***This is the story of Francis Andrews, a young***

*man whose betrayal of his fellow smugglers has left a man dead. Fearing vengeance, he flees and takes refuge in the house of a young, isolated woman who persuades him to give evidence against his accomplices in court. But neither she nor Andrews is aware that to both criminals and authority, treachery is as great a crime as smuggling. Graham Greene proves a wonderful storyteller in this hilarious tale of the eccentricity of families and the pomposity of the middle class. Henry Pulling, a retired bank manager, meets his septuagenarian Aunt Augusta for the first time in over fifty years at what he supposes to be his mother's funeral. Soon after, she persuades Henry to abandon Southwood, his dahlias and the Major next door to travel her way, Brighton, Paris, Istanbul, Paraguay. Through Aunt Augusta, a veteran of Europe's hotel bedrooms, Henry joins a shiftless, twilight society: mixing with hippies, war criminals, CIA men; smoking pot, breaking all the currency regulations and eventually coming alive after a dull suburban life. In *Travels with my Aunt* Graham Greene not only gives us intoxicating entertainment but also confronts us with some of the most perplexing of human dilemmas. ***couiftry- women's names. You will both realise I have borrowed little else, certainly not the characters of anyone in Viet Nam. Pyle, Granger, Fowler, Vigot, Joe— these have had no originals in the life of Saigon or Hanoi, and General The is dead : shot in the back, so thfcy say. Even the historical events have been rearranged. For example, the big bomb near the Continental preceded and did not follow the bicycle bombs. I have no scruples about such small changes. This is a story and not a piece of history, and I hope that as a story about a few imaginary characters it will pass for both of you one hot Saigon evening. Violet-eyed siren Elizabeth Taylor and classically handsome Montgomery Clift were the most gorgeous screen couple of their time. Over two decades of friendship they made, separately and together, some of the era's defining movies—including Cat on a Hot Tin Roof, The Misfits, Suddenly, Last Summer, and Cleopatra. Yet the relationship between these two figures—one a dazzling, larger-than-life star, the other hugely talented yet fatally troubled—has never truly been explored until now. "Monty, Elizabeth likes me, but she loves you." —Richard Burton When Elizabeth Taylor was cast opposite Montgomery Clift in A Place in the Sun, he was already a movie idol, with a***

*natural sensitivity that set him apart. At seventeen, Elizabeth was known for her ravishing beauty rather than her talent. Directors treated her like a glamorous prop. But Monty took her seriously, inspiring and encouraging her. In her words, "That's when I began to act." To Monty, she was "Bessie Mae," a name he coined for her earthy, private side. The press clamored for a wedding, convinced this was more than friendship. The truth was even more complex. Monty was drawn to women but sexually attracted to men—a fact that, if made public, would destroy his career. But he found acceptance and kinship with Elizabeth. Her devotion was never clearer than after his devastating car crash near her Hollywood home, when she crawled into the wreckage and saved him from choking. Monty's accident shattered his face and left him in constant pain. As he sank into alcoholism and addiction, Elizabeth used her power to keep him working. In turn, through scandals and multiple marriages, he was her constant. Their relationship endured until his death in 1966, right before he was to star with her in *Reflections in a Golden Eye*. His influence continued in her outspoken support for the gay community, especially during the AIDS crisis. Far more than the story of two*

