Working on a Song Jan 02 2021 "Working On A Song is one of the best books about lyric writing for the theater I've read."—Lin-Manuel Miranda Anaïs Mitchell named to TIME's List of the 100 Most Influential People in the World of 2020 An illuminating book of lyrics and stories from Hadestown—the winner of eight Tony Awards, including Best Musical—from its author, songwriter Anaïs Mitchell with a foreword by Steve Earle On Broadway, this fresh take on the Greek myth of Orpheus and Eurydice has become a modern classic. Heralded as “The best new musical of the season,” by The Wall Street Journal, and “Sumptuous. Gorgeous. As good as it gets,” by The New York Times, the show was a breakout hit, with its poignant social commentary, and spellbinding music and lyrics. In this book, Anaïs Mitchell takes readers inside her more than decade’s-long process of building the musical from the ground up—detailing her inspiration, breaking down the lyrics, and opening up the process of creation that gave birth to Hadestown. Fans and newcomers alike will love this deeply thoughtful, revealing look at how the songs from “the underground” evolved, and became the songs we sing again and again.

Escape from Syria May 06 2021 "Groundbreaking and unforgettable." --Kirkus (starred review) "This is a powerful, eye-opening graphic novel that will foster empathy and understanding in readers of all ages." --The Globe and Mail "In league with Art Spiegelman's Maus and Marjane Satrapi's Persepolis, this is a must-purchase for any teen or adult graphic novel collection." --School Library Journal (starred review) From the pen of former Daily Star (Lebanon) reporter Samya Kullab comes this breathtaking and hard-hitting story of one family's struggle to survive in the face of war, displacement, poverty and relocation. *Escape from Syria* is a fictionalized account that calls on real-life circumstances and true tales of refugee families to serve as a microcosm of the Syrian uprising and the war and refugee crisis that followed. More than 22,000 copies of the book have sold to date and sadly there is no end in sight for the catastrophe in Syria. Knowing a personal story from behind the news helps young people to understand. The story spans six years in the lives of Walid, his wife Dalia, and their two children, Amina and Youssef. Forced to flee from Syria, they become asylum-seekers in Lebanon, and finally resettled refugees in the West. It is a story that has been replayed thousands of times by other families. When the family home in Aleppo is destroyed by a government-led bomb strike, Walid has no choice but to take his wife and children and flee their war-torn and much loved homeland. They struggle to survive in the wretched refugee camps of Lebanon, and when Youssef becomes very ill as a result of the poor hygienic conditions, his father is forced to take great personal risk to save his family. Walid's daughter, the young Amina, a whip-smart grade-A student, tells the story. As she witnesses firsthand the harsh realities that her family must endure if they are to survive -- swindling smugglers, treacherous ocean crossings, and

jihadist militias -- she is forced to grow up very quickly in order to help her parents and brother. Kullab's narrative masterfully maps both the collapse and destruction of Syria, and the real-life tragedies faced by its citizens still today. The family's escape from their homeland makes for a harrowing tale, but with their safe arrival in the West it serves as a hopeful endnote to this ongoing worldwide crisis. Beautiful illustrations by Jackie Roche -- whose work on the viral web-comic, Syria's Climate Conflict, was seen prominently in Symboliamag.com, Upworthy.com and Motherjones.com, among others -- bring Kullab's words to life in stunning imagery that captures both the horror of war and the dignity of human will.

The Twittering Machine Jul 08 2021 A brilliant probe into the political and psychological effects of our changing relationship with social media Former social media executives tell us that the system is an addiction-machine. We are users, waiting for our next hit as we like, comment and share. We write to the machine as individuals, but it responds by aggregating our fantasies, desires and frailties into data, and returning them to us as a commodity experience. The Twittering Machine is an unflinching view into the calamities of digital life: the circus of online trolling, flourishing alt-right subcultures, pervasive corporate surveillance, and the virtual data mines of Facebook and Google where we spend considerable portions of our free time. In this polemical tour de force, Richard Seymour shows how the digital world is changing the ways we speak, write, and think. Through journalism, psychoanalytic reflection and insights from users, developers, security experts and others, Seymour probes the human side of the machine, asking what we're getting out of it, and what we're getting into. Social media held out the promise that we could make our own history—to what extent did we choose the nightmare that it has become?

The Night Children: An Escape From Furnace Story May 18 2022 It is December 1944 and Europe is still gripped by war. In the densely forested mountains of Belgium one of the conflict's most brutal battles is raging. Cut off from the front, a ragtag group of young British and American soldiers finds itself being hunted by a patrol of elite German Special Forces, including a newly commissioned officer called Kreuz—a teenage boy who will grow up to become Warden Cross (the fearsome prison director who will one day rule Furnace Penitentiary, the terrifying underground prison specially built for teen offenders). As both sides fight for their lives in the unforgiving terrain, however, they start to realize that there are worse things hiding in the snow than soldiers. There are creatures out there with gas masks and piggy eyes (ancestors of Furnace prison's "wheezers")—demonic entities that cannot be killed by guns and grenades, monsters who do not care what uniforms their victims are wearing so long as they bleed, and so long as they scream . . . Going Solo Jul 28 2020 In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of

school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert, rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' Evening Standard 'A non-stop demonstration of expert raconteurship' The New York Times Book Review Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, *Roald Dahl's Twisted Tales* by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.
