technology - and is assessed to a similar manner to Unit 1. This workbook is designed for independent study or classroom use. It progressively builds the skills needed for this examination. It builds students confidence and helps them to improve their grade through knowing exactly what kind of answers are required. It is the short answer questions where students most often lose the most marks through not understanding what is required. This workbook for OCR Critical Thinking will help build your understanding by answering questions on all key topics. For use either in class or for homework, this full colour Workbook provides stimulus materials on all the topics in the unit. These are followed by sets of questions designed to develop and test skills. Additional exam-style questions will help you put what you have learned into practice ready for the unit exam. Answers are available online at www.hodderplus.co.uk/philipallan/workbooks so you can check and assess your responses.
