Doc Martens takes on Dior as a workaholic daughter finally rebels against mollycoddled mother. After forty years of veiling incontinence, will the two ever see eye to eye? Will the two meet? Just Say It covers the period 1940-2002 and is set in Gloucestershire, London and Portugal. In 1999, Lisa Grant, a well-known columnist for a leading UK magazine, turns forty. Attempting to avoid a midlife crisis, she finishes writing a therapeutic spoof about her life, but it only scratches the surface of the problem - the rocky relationship she has always had with her narcissistic mother, Elizabeth. Realising she needs to break the negative emotional hold her mother has over her, Lisa

harnesses her journalistic skills to investigate her mother's life before she came to London in 1957 as a seventeen-year-old debutante and is shocked by what she finds. 'What a romp the second half was very good indeed, fast-paced and satisfying with the tying up of so many loose ends. I think your character Lisa, has wonderful joie de vivre, and you tell her life story at a pace and great wit. Her mother, Elizabeth, is more of a caricature, but essentially so as she carries the thrust of the novel, with who, why, when and what lingering around even as she rears her Cruella de Ville head, acting as the driver of the novel rather than a character in her own right. - Christine L. Teacher and Storyteller. Daniel Kleinberger, Professor of Law at William Mitchell College of Law Very interesting – style is “stream of consciousness” with forays into Scriptures setting the course for the stream. Chris Wright, President Minnesota Timberwolves, Member of the Downtown Council, Minneapolis Regional Chamber of Commerce Tom I have read a number of chapters but not all of it, and really have no substantive criticisms or comments.... as a man of God you are a wonderful ambassador. Reverend Lonnie L. Branch “I ‘m Just Say’n” by the Reverend Thomas H. Vanleer, is inspired of God! His experiences in life has been tempered by the Spirit of God guiding him in ministry as well as writing...May God continue to bless him! George Blackwell, Director of Community Affairs (retired) Qwest Communications The author of I'm just say'n has clearly captured the essence of what's good, bad, and in some cases what's evil in our society. By using biblical scriptures, Mr. Vanleer uses clear references to articulate the differences and in some instances the similarities of each of

I found the book to be very engaging, very informative, and thought-provoking. I highly recommend this book for future reading. He's just what she needs... Single mom Jade Moran is not ready for any big changes in either her horrible '70s kitchen or her romantic life. Her ex did a number on her, and she isn't interested in getting hurt again. But when she meets a super contractor, she wonders if avocado appliances are on the way and romance is on the way in. Max Gianopoulos doesn't have a clue why he's so enchanted by Jade. She's almost as big a mess as her kitchen, and he's a guy who likes to keep things simple. Jade has turned up the flirty heat - and he can't keep his hands off her. With everything moving too fast and coming too easy, Jade's insecurities kick into high gear. She's not sure she can trust another man again - and she definitely doesn't believe in happily ever afters... Whether he's leading a company or leading the way for a better nation, storied New York businessman and philanthropist Bernard Schwartz believes in the power of optimism. Bernard Schwartz has dined with world leaders, closed a multi billion-dollar deal on the back of a napkin, and led a Fortune 200 corporation. From humble beginnings that saw his family moving regularly from apartment to apartment to take advantage of new lease discounts to his dramatic rise to CEO of a major aerospace innovator, the author's story is a narrative about the importance of character, intelligence, and a lot of good luck. In a time when stories about corrupt CEOs and unethical business practices flood the news, Schwartz offers the notion that the right thing is a more rewarding road to accomplishment, and when applied for immoral purposes even the sharpest skills are likely to lead to a fall. As Americans today await the return of

