Mariner Jan 10 2022 Poet and theologian Malcolm Guite leads readers on a journey with Samuel Taylor Coleridge, whose own life paralleled the experience in his famous poem "The Rime of the Ancient Mariner." On this theological voyage, Guite draws out the continuing relevance of this work and the ability of poetry to communicate the truths of humanity's fallenness, our need for grace, and the possibility of redemption.

Learn the Nautical Rules of the Road Jun 22 2020 Collisions are expensive! Learning, understanding and remembering the International Regulations for Preventing Collisions at Sea (COLREGS) is essential for anyone venturing onto the water. Leisure boaters, as much as professional mariners, need to know the rules, and a firm understanding is required to pass many nautical exams. But with the COLREGS stretching to over 12,000 words, this is no small task. This is where Paul Boissier's excellent book comes in. Paul knows the COLREGS backwards having used them extensively in his career with the Royal Navy – from the bridges of submarines and warships which he has commanded, with each giving a rather different perspective on other shipping! He also knows the other side well with his extensive cruising experience, from his early years with his father to now, sailing his own yacht. These experiences mean that he knows and understands the COLREGS from both sides and this gives him the ability to take you through the COLREGS from a mariners' and sailors' perspective. He brings the vital, but dry, document to life, going through it not in order, but by topics which are relevant to the mariner and sailor. Paul explains the intention of each rule and how it should be applied when at sea. He includes personal anecdotes (not all favourable to him!) which make everything real and tells us how he remembers different aspects of the Regulations through mnemonics and other devices. Finally, each chapter ends with a self-test to reinforce what has been learnt – other tests are also available online on the Fernhurst Books' website. This new edition has been updated with the 2016 changes to the CLOREGS. Whether you want to increase your confidence, pass an exam, require an on-board reference, or wish to improve your understanding of the nautical rules of the road, this is the ideal book for you.

Mariners, Renegades, and Castaways Sep 25 2020 Political theorist and cultural critic, novelist and cricket enthusiast, C. L. R. James (1901 - 1989) was a brilliant polymath who has been described by Edward Said as "a centrally important 20th-century figure." Through such landmark works as *The Black Jacobins*, *Beyond a Boundary*, and *American Civilization*, James's thought continues to influence and inspire scholars in a wide variety of fields. "There is little doubt," wrote novelist Caryl Phillips in *The New Republic*, "that James will come to be regarded as the outstanding Caribbean mind of the twentieth century." In his seminal work of literary and cultural criticism, *Mariners, Renegades and Castaways*, James anticipated many of the concerns and ideas that have shaped the contemporary fields of American and Postcolonial Studies, yet this widely influential book has been unavailable in its complete form since its original publication in 1953. A provocative study of *Moby Dick* in which James challenged the prevailing Americanist interpretation that opposed a "totalitarian" Ahab and a "democratic, American" Ishmael, he offered instead a vision of a factory-like Pequod whose "captain of industry" leads the "mariners, renegades and castaways" of its crew to their doom. In addition to demonstrating how such an interpretation supported the emerging US national security state, James also related the narrative of *Moby Dick*, and its resonance in American literary and political culture, to his own persecuted position at the height (or the depth) of the Truman/McCarthy era. It is precisely this personal, deeply original material that was excised from the only subsequent edition. With a new introduction by Donald E. Pease that places the work in its critical and cultural context, *Mariners, Renegades and Castaways* is once again available in its complete form.

The Rime of the Ancient Mariner Jun 15 2022

Monkey Beach Jan 18 2020 A young Native American woman remembers her volatile childhood as she searches for her lost brother in the Canadian wilds in an extraordinary, critically acclaimed debut novel As she races along Canada's Douglas Channel in her speedboat—heading toward the place where her younger brother Jimmy, presumed drowned, was last seen—twenty-year-old Lisamarie Hill recalls her younger days. A volatile and precocious Native girl growing up in Kitimaat, the Haisla Indian reservation located five hundred miles north of Vancouver, Lisa came of age standing with her feet firmly planted in two different worlds: the spiritual realm of the Haisla and the sobering "real" world with its dangerous temptations of violence, drugs, and despair. From her beloved grandmother, Ma-ma-oo, she learned of tradition and magic; from her adored, Elvis-loving uncle Mick, a Native rights activist on a perilous course, she learned to see clearly, to speak her mind, and never to bow down. But the tragedies that have scarred her life and ultimately led her to these frigid waters cannot destroy her indomitable spirit, even though the ghosts that speak to her in the night warn her that the worst may be yet to come. Easily one of the most admired debut novels to appear in many a decade, Eden Robinson's *Monkey Beach* was immediately greeted with universal acclaim—called "gripping" by the *San Diego Union-Tribune*, "wonderful" by the *Milwaukee Journal Sentinel*, and "glorious" by the *Globe and Mail*, earning nominations for numerous literary awards before receiving the Ethel Wilson Fiction Prize. Evocative, moving, haunting, and devastatingly funny, it is an extraordinary read from a brilliant literary voice that must be heard.
