'Makes Game of Thrones look like Jackanory' Independent on The Traitor The traitor Baru Cormorant is now the cryptarch Agonist – a secret lord of the corrupt empire she's vowed to destroy. But to gain the power to shatter this Empire of Masks, she's had to betray everyone she loved. She's now hunted by a mutinous admiral and haunted by the wound which has split her mind in two. But Baru is still leading her dearest foes on an expedition, to gain the secret of immortality. It's her best and perhaps only chance to trigger a war – one that would consume the Masquerade. But Baru's heart is broken, and she fears she can no longer tell justice from revenge . . . or her own desires from the will of the man who remade her. The Monster is a breathtaking epic fantasy (published as The Monster Baru Cormorant in the US). It's the sequel to The Traitor, Seth Dickinson's powerful, critically acclaimed debut novel. 'A fascinating tale of political intrigue and national unrest' – Washington Post on The Traitor 'Dickinson's originality and ambition are to be applauded' – Guardian on The Traitor A USA Today bestseller The "I love Murderbot!" —Ann Leckie Artificial Condition is the follow-up to Martha Wells's Hugo, Nebula, Alex, and Locus Award-winning, New York Times bestselling All Systems Red It has a dark past—one in which a number of humans were killed. A past that caused it to christen itself “Murderbot”. But it has only vague memories of the massacre that spawned that title, and it wants to know more. Teaming up with a Research Transport vessel named ART (you don't want to know what the “A” stands for), Murderbot heads to the mining facility where it went rogue. What it discovers will forever change the way it thinks... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. "Set within a system of decaying world-ships travelling through deep space ... follows a pair of sisters who must wrest control of their war-torn legion of worldships --and may have to destroy everything they know in order to survive"-- From Emma Newman, the award-nominated author of Between Two Thorns, comes a novel of how one secret withheld to protect humanity's future might be its undoing... Renata Ghali believed in Lee Suh-Mi's vision of a world far beyond Earth, calling to humanity. A planet promising to reveal the truth about our place in the cosmos, untainted by overpopulation, pollution, and war. Ren believed in that vision enough to give up everything to follow Suh-Mi into the unknown. More than twenty-two years have passed since Ren and the rest of the faithful braved the starry abyss and established a colony at the base of an enigmatic alien structure where Suh-Mi has since resided, alone. All that time, Ren has worked hard as the colony's 3-D printer engineer, creating the tools necessary for human survival in an alien environment, and harboring a devastating secret. Ren continues to perpetuate the lie forming the foundation of the colony for the good of her fellow colonists, despite the personal cost. Then a stranger appears, far too young to have been part of the first planetfall, a man who bears a remarkable resemblance to Suh-Mi. The truth Ren has concealed since planetfall can no longer be hidden. And its revelation might tear the colony apart... Two names. One face. A dangerous secret exposed. Morgan never minded her boyfriend Flynn's dark and private nature. She found it mysterious and alluring. But now he's dead, and she can't move on. She feels much like her dying town, River's End, with its overgrown amusement park and abandoned houses: once happy . . . now fading away. Hoping for some closure, Morgan uploads her only picture of Flynn to the social media site FriendShare along with a note to say good-bye. But she's shocked when the facial recognition software suggests she tag him as Evan Murphy. She's never heard of Evan. A quick search reveals that he lives in a nearby town and looks exactly like Flynn. Same eyes, nose, jawline. Only this boy is very much alive. Digging through layers of secrets, Morgan questions everything she thought she knew about her town, her boyfriend, and even her parents' involvement in this massive web of lies. Forget Me is a heart-pounding novel that draws you in and keeps you guessing until the very end. Somewhere on the outer rim of the

