The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.). Success on the Step is the story of a unique group of people. They happen to be people who have done amazing things with seaplanes, people who have never wavered from the principle on which the company was founded, "Do the right thing." For Kenmore Air's real triumph has been demonstrating that the only truly reliable ingredients for success are honesty, integrity, and respect. The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics. Finally, A comprehensive collector's book and historical reference containing everything there is to know about antique and vintage electric waffle irons and the companies that made them. The author, a former science teacher, precision scientific instrument maker, and writer, has for years collected, researched, restored, and in some cases written about everything from antique pocket watches and cameras to old radios and vintage automobiles. Bill's passion for antique electric appliances has led to this first-of-its-kind book. The author's collection of waffle makers, all meticulously restored to like-new condition, numbers in the hundreds. In this book he shares with the reader everything he's learned over the years about these little marvels and the companies and people that created them. This 258 page book is profusely illustrated with never-before-published materials about waffles and waffle irons including patent drawings, historic paintings, factory-issued literature, and vintage photos and advertisements. Also included are hundreds of informative photos of restored waffle irons from the author's personal collection along with rare and unusual examples from the collections of noted toaster and appliance aficionados from around the country. This is no ordinary collector-type picture book. It's the culmination of hundreds of hours of research into the history of the electric appliance industry in 20th century America. Through exclusive interviews with the heirs of company founders, with former employees, and with archivists, historians, and librarians, the author has been able to compile in-depth histories of over 85 appliance manufacturers and retailers. For the first time the reader will find detailed biographies of many of the men who founded and ran the companies that gave the world the toasters, the ovens, the grills, and the other kitchen appliances that today we all take for granted. An amazing collection of thousands of jokes - great for any occasions or just to get a great belly-laugh. A beautiful book that not only helps families develop traditions based on the significance of Thanksgiving, but also builds a foundation of gratefulness in their lives. Vols. 9-17 include decisions of the War Labor Board. Written for the ordinary consumer as well as for advertisers and trade regulators, this book aims to demonstrate how advertising can better serve its audience. The author discusses the tools of the advertising trade, and what the law will and will not allow, in his analysis of what's wrong with advertising, how regulation sanctions deception and what reforms are necessary. Ideally suited for a College or Technical Institution-level course, Some Assembly Required guides these students through the basics of writing that initiates, informs and documents the business of the workplace. As well, it illustrates how, as a technical writer, the student will depend on effective reading, listening and speaking skills to achieve their best results. Praised for its relevant, straightforward coverage, ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 13E illustrates how to apply legal concepts to business situations. This comprehensive, yet succinct, reader-friendly approach provides a depth of coverage ideal for business success and CPA exam preparation without technical jargon. Integrated and summarized landmark and recent cases work with more than 220 figures, tables, diagrams, and summaries to ensure understanding. Key legal terms are clearly defined and illustrated, while numerous examples relate material to real life. Critical-thinking features strengthen analytical skills as readers acquire a fundamental knowledge of the principles of law that apply to business transactions. Gain insight into the function and operation of courts and administrative agencies and learn to recognize potential legal problems in business. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Modern Consumer Law is a lively, concise, problem-focused text on contemporary consumer law. It is the only text on the market conceptualized after Dodd-Frank and its creation of the Consumer Financial Protection Bureau. The book takes a functional approach to consumer law, looking at types of transactions such as mortgages as well as kinds of laws such as disclosure rules. It examines core theoretical questions in an accessible way, revealing consumer law as a series of statutes built on the common law foundations of contract and tort. Organized into 28 class-sized assignments, the book is easy to adapt to a teacher's preferences in terms of focus and class credits. The problems provide students with the opportunity to apply statutes to realistic situations and ask them to consider the perspectives of consumers, businesses, and lawmakers. Katherine Porter is a national expert in consumer law and a co-author of Wolter Kluwer's The Law of Debtors and Creditors. The new edition of COMMUNICATIONS LAW: LIBERTIES, RESTRAINTS, AND THE MODERN MEDIA continues with the reviewer-praised readability, coverage of core topics, and currency that have been its consistent strengths. The author's interesting, hypothetical exercises have been a favorite among both professors and students. As in previous editions, the Sixth Edition includes a thorough update of cases and information to keep the text current. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Includes how-to information. Kaseberg/Cripe/Wildman's respected INTRODUCTORY ALGEBRA is known for an informal, interactive style that makes algebra more accessible to students while maintaining a high level of mathematical accuracy. This new edition introduces two new co-authors, Greg Cripe and Peter Wildman. The three authors have created a new textbook that introduces new pedagogy to teach students how to be better prepared to succeed in math and then life by strengthening their ability to solve critical-thinking problems. This text's popularity is attributable to the author's use of guided discovery, explorations, and problem solving, all of which help students learn new concepts and strengthen their skill retention.