economic stability and politicians wage battle over the future of government programs, opportunity seems out of reach. But Bernard Schwartz, who grew up in Depression-era Brooklyn, believes there are steps we can take as a nation to bring about a renaissance and even growth. As a child, he watched men dress for work every day whether they held a job or not. He remembers the widespread deprivation that filled everyday scenes and the streets with long breadlines. But he also recalls a hopeful people; a citizenry united in the pursuit of education, homeownership, proprietorship, and community improvement. Today, he champions investments in job creation, infrastructure, technology, and innovation as the means to get us back on track. With measured insight on the role the federal government can play in creating pathways to prosperity, the author discusses how the United States can again be a land of opportunity for all. In this inspiring example of a life well lived, Bernard Schwartz invites readers to look at their own opportunities, their own lives, and even their fellow Americans and Just Say Yes. Escape to a sunny Cornwall...and find love? Lucy Gibson needs to get away. When her good-looking, popular boyfriend Nick Laurentis, winner of reality TV show Hot Shots, proposes to her on air, she's stunned - into silence. Every girl loves a romantic gesture, but she's just not ready for that kind of commitment. With the hounding her as the one who callously broke Nick's heart, Lucy escapes her London flat to seek refuge in an isolated Cornwall cottage. But little does she realise that life down there will be far from uncomplicated. . . Praise for Phillippa Ashley's gorgeous romantic novels: 'Enjoyable and uplifting' Jo Thomas 'Will make you laugh and cry' Miranda Dickinson An invaluable book that

does for parents and their young children what You Just Don't Understand did for men and women. Did you know that when you say "How many times have I told you not to?" your toddler is not asking you a question? Based on years of clinical experience and original child development research, What Did I Just Say!?! shows how conventional communication styles actually prevent parents from saying what they mean and cause children to hear something entirely different than what was intended. The authors demonstrate how a simple understanding of the logic of language and of childhood thinking can dramatically improve parent-child communication. Among the subjects covered are understanding the complex experiential world of young children; putting structure, rules, and boundaries into children's lives while still fostering individuality; encouraging healthy emotional responsiveness and interpersonal sensitivity while decreasing anger and aggression; focusing a child's attention; and foiling behaviors such as tuning out and forgetting. By helping parents understand the very different linguistic and experiential worlds of children, What Did I Just Say!?! offers a foundation for parent-child communication that will last a lifetime. A comical, adult self-help picture book illustrating the art of saying no! This "Just Say The Words" is the reflection of the author's conviction that every spoken or written word is significant. He states an old saying: "One picture is worth a thousand words," is true. "Only if you know the thousand words." The author is engaged in a process he calls "transmission" by which he indicates that what he has written is being "sent" and what is read is "received." He attempts to use picture words in place of abstract expressions.

From the words written in the Bible to words written by playwrights and poets, the author reflects on the dynamic potential and powerful purpose of words. He states that Jesus Christ is the master communicator. Jesus' words are life giving and life changing. In Jesus, Word and Deed go together. Whatever Jesus says, He does. The author shows how Attitude leads to Behavior which leads to Consequence. He helps us understand the importance of, and the difference between, Heredity and Environment in shaping human response to life situations. Reflecting on visits to Israel, the author describes treks through various places in the Holy Land and describes the "Most Religious Spot on Earth." He examines the importance of the concepts of Guilt and Gratitude, then asks for the readers response to what has been written. JUST SAY YES, perhaps the first marijuana memoir ever published, is a positive account of long-term cannabis use. With ruthless honesty and deadpan humor, the author observes the effect of weed upon every aspect of her life: marriage, motherhood, friendship, work, sport, sex. Phillip Lopate, Nonfiction Director of Columbia University's MFA Writing Program, lauds JUST SAY YES: "This funny, wry and very candid memoir purports to be a Confession of an American Pot-Smoker but is really a cultural/personal history of the past fifty years. The narrative progresses backward and not only the past but innocence itself is recaptured." John Updike wrote about Hiller's short story collection, SKIN, this is "good, brave and joyful writing." For more reviews of JUST SAY YES please see the Kindle page and www.marijuanamemoir.com. In that moment in time where the world stood still, we were all forced to face our humanity in so many ways. The year was 2020, it

likened to a roller coaster ride, with all of the bells and whistles, and a horror movie that scared the life out of you, and a true story that is unfortunately. This anthology is a collection of writers from all over the world giving their first-hand account of what it is like living in the year 2020 during a pandemic, epidemic, and all the social issues that affected every life on the planet. These days when asked "how are you?" many of us respond with some combination of worried, tired, anxious, or just plain stressed. That's because stress and the events that trigger it surround us. We need look no further than the device in our hand to find something to knock us off balance. Add to that ever-changing work and school landscapes and challenging family and relationship dynamics, and the stage is set for us to end each day with our energy depleted. Just Say It provides simple tools to renegotiate your relationship with stress and reclaim your energy and balance. The book's 12 mantras will change your life in at least three important ways: - You'll find your own, unique source of resilience to handle whatever life throws your way. - You'll build a quiet confidence that will show up in how you interact with others.- As you begin living life by your rules, you'll spend more time knowing, loving and, and simply being your true self.