universe, a mass of decaying world-ships known as the Legion is traveling in the seams between the stars. Here in the darkness, a war for control of the Legion has been waged for generations, with no clear resolution. As worlds continue to die, a desperate plan is put into motion. Zan wakes with no memory, prisoner of a people who say they are her family. She is told she is their salvation - the only person capable of boarding the Mokshi, a world-ship with the power to leave the Legion. But Zan's new family is not the only one desperate to gain control of the prized ship. Zan finds that she must choose sides in a genocidal campaign that will take her from the edges of the Legion's gravity well to the very belly of the world. Zan will soon learn that she carries the seeds of the Legion's destruction - and its possible salvation. But can she and the band of cast-off followers she has gathered survive the horrors of the Legion and its people long enough to deliver it? In the tradition of *The Fall of Hyperion* and *Dune*, *The Stars Are Legion* is an epic and thrilling tale about tragic love, revenge, and war as imagined by one of the genre's most celebrated new writers. File Under: Science Fiction NAMED BY PUBLISHERS WEEKLY AS A BEST BOOK OF 2019 "Passionately brutal, fierce, and furious in voice and pace. It's a particularly cinematic experience of war, Full Metal Jacket meets *Edge of Tomorrow*." —The New York Times From the Hugo Award-winning author of *The Stars Are Legion* comes a science fiction thriller about a futuristic war during which soldiers are broken down into light in order to get them to the front lines on Mars. They said the war would turn us into light. I wanted to be counted among the heroes who gave us this better world. The Light Brigade: it's what soldiers fighting the war against Mars call the ones who come back...different. Grunts in the corporate corps get busted down into light to travel to and from interplanetary battlefronts. Everyone is changed by what the corps must do in order to break them down into light. Those who survive learn to stick to the mission brief—no matter what actually happens during combat. Dietz, a fresh recruit in the infantry, begins to experience combat drops that don't sync up with the platoon's. And Dietz's bad drops tell a story of the war that's not at all what the corporate brass want the soldiers to think is going on. Is Dietz really experiencing the war differently, or is it combat madness? Trying to untangle memory from mission brief and survive with sanity intact, Dietz is ready to become a hero—or maybe a villain; in war it's hard to tell the difference. "One of the best story collections of the past few years." --Booklist, starred review "16 hard-edged pieces that gleam like gems in a mosaic." --Publishers Weekly, starred review "Kameron Hurley is a badass." --Annalee Newitz, author of *Autonomous* When renegade author Kameron Hurley (*The Light Brigade*; *The Stars Are Legion*) takes you to the future, be prepared for the unexpected. Yes, it will be dangerous, frequently brutal, and often devastating. But it's also savagely funny, deliriously strange, and absolutely brimming with adventure. In these edgy, unexpected tales, a body-hopping mercenary avenges his pet elephant, and an orphan falls in love with a sentient starship. Fighters ally to power a reality-bending engine, and a swamp-dwelling introvert tries to save the world—from her plague-casting former wife. So come meet Kameron Hurley in the future. The version she's created here is weirder—and far more hopeful—than you could ever imagine. There was nothing Jarek Mace wouldn't do for the right price—including becoming a hero. The Angostin hordes raged over the Southern Borders. Evil sorcery ruled, and the vampyre kings lived once more. The Highland people were in much need of a great hero. Jarek Mace needed nothing and no one—not even that bard Owen Odell, with whom he now traveled. But when Mace harassed the Angostins for his own purposes, he inadvertently aided the Highland people. And now he was being hailed as a hero, a legend, the great Morningstar returned. But Owen Odell knew the real man behind the people's tales. Mace was an outlaw, a bandit, a heartless thief. He was no savior of the people. He was no legend. Or was he? "It seems that every time I read a new David Gemmell novel it is better than the last—and Morningstar is no exception. . . . The main difference between the book and the myths it draws upon is that Gemmell includes some of the less savory characters who we suspect may have been at the basis of both Robin and Arthur."—Starburst A genius is abducted by an alien bounty-hunter for the location of a powerful inter-dimensional object. Trouble is, he can't remember a thing. Ben isn't exactly a genius, but he has an immense breadth of knowledge. Whether it's natural science (specifically the intricacies of bug sex), or vintage timepieces, he can spout facts and information with the best of experts. He just can't explain why he knows any of it. Another thing he knows is the location of the Chime. What it is or why it's important, he can't say. But this knowledge is about to get him in a whole heap of trouble, as a trash-talking, flesh construct bounty hunter is on his tail and looking to sell him to the highest bidder. And being able to describe the mating habits of Brazilian bark lice won't be enough to get him out of it. File Under: Science Fiction [Bloom of God | Patton you on the back | Eels Aplenty | Some Aliens Just Suck] Cassandra Khaw bursts onto the scene with *Hammers on Bone*, a hard-boiled horror show that Charles Stross calls "possibly the most promising horror debut of 2016." A finalist for the British Fantasy award and the Locus Award for Best Novella! John Persons is a private investigator with a distasteful job from an unlikely client. He's been hired by a ten-year-old to kill the kid's stepdad, McKinsey. The man in question is abusive, abrasive, and abominable. He's also a monster, which makes Persons the perfect thing to hunt him. Over the course of his ancient, arcane existence, he's hunted gods and demons, and broken them in his teeth. As Persons investigates the horrible McKinsey, he realizes that he carries something far darker. He's infected with an alien presence, and he's spreading

that monstrosity far and wide. Luckily Persons is no stranger to the occult, being an ancient and magical intelligence himself. The question is whether the private dick can take down the abusive stepdad without releasing the holds on his own horrifying potential. The Tai Mora ð invaders from a parallel universe ð have vanquished their counterparts and assumed control of the world called Raisa. The Saiduan are wiped out. The Dhai nation has broken apart. The remaining countries are in chaos. While the Dhai retreat and regroup, led by the recklessly headstrong Lilia, the Tai Mora begin to unravel the mystery of how to use the ancient Dhai holy places to harness the power of the stars and cement their tyrannical rule for another two thousand years. With more refugees from ravaged lands passing through the soft seams between worlds every day, time is running out for the Tai Mora and the last of the Dhai. Only one ruler, one nation, one world can survive. Who will be saved, and who will be sacrificed, when the heavens finally break? Back with a vengeance ð and fearless, unapologetic writing ð Hurley's visceral masterpiece finally reaches its world-shattering end! When Alan and his girlfriend, Sile, come across a primitive hut on the Rock, they are shocked to find an old man living there. as the drug Euthuol has made old-age a thing of the past. Sonny is deeply attached to the Rock and entrusts Alan with protecting it when he dies. Ardulum. The planet that vanishes. The planet that sleeps. Neek makes a living piloting the dilapidated tramp transport, Mercy's Pledge, and smuggling questionable goods across systems blessed with peace and prosperity. She gets by-but only just. In her dreams, she is still haunted by thoughts of Ardulum, the traveling planet that, long ago, visited her homeworld. The Ardulans brought with them agriculture, art, interstellar technology...and then disappeared without a trace, leaving Neek's people to worship them as gods. Neek does not believe-and has paid dearly for it with an exile from her home for her heretical views. Yet, when the crew stumbles into an armed confrontation between the sheriffs of the Charted Systems and an unknown species, fate deals Neek an unexpected hand in the form of a slave girl-a child whose ability to telepathically manipulate cellulose is reminiscent of that of an Ardulan god. Forced to reconcile her beliefs, Neek chooses to protect her, but is the child the key to her salvation, or will she lead them all to their deaths? Collecting The Mirror Empire, Empire Ascendant, and The Broken Heavens together for the first time in one digital edition with bonus content from the author. The Mirror Empire: When a shadowy force threatens their world, an orphan blood mage, novice fighter, and illegitimate ruler must unite fractured nations – and confront their own darker natures. Empire Ascendant: In this devastating sequel to The Mirror Empire, Kameron Hurley transports us back to a land of blood mages and sentient plants, dark magic, and warfare on a scale that spans worlds. The Broken Heavens: With more refugees from ravaged lands passing through the soft seams between worlds every day, time is running out for the Tai Mora and the last of the Dhai. Only one ruler, one nation, one world can survive. Who will be saved, and who will be sacrificed, when the heavens finally break? From the team behind THE SHERIFF OF BABYLON and the Hugo Award-nominated writer of Vision comes a unique new take on one of Jack Kirby's most beloved New Gods. Scott Free is the greatest escape artist that ever lived. So great that he escaped Granny Goodness's gruesome orphanage and the dangers of Apokolips to travel across galaxies and set up a new life on Earth with his wife, the former female fury known as Big Barda. Using the stage alter ego of Mister Miracle, he has made a career for himself showing off his acrobatic escape techniques. He even caught the attention of the Justice League, which counted him among its ranks. You might say Scott Free has everything...so why isn't it enough? Mister Miracle