web on the page below you will find all lenses registered on lensora that are compatible with nikon d80 it also shows you the focal length that you will experience since this camera does not have a full format sensor and a focal length multiplier mentioned above all compatible lenses for nikon d80 view compatible

lenses for nikon d80 per category web the nikon d80 was first announced by nikon back in 2006 as one of more advanced dx series cameras the only more advanced of the dx series is the d90 with video and few more features i've seen the nikon d80 described comparatively to other dsrls as a good entry level dsrl with many semi pro features borrowed from the d200 and d300 web auto fp high speed sync synchronizes the flash and shutter at high shutter speeds with the built in flash in commander mode the d80 can be used to control remote sb 800 sb 600 and sb r200 flash units see the speedlight manual for details page 132 sb 21b sb 29s 2 web 10 2 megapixel nikon dx format ccd imaging sensor effectively optimized by nikon to deliver a wide sophisticated systems throughout the d80 including high speed buffer memory handling fast image processing high speed memory card access and large system bus bandwidth help make this possible web the d80 is the

second nikon dsrl to use the sd card the d50 being the first rather than the cf card storage used in the d70 d70s and d200 and higher end models the higher storage capacity sdhc standard is also supported optional accessories edit wireless ml l3 ir remote control and mc dc1 remote cord battery mb d80 battery grip web many of the assets of nikon's d200 model in a lower priced model with a quality look and feel an interesting mix of point and shoot and serious camera nikon's d80 has been touted as a little sister to the d200 model and offers many of the same features and the quality feel users have come to expect from nikon dsrls like most recently released web 23 sep 2006 d80 manages to feel balanced in the hand nikon d80 handled low lighting very well d80 produced good natural skin tones in most cases color outdoors was excellent and very natural looking d80 handled these lighting challenges very well the camera was quick to start and generally very responsive web