What will it take for her to Just Say Yes? Scott Taylor has the perfect life. He gets to fulfill his dream playing professional hockey, has a loving family, and a tight group of friends. But one thing missing in his life is a partner to come home to. He knows exactly who he wants to fill that position- the only woman he has ever loved. The one who got away, who constantly consumes his every thought. What it would take to get her to Say Yes to a second chance? Becca Phillips is an independent

woman who has made her career as an ER nurse a priority in her life. She has a loving family and a best friend by her side, but she can't seem to get over her first love, Scott. Insecurities led her to break up with him years ago when he started climbing the ladder in professional hockey and, for eight years, Becca has avoided seeing Scott when he returns home each summer. Can she overcome her fears and allow love back into her life? All she has to do is say Yes to the one and only man she has ever loved. After refusing drugs and alcohol offered by an older student at school, Skip and his friends start a 'Just Say No' Club. From the UK's youngest grumpy man, who brought you A Certain Point of View, comes another hilarious collection of rants. Eddie Hall's one-man crusade against the forces of stupidity continues in his second journal. In this book, Eddie tries to uncover the answers to more important worldly questions, like why cinema seats are designed to paralyse people from the waist down (why in the name of Dumbledore's danglies do they make the seats so uncomfortable?) as well as offer useful insights; if people who drive Nissan Micras are the herpes of the road, people who ride Mopeds are the gonorrhoea (they are slow, ugly, unsafe and could make even Keira Knightley look ridiculous and unattractive) and why no man will ever understand what a woman is talking about (I've yet to fully master this bizarre language). Like Eddie's previous book, this is a collection of satirical articles covering a wide range of topics that will be enjoyed by fans of humorous books. Eddie, whose writing style is comparable to that of Jeremy Clarkson, adopts an informal, conversational style that draws the reader in and allows them to relate to his (very valid) points. Warning: This book contains sarcastic

material. Do not read if you suffer from any of the following conditions: A sense of humor deficiency, Humorphobia, Easilyoffendeditis or Americanitis. Manhattan journalist Michelle Michaels just can't seem to get a break when she finds her subject of false rumors. Now she's being blindsided by her boss. Wrongly suspecting her of trading sex for scoops, he gets in to the shady newsroom gossip and sent Michelle quietly packing on a leave of absence to her hometown of Detroit where some family secrets still lurk. With a career on the DL and life at low-ebb, Michelle's hit rock bottom-until she meets the dimpled, and delicious Wesley Abbott... Detroit reporter Wesley Abbott's plate is full investigating a corrupt local judge. Now he's got something else to investigate-and she's the sweetest thing to sashay into the Herald in years. But Michelle and Wesley have more in common than they ever imagined, and it's not just the vibes. In fact, it's a scandal! And when these two bodies bump, it does trouble-with a capital T... Matthew had fallen for Georgia the moment he sat opposite her on a train. Accidentally walking off with the wrong mobile phone gave him the ideal opportunity to see her again. After her late husband had left her with a pile of debts, Georgia had a phobia about having a man in her life. Matthew Fraser might have been rich, he might have been wonderful with her kids, he might have continually come to her rescue... But no, she wouldn't be swayed; she wouldn't let him get under her skin. But Matthew was a patient man, and equally determined... Saving myself for marriage, not hardly. Saving myself for someone who will make my heart race, most definitely. In theory it's a good plan, however even the best-laid plans can fall through. Seeing him, being around him, alerts all my senses