has mastered every illusion, achieved every stunt, pulled off every trick-except one. He has never escaped death. Is it even possible? Our hero is going to have to kill himself if he wants to find out. Written by Tom King (BATMAN) and illustrated by Mitch Gerads (The Punisher), this is a MISTER MIRACLE unlike any you've read before. An ambitious tale of magic, war, and parallel worlds that pushes the boundaries of epic fantasy—from a two-time Hugo Award winner On the eve of a recurring catastrophic event known to extinguish nations and reshape continents, a troubled orphan evades death and slavery to uncover her own bloody past . . . while a world goes to war with itself. In the frozen kingdom of Saiduan, invaders from another realm are decimating whole cities, leaving behind nothing but ash and ruin. At the heart of this war lie the pacifistic Dhai people, once enslaved by the Saiduan and now courted by their former masters to provide aid against the encroaching enemy. As the dark star of the cataclysm rises, an illegitimate ruler is tasked with holding together a country fractured by civil war; a precocious young fighter is asked to betray his family to save his skin; and a half-Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress. Through tense alliances and devastating betrayal, the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself. In the end, one world will rise—and many will perish. Stretching from desolate tundras to steamy, semi-tropical climes seething with sentient plant life, this is an epic tale of blood mages and mercenaries, emperors and priestly assassins, who must unite to save a world on the brink of ruin. File Under: Fantasy [Orphaned Child | World at War | Blood Magic | The Fluidity of Gender] "You're going to love Nyx . . . she makes Han Solo look like a Boy Scout."—io9 Ex-government assassin turned bounty-hunter, Nyx, is good at

solving other people's problems. Her favorite problem-solving solution is punching people in the face. Then maybe chopping off some heads. Hey—it's a living. Nyx's disreputable reputation has been well earned. After all, she's trying to navigate an apocalyptic world full of giant bugs, contaminated deserts, scheming magicians, and a centuries-long war that's consuming her future. Managing her ragtag squad of misfits has required a lot of morally-gray choices. Every new job is another day alive. Every new mission is another step toward changing a hellish future—but only if she can survive. Final novel in the chilling and epic new fantasy series from the bestselling and critically-acclaimed author of *PRINCE OF THORNS* and *RED SISTER*. 'If you like dark you will love Mark Lawrence. And when the light breaks through and it all makes sense, the contrast is gorgeous' *ROBIN HOBB* Sheryl Scarborough continues the adventures of teen amateur sleuth and aspiring forensic scientist Erin Blake in *To Right the Wrongs*, the sequel to *To Catch a Killer*. Erin Blake has one goal for summer vacation: leave behind her reputation as the girl whose mom was murdered, and just be normal girl enjoying her first real romance. Unfortunately — or maybe fortunately for a mystery fanatic — her hot new boyfriend has an unsolved murder in his own past. When Journey was a baby, his father was convicted of the murder of a teenage runaway and sent to prison. Journey barely remembers his father, but he's been researching the case and something doesn't add up. His father had no reason to kill anyone, much less a teenager, and he's always maintained his innocence. Journey's convinced he was framed. Hopefully, he and Victor, the former FBI crime scene expert, will be able to prove it. But if Journey's father didn't do it, that means somebody else did— and after getting away with it for sixteen years, that person could be more dangerous than ever. So, Erin and her friends are under strict orders not to meddle in the case...but that's easier said than done. "Literally breathtaking . . ." *NPR Baru* Cormorant believes any price is worth paying to liberate her people - even her soul. When the Empire of Masks conquers her island home, criminalises her customs, and murders one of her fathers, Baru vows to mask her hate, join the Empire's civil service, and claw her way high enough up the rungs of power to put a stop to the Emperor's influence and set her people free - whatever the price. A natural savant, she is sent as an Imperial agent to distant Aurdwynn - a post she worries will never get her the position and power she craves. But Baru soon discovers Aurdwynn is a complex and secretive country, seemingly on the brink of rebellion. All it would need is a match to the tinder... *PRAISE FOR THE TRAITOR* "Like its namesake, The Traitor lures you in, puts you at your ease, wins your confidence, and then destroys you . . . It's the way this story gets under your skin and hits you where it really counts that puts