web 7 mar 2023 the service engine soon light is  
a warning indicator on your car s dashboard the  
light comes on when the engine is running  
abnormally or has a problem the light will  
usually stay on until the engine is fixed there are  
many things you can do to troubleshoot the  
problem yourself web 3 mar 2023 if your check  
engine light turns on immediately after a fill up  
pull over and make sure the cap isn t loose or  
still on your car s roof sometimes the cap needs  
to be replaced but it s not a web the first thing  
to do when your vehicle s service engine soon  
light appears is to take stock of your car s dash  
gauges if any of these gauges seem to fall

outside of their normal operating range pull over and shut off your vehicle as soon as it is safe to do so. If the car senses contaminated gasses in the system it triggers the service engine soon light. This problem is not severe and should disappear after two or three refills with safe fuel. If your car is new and the light drives you into panic mode you can have it checked with a diagnosis tool to clear your doubts.