dream about being his, wrapping myself in his arms and never letting go. The only problem - he sees me as his sister. My Ava Evans and I'm in love with my older brother's best friend Nate Garrison. Burying myself in work for the past two years avoiding any thought of her, has worked, until now. She's everywhere, in my dreams, in my gym, and in my heart. I'm sure when I fell in love with Ava Evans, but I am completely in love with my best friend's baby sister. At first she was too young for me and that made it easy to stay away. Now, it's a struggle to keep my distance. How am I supposed to resist her when I can't even escape her? If he ever found out, it would ruin our friendship. Even with that knowledge all she would have to do is... Just When. 18+" Fresh for the holidays, this hilarious and warm-hearted review of the top holiday stories of the last two months (with a special focus on Christmas Present) sparkles with a mix of shiny, new Christmas tales and tidbits, including vital stories about eating, shopping and other manifestations of the Christmas season, the Santa controversy, and much more. This Christmas join Levi De La Fuentes and McKenzies in Blossom Creek as they celebrate the grand opening of Emelia's Restaurant. Over two years after Levi De La Fuente's parents opened the first Emelia's, Levi and his cousin Ryan are getting ready to open a second location. Emma De La Fuente manages the first Emelia's in Essex, Vermont for her parents. She's in town to assist her brother and cousin in getting the new restaurant ready for its grand opening. However, she didn't plan on the strong attraction she feels toward the town Sheriff. The man with his sweet and heated looks has managed to derail her plans on returning home. While his sister is distracted, Levi finds himself in ne

rescuing from a rather embarrassing situation. Luckily for her, Vivien Taylor, owner of Temptations, Blossom Creek's hand-dipped chocolate store, appears just at the right time. If only he did not crave the sweet woman, then maybe, this situation would not be so awkward. Blossom Creek just might be warm enough to melt the snow this holiday season. Even a hard man needs a soft side.

Marko Sendoa isn't a beach man. He's not an Aucklander. He's a hard man. Born Basque tough, raised in the heart of New Zealand's Southern Alps, and bred on hard work, discipline, and getting the job done. It's not easy for a rugby flanker who's spent 13 bruising seasons to make it to age 32 at the top of his game, but he's done it. Next year is the Rugby World Cup, and he'll do whatever it takes to be on the field in the black jersey when the anthems are sung. He doesn't need a kitten. He doesn't need a pregnant cousin. He definitely doesn't need a too-short, distractingly curvy, totally unimpressed Maori barista and part-time pet portraitist who fills his house and his life with too much color, too much chaos, and too many secrets. He's getting there anyway. If you do not try it, how will you ever know if you can do it? If you do not keep trying, how will you know how good you can become? This book explains seven steps that are essential if you want to master the art of public speaking. The fear of public speaking is conquerable. Although it's not a quick fix, it is possible that you can be made into a confident orator once you begin your journey to public speaking that is outlined in this book. ABOUT THE AUTHOR Before becoming a romance writer, Danielle Norman was a body double for Heidi Klum and a backup singer for Adele. Now, she spends her days trying to keep away from Theo James who won't stop calling her and asking her out. All of this happens before she wakes up and reality where in fact she's a 50 something mom with grown up kids she's been married longer than Theo's been alive, and she now get her kicks riding a Harley. Danielle describes her books as Hallmark with sex. "This Morning" co-Anchor Gayle King, and CNN's chief medica
correspondent and practicing neurosurgeon Dr. Sanjay Gupta
"help fight loneliness, lift spirits, and brighten days to save
Researchers have said loneliness can cut off a lifespan by t
years. Oprah's initiative, if successful, could add ten years o
existence to lonely lives, but Oprah is not the first celebrity
launch such altruistic enterprise: Stevie Wonder went that
in 1984 with "I Just Called to Say I Love You", and in 1985
Michael Jackson, Lionel Richie, Quincy Jones and a host of

superstars with "We Are the World". Had those earlier initiatives succeeded, Oprah's campaign might not be necessary. But, there are also available often overlooked very precious time-tested scientifically backed biblical formulas for combating loneliness, some of which are cited in this book in the hope that, perhaps Oprah and her team may consider using their celebrity position to help America focus on the things of GOD. For, "no eye has seen, nor ear has heard, and human mind has conceived the things God has prepared for those who love him" (1Cor. 2:9)