***icons, this is a unique and extraordinary love story that shines new light on both stars, revealing their triumphs, demons—and the loyalty that united them to the end. “Casillo weaves an engrossing story about the intertwined lives of his subjects — the parallel worlds of privilege that they came from, the personal misfortunes that each suffered and the seemingly inextricable path that led to that fateful night. The author approaches them both with sympathy and comes away with a melodrama as good as any that they ever starred in.” —The New York Times “In a riveting new book that brings Hollywood's golden age to life with colorful, well-researched details and interviews with stars who knew Taylor and Clift, Casillo explores the intense bond the two shared.” —People Magazine He combined his abilities as a wonderful storyteller and a master craftsman to bring respectability to the thriller genre, or what the author himself called “entertainments.” In his writings, Greene expressed serious and controversial views on religious, political, and social issues. As Eduardo Plarr, a local doctor, negotiates with revolutionaries and the authorities for Fortnum's release, the corruption of both becomes evident. In this spare, tense novel, Graham Greene explores the morality of a political system that turns priests into killers. WITH AN INTRODUCTION BY NICHOLAS SHAKESPEARE 'Perhaps the most enduring novel that even he has give us' Daily Mail Graham Greene's blackly comic espionage thriller, set amid the vice and squalor of pre-revolutionary Havana. Life in pre-revolutionary Cuba is not easy and James Wormold, a failing vacuum cleaner salesman, is struggling to fund the increasingly lavish lifestyle of his manipulative sixteen year-old daughter, Milly. So when an enigmatic Englishman offers him an extra income in return for a little spying, he is sorely tempted... But when the fake reports he's been sending to London start to come true, Havana suddenly becomes a very dangerous place indeed. Both a brilliant Cold War thriller and hilarious work of satire, Greene's classic tale of an accidental spy is a truly gripping read. ***racism, we often mean personal prejudice or institutional biases. Climate change doesn't work that way. It is structurally racist, disproportionately caused by majority White people in majority White countries, with the damage unleashed overwhelmingly on people of colour. The climate crisis reflects and reinforces racial injustices. In this eye-opening book, writer and environmental activist Jeremy Williams takes us on a short, urgent journey across the globe - from Kenya to India, the USA to Australia - to understand how White privilege and climate change overlap. We'll look at the environmental facts, hear the experiences of the people most affected on our planet and learn from the activists leading the change. It's time for each of us to find our place in the global struggle for justice. A Finalist for the 2022 Edgar Award A Washington Post Best Nonfiction Book of the Year A vivid, deeply researched account of the tumultuous life of one of the twentieth century's greatest novelists, the author of The End of the Affair. One of the most celebrated British writers of his generation, Graham Greene's own story was as strange and compelling as those he told of Pinkie the Mobster, Harry Lime, or the Whisky Priest. A journalist and MI6 officer, Greene sought out the inner narratives of war and politics across the world; he witnessed the Second World War, the Vietnam War, the Mau Mau Rebellion, the rise of Fidel Castro, and the guerrilla wars of Central America. His*

*classic novels, including The Heart of the Matter and The Quiet American, are only pieces of a career that reads like a primer on the twentieth century itself. The Unquiet Englishman braids the narratives of Greene's extraordinary life. It portrays a man who was traumatized as an adolescent and later suffered a mental illness that brought him to the point of suicide on several occasions; it tells the story of a restless traveler and unfailing advocate for human rights exploring troubled places around the world, a man who struggled to believe in God and yet found himself described as a great Catholic writer; it reveals a private life in which love almost always ended in ruin, alongside a larger story of politicians, battlefields, and spies. Above all, The Unquiet Englishman shows us a brilliant novelist mastering his craft. A work of wit, insight, and compassion, this new biography of Graham Greene, the first undertaken in a generation, responds to the many thousands of pages of letters that have recently come to light and to new memoirs by those who knew him best. It deals sensitively with questions of private life, sex, and mental illness, and sheds new light on one of the foremost modern writers. ***Driven away from his parish by a censorious bishop, Monsignor Quixote sets off across Spain accompanied by a deposed renegade mayor as his own Sancho Panza, and his noble steed Rocinante - a faithful but antiquated SEAT 600. Like Cervantes's classic, this comic, picaresque fable offers enduring insights into our life and times. A study of Graham Greene's novels. Also provides concise plot summaries. In 1936, Graham Greene set off to discover Liberia, a West African republic founded for released slaves. Crossing the terrain from Sierra Leone to Grand Bassa, he came to know an area of Africa untouched by Western colonisation. Graham Greene's masterful novel of love and betrayal in World War II London is "undeniably a major work of art" (The New Yorker). Maurice Bendrix, a writer in Clapham during the Blitz, develops an acquaintance with Sarah Miles, the bored, beautiful wife of a dull civil servant named Henry. Maurice claims it's to divine a character for his novel-in-progress. That's the first deception. What he really wants is Sarah, and what Sarah needs is a man with passion. So begins a series of reckless trysts doomed by Maurice's increasing romantic demands and Sarah's tortured sense of guilt. Then, after Maurice miraculously survives a bombing, Sarah ends***
