Breaking Out of Beginner's Spanish Oct 22 2019 Many language books are boring—this one is not. Written by a native English speaker who learned Spanish the hard way—by trying to talk to Spanish-speaking people—it offers English speakers with a basic knowledge of Spanish hundreds of tips for using the language more fluently and colloquially, with fewer obvious "gringo" errors. Writing with humor, common sense, and a minimum of jargon, Joseph Keenan covers everything from pronunciation, verb usage, and common grammatical mistakes to the subtleties of addressing other people, "trickster" words that look alike in both languages, inadvertent obscenities, and intentional swearing. He guides readers through the set phrases and idiomatic expressions that pepper the native speaker's conversation and provides a valuable introduction to the most widely used Spanish slang. With this book, both students in school and adult learners who never want to see another classroom can rapidly improve their speaking ability. Breaking Out of Beginner's Spanish will be an essential aid in passing the supreme language test—communicating fluently with native speakers.

Marcus Vega Doesn't Speak Spanish Apr 28 2020 One boy's search for his father leads him to Puerto Rico in this moving-middle grade novel, for fans of Ghost and See You in the Cosmos. Marcus Vega is six feet tall, 180 pounds, and the owner of a premature mustache. When you look like this and you're only in the eighth grade, you're both a threat and a target. After a fight at school leaves Marcus facing suspension, Marcus's mom decides it's time for a change of environment. She takes Marcus and his younger brother to Puerto Rico to spend a week with relatives they don't remember or have never met. But Marcus can't focus knowing that his father—who walked out of their lives ten years ago—is somewhere on the island. So begins Marcus's incredible journey, a series of misadventures that take him all over Puerto Rico in search of his elusive namesake. Marcus doesn't know if he'll ever find his father, but what he ultimately discovers changes his life. And he even learns a bit of Spanish along the way.

Proyectos políticos y culturales en las realidades caribeñas de los siglos XIX y XX Jun 30 2020 Monografie, na níž se podíleli historikové a literární vědci z Kuby, Francie, Španělska, České republiky a dalších států, pojednává o různých politických a kulturních projektech v karibské oblasti v průběhu devatenáctého a dvacátého století, přičemž je sledován proces jejich realizace, popřípadě důvody, proč zůstaly projekty nerealizovány. Společným zájmem hned několika odborníků je řešení otázky otroctví na Kubě v devatenáctém století, jehož likvidace byla součástí problému ekonomickým, sociálním a kulturním. Na tuto problematiku pak navazují další autoři zabývající se literárními projekty dvacátého století, v nichž je sledován odkaz na africké dědictví v literaturách karibských ostrovů.

Investigating Translation May 29 2020 This volume brings together a selection of papers presented at an international conference on Translation Studies in Barcelona in 1998. The papers illustrate four areas that are of particular interest in translation research today in Europe, Asia and Latin America. The purpose of the first section, 'Investigating Translation Paradigms', is to reach a critical revision of existing paradigms and to develop new ones in approaching the translated text. The second section, 'Investigating the Translation Process', focuses on the skills, knowledge and strategies that make up translation competence. The third section, 'Investigating Translation and Ideology' addresses not only the 'invisible' influence of ideologies on the translator, but also the role of translators in transmitting ideology. The fourth section, 'Investigating Translation Receivers' envisages translators as communicators caught between the opposing trends of localisation and globalisation. This tension can be seen in the selection of the papers, some of which reflect on research carried out in recently established translation centres in Spain, while others discuss the latest work of scholars from long established centres in other countries.