it in a class by itself" *SF Reviews* "A fascinating tale of political intrigue and national unrest" *Washington Post* The *Geek Feminist Revolution* is a collection of essays by double Hugo Award-winning essayist and fantasy novelist Kameron Hurley. The book collects dozens of Hurley's essays on feminism, geek culture, and her experiences and insights as a genre writer, including "We Have Always Fought," which won the 2013 Hugo for Best Related Work. The *Geek Feminist Revolution* will also feature several entirely new essays written specifically for this volume. Unapologetically outspoken, Hurley has contributed essays to *The Atlantic*, *Locus*, *Tor.com*, and others on the rise of women in genre, her passion for SF/F, and the diversification of publishing. He's in high demand as a guide for the caravans that carry legitimate goods from the city of Ninavel into the country of Alathia. The route through the Whitefire Mountains is treacherous, and Dev is one of the few climbers who knows how to cross them safely. With his skill and connections, it's easy enough to slip contraband charms from Ninavel - where any magic is fair game, no matter how dark - into Alathia, where most magic is outlawed. But smuggling a few charms is one thing; smuggling a person through the warded Alathian border is near suicidal. Having made a promise to a dying friend, Dev is forced to take on a singularly dangerous cargo: Kiran. A young apprentice on the run from one of the most powerful mages in Ninavel, Kiran is desperate enough to pay a fortune to sneak into a country where discovery means certain execution - and he'll do whatever it takes to prevent Dev from finding out the terrible truth behind his getaway. Yet the young mage is not the only one harboring a deadly secret. Caught up in a web of subterfuge and dark magic, Dev and Kiran must find a way to trust each other - or face not only their own destruction, but that of the entire city of Ninavel. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a *New York Times* bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors. A Finalist for the 2017 Nebula Award for Best Novella Sarah Gailey's wildfire debut *River of Teeth* is a rollicking alternate history adventure that Charlie Jane Anders calls "preposterously fun." In the early 20th Century, the United States government concocted a plan to import hippopotamuses into the marshlands of Louisiana to be bred and slaughtered as an alternative meat source. This is true. Other true things about hippos: they are savage, they are fast, and their jaws can snap a man in two. This was a terrible plan. Contained within this volume is an 1890s America that might have been: a bayou overrun by feral

hippos and mercenary hippo wranglers from around the globe. It is the story of Winslow Houndstooth and his crew. It is the story of their fortunes. It is the story of his revenge. From Brian McClellan, author of The Powder Mage trilogy, comes the first novel in the Glass Immortals series, *In the Shadow of Lightning*, an epic fantasy where magic is a finite resource—and it's running out. "Excellent worldbuilding and a truly epic narrative combine into Brian's finest work to date. Heartily recommended to anyone who wants a new favorite fantasy series to read."—Brandon Sanderson

Demir Grappo is an outcast—he fled a life of wealth and power, abandoning his responsibilities as a general, a governor, and a son. Now he will live out his days as a grifter, rootless, and alone. But when his mother is brutally murdered, Demir must return from exile to claim his seat at the head of the family and uncover the truth that got her killed: the very power that keeps civilization turning, godglass, is running out. Now, Demir must find allies, old friends and rivals alike, confront the powerful guild-families who are only interested in making the most of the scraps left at the table and uncover the invisible hand that threatens the Empire. A war is coming, a war unlike any other. And Demir and his ragtag group of outcasts are the only thing that stands in the way of the end of life as the world knows it. "Powerful rival families, murderous conspiracies, epic battles, larger-than-life characters, and magic."—Fonda Lee, author of *The Green Bone Saga* "Engaging, fast-paced and epic."—James Islington, author of *In The Shadow of What Was Lost* "Clever, fun, and by turns beautifully bloody, *In the Shadow of Lightning* hits like a bolt through a stained glass window."