NEW YORK TIMES BESTSELLER From Academy Award winner and bestselling author Diane Keaton comes a candid, hilarious and deeply affecting look at beauty, aging, and the importance of staying true to yourself—no matter what anyone else thinks. Keaton has spent a lifetime coloring outside the lines of the conventional notion of beauty. In *Let's Just Say It Wasn't Perfect* she shares the wisdom she's accumulated through the years as a mother, daughter, actress, artist, and international style icon. This is a book only Diane Keaton could write—a smart and funny chronicle of the ups and downs of living and working in a world obsessed with beauty. In her one-of-a-kind voice, Keaton offers up a message of empowerment for anyone who's ever dreamed of kicking back against the "should"s and "supposed to"s that undermine our pursuit of beauty in all its forms. From a mortifying encounter with a makeup artist who tells her she has to get her eyes fixed to an awkward excursion to Victoria's Secret with her teenage daughter, Keaton shares funny and not-so-funny moments from her life in and out of the public eye. For Diane Keaton, being beautiful starts with being true to who you are. In this book she also offers self-knowing commentary on the

personal choices she's made through the years: the wide-brimmed hats, outrageous shoes, and all-weather turtlenecks have made her an inspiration to anyone who cherishes truly individual style—and catnip to paparazzi worldwide. She recaps her experiences with the many men in her life—including Warren Beatty, Jack Nicholson, Al Pacino, and Sam Shepard—shows how our ideals of beauty change as we age, and explains why a well-lived life may be the most beautiful thing of all. Wryly observant and as fiercely original as Diane Keaton herself, *Let's Just Say It Wasn't Pretty* is a head-turner of a book that holds up a mirror to our beauty obsessions—and encourages us to like what we see. Praise for *Let's Just Say It Wasn't Pretty* “Behind the sterling movie credits and tomboyish wardrobe, we see a soulful and thoughtful woman contemplating the narrative arc of her own life.”—*Newsweek* “Delicious writing . . . This book is like a delicious lunch with the movie star you thought you'd never be lucky enough to meet. . . . Diane Keaton is in a class by herself and this book is good for the soul.”—*Liz Smith, Chicago Tribune* “She is talented, iconic, quirky . . . and wonderfully blunt. This is just a small sampling of the reasons we love Diane Keaton, and they permeate the pages of her new memoir.”—*Elle* “As disarmingly personable as the actress herself.”—*The Huffington Post* “Witty, thoughtful, uplifting, the truth, unvarnished—and very funny.”—*Toronto Star* The author's columns of the antics of her four offspring in small-town middle-America were only the beginning. While teaching English and German for 18 years, she took students to Washington DC and the N.Y. World's Fair and was their sponsor, saw her children out the door while teaching at Batavia High School and West Aurora High School in the

Chicago suburbs, and then completed a Masters of Theology at Bethany Theological Seminary. From there she went to the University of Chicago Oriental Institute, focusing on Syro-Palestinian Archaeology, spending 10 summers in Israel and Jordan. It was at Chicago that she met her current husband, who now lives in Trophy Club, TX. From then until her retirement in 2010, she was Sr. Technical Editor for the Flora of N. America project. Now retired and in her 80's, the author felt it was time to revisit these stories to relive these fun-filled years once again and make them available to her extended family, friends, and anyone else that enjoys the daily humor of family life. Explains how Buddhist meditation can help teenagers cope with the difficulties in their daily situations, and discusses mindfulness, meditation techniques, balance, and applying the effects of meditation to everyday life. No one would have guessed a marriage could sprout from a one-night stand, but Holly Radcliffe and Austin Bailey appear to be written in the stars. From the backseat of Austin's Jeep to the altar they come. The town of Lake Star along with the Bailey's are prepping for the event of the year as usual things never go smoothly with these nine siblings—let's not forget Grandma Dori! This is a novella in the Bailey series! Short and Steamy Reads... Ten drool-worthy doctors take the stage, And all I needed to do was place the highest bid for a date with my own Doctor Dreamy. With his boyish charm, pale skin, and eyes the color of melted caramel—Dr. Alex Renner has turned my heart to butter. Our chemistry was off the charts as we teased and taunted each other, our personalities a perfect fit. But this was just for charity, right? Or could there be something more—I sure hoped so... Reviews: "Paige goes to a bachelorette party"

action fund raiser for the hospital and feasts her eyes on a handsome, available Dr. One in particular grabs her attention. From the moment she meets Alex, they both feel the spark. They are both outgoing and sassy and their chemistry is perfect with each other. A fun, quick read!" - Leslie Whitaker, Goodreads
