Dragon Jul 27 2020 Clive Cussler, author of over twenty consecutive New York Times bestsellers, brings back beloved hero Dirk Pitt in this electrifying, edge-of-your-seat thriller that is "a high-tech adventure, a little romance, and a whale of a story" (Richmond Times-Dispatch). The Pacific, 1993: A Japanese cargo ship bound for the United States is instantly, thunderously vaporized, taking with it a Norwegian vessel. Japanese fanatics have developed a chilling plan to devastate and destroy the Western powers. From the ocean depths to the discovery of cache of lost Nazi loot, Dirk Pitt is untangling a savage conspiracy and igniting a daring counterattack. While Washington bureaucrats scramble, a brutal industrialist commands his blackmail scheme from a secret island control center. And Dirk, the dauntless hero of Sahara and Inca Gold, is taking on death-dealing robots and a human-hunting descendant of samurai warriors. GAMESMANSHIP Sep 28 2020 For some, betraying justice is a small price to pay for riches. For others, the truth is more important than money. When deceit and integrity clash, gamesmanship controls the outcome. A legal thriller filled with compelling characters and suspense, GAMESMANSHIP is a masterful tale where justice becomes a dangerous game of hide-and-seek. After a workplace accident claims lives, a corrupt trial lawyer and a greedy business owner enter into a devious conspiracy to unfairly profit from the tragedy. For them, altering evidence — even committing murder — is justifiable when the shared reward is a half-billion dollars. The dead workers, a key witness, and the integrity of the justice system mean nothing to men who believe the rules don't apply to them. But three things stand in the way of their plunder: the ingenuity of the only witness who knows what really happened; the tenacity of two young and honest lawyers who represent a brave widow; and the inspiring common sense of an old-style courtroom legend, whose bungling demeanor and simple ways mask the genius necessary to discover the complex crime of the conspirators. Praise for Gamesmanship: "The struggle between good and evil, set in the context of a high-profile lawsuit with millions at stake, makes Gamesmanship a fun and fascinating read. Williams spins a tale of legal machinations with complete authority through characters you can never forget." — Margaret Leslie Davis Bestselling Author of *Dark Side of Fortune* "A great novel, like a good script, stirs emotions and sweeps you away in story. With Gamesmanship, David D Williams ably demonstrates what good storytelling is all about. It's a thrilling read." — Tony Thomas Award-Winning Film and Television Producer

Where the Highway Ends Feb 20 2020 David Edward Trench was seventeen and hitchhiking across western Texas. He had ten dollars in his pocket, and everything he owned was in his backpack. He was wanted by the law in three states for small-time robberies, but none of that was going to matter to him after tonight. In three hours David would be dead. David looked up at the dark and threatening sky and moaned, "Oh, man. I'm going to really get soaked this time." A brown, long-horned steer in the pasture across the road looked up at the sound of his voice. For a brief moment they stared into each other's dark eyes. The bone-thin steer quickly lost interest and went back to searching for something edible among the cacti and the west Texas dirt. David saw a jackrabbit scampering through the scrub brush. The steer ignored the long-eared creature as it hopped past. David looked in both directions of the narrow straight road. He could see from horizon to horizon, and there wasn't a vehicle of any kind in sight. There hadn't been in hours. His brain teased him with a list of what-ifs. What if the world had ended and everyone but him was dead? What if this was a dead-end highway and he was the only person on earth that didn't know it? What if he was headed straight toward some military test sight and was about to be blown up? He knew they still did nuclear testing someplace out west. He had read about it in the Enquirer. Any minute now a hydrogen bomb was going to explode, and he would disintegrate before he even had time to piss in his pants. David tried telling himself how crazy this kind of thinking was. There was just a temporary lull in traffic. That's all. This road he was traveling went to El Paso and then on to New Mexico and eventually would take him to California. There wouldn't be any bombs going off like in all those fifties "B" movies or killer viruses making him puke his guts out and maybe not dying but wishing he could. No. This was just a regular two-lane highway across a really big state that didn't seem to have a whole lot of people in it, at least not west of Dallas and Fort Worth. No. This highway went all the way to California, and that was where he was headed. He was going to make a new life for himself there, maybe even change his name, and no one would ever find out about his past and all those robberies. He had had two short rides today. With the luck he was having if a car did stop it would probably be a cop. Wouldn't that just take the cake? How had it come to this anyway? How did he end up on the wrong end of the law when he had started out with nothing but good intentions? He had always tried to be good. He respected the law. His foster parents, the Millers, were good Christian people, and they had tried to raise him in their good Christian home. They had always taught him that stealing was wrong. A person wasn't supposed to steal, cheat, lie, or kill. So, why was he wanted in Missouri, Arkansas, and Oklahoma? All he ever wanted to do when he set out was just to go to California and start a new life. He hadn't started out with any bad intentions. Committing those robberies had never entered his mind. David was sixteen and had two hundred and seventy dollars in his pocket, a full tank of gas, and lots of food in the back seat of the old blue 1968 Ford Falcon when he started out. He had gone as far as Knoxville, three hundred and fifty-five miles, when the fan belt broke. That hadn't been so bad, and there had been a gas station across the road from where he had coasted to a stop. He pushed the old car across the road and fifteen dollars later he was on his way again. A tire blew just outside of Nashville. He didn't have a spare. That had been somet

Holding Julie Santorelli--a niece of Sister Caterina and a witness to his identity--captive while hunted by the FBI, memories of the past overwhelm him. Seeing Julie in anguish reminds him of Kamilah. He struggles with guilt. Here, his hatred finally succumbs to it when he recalls the message in the Bible which, in part, says: '...what good is a victory if it turns you into your enemy?'