—Megan E. The people of Fellein have lived with legends for many centuries. To their far north, the Blasted Lands, a legacy of an ancient time of cataclysm, are vast, desolate and impassable, but that doesn't stop the occasional expedition into their fringes in search of any trace of the ancients who once lived there and oft-rumoured riches. Captain Merros Dulver is the first in many lifetimes to find a path beyond the great mountains known as the Seven Forges and encounter, at last, the half-forgotten race who live there. And it would appear that they were expecting him. As he returns home, bringing an entourage of the strangers with him, he starts to wonder whether his discovery has been such a good thing. For the gods of this lost race are the gods of war, and their memories of that far-off cataclysm have not faded. A "completely original and inventive" epic fantasy set in a land of blood mages and sentient plants, dark magic, and warfare on a scale that spans worlds (Locus) Loyalties are tested when worlds collide... Every two thousand years, the dark star Oma appears in the sky, bringing with it a tide of death and destruction. And those who survive must contend with friends and enemies newly imbued with violent powers. The kingdom of Saiduan already lies in ruin, decimated by invaders from another world who share the faces of those they seek to destroy. Now the nation of Dhai is under siege by the same force. Their only hope for survival lies in the hands of an illegitimate ruler and a scullery maid with a powerful—but unpredictable—magic. As the foreign Empire spreads across the world like a disease, one of their former allies takes up her Empress's sword again to unseat them, and two enslaved scholars begin a treacherous journey home with a long-lost secret that they hope is the key to the Empire's undoing. But when the enemy shares your own face, who can be trusted? As the convergence between the two worlds strengthens, alliances are made and broken, magic and mayhem abound—and before it's all done, at least one world will be shattered and broken. Woodcutter or witch? Alchemist or scientist? Can Sorin's duality save their nation? Born the heir of a master woodcutter in a queendom defined by guilds and matrilineal inheritance, nonbinary Sorin can't quite seem to find their place. At seventeen, an opportunity to attend an alchemical guild fair and secure an apprenticeship with the queen's alchemist is just within reach. But on the day of the fair, Sorin's mother goes missing, along with the Queen and hundreds of guild masters, forcing Sorin into a woodcutting inheritance they never wanted. With guild legacy at stake, Sorin puts apprentice dreams on hold to embark on a journey with the royal daughter to find their mothers and stop the hemorrhaging of guild masters. Princess Magda, an estranged childhood friend, tests Sorin's patience—and boundaries. But it's not just a princess that stands between Sorin and their goals. To save the country of Sorpsi, Sorin must define their place between magic and alchemy or risk losing Sorpsi to rising industrialization and a dark magic that will destroy Sorin's chance to choose their own future. "As a heartless killing machine, I was a complete failure." In a corporate-dominated spacefaring future, planetary missions must be approved and supplied by the Company. Exploratory teams are accompanied by Company-supplied security androids, for their own safety. But in a society where contracts are awarded to the lowest bidder, safety isn't a primary concern. On a distant planet, a team of scientists are conducting surface tests, shadowed by their Company-supplied 'droid — a self-aware SecUnit that has hacked its own governor module, and refers to itself (though never out loud) as "Murderbot." Scornful of humans, all it really wants is to be left alone long enough to figure out who it is. But when a neighboring mission goes dark, it's up to the scientists and their Murderbot to get to the truth. The powerful city-state of Saraykeht is a bastion of peace and culture, a major center of commerce and trade. Its economy depends on the power of the captive spirit, Seedless, an *andat* bound to the poet-sorcerer Heshai for life. Enter the Galts, a juggernaut of an empire committed to laying waste to all lands with their ferocious army. Saraykeht, though, has always been too strong for the Galts to attack, but now they see an opportunity. If they can dispose of Heshai, Seedless's bonded poet-sorcerer, Seedless will perish and the entire city will fall. With secret forces inside the city, the Galts prepare to enact their terrible plan. In the middle is Otah, a simple laborer with a complex past. Recruited to act as a bodyguard for his girlfriend's boss at a secret meeting, he inadvertently learns of the Galtish plot. Otah finds himself as the sole hope of Saraykeht, either he stops the Galts, or the whole city and everyone in it perishes forever. New York Times bestseller A. J. Harley brings us a fantasy with plenty of mystery and adventure, set in a mythical world reminiscent of Shakespearean England and told by a morally dubious apprentice actor called Will Hawthorne who finds himself in serious trouble with the local authorities and casts himself on the mercies of a band of principled adventurers. Cassandra Khaw returns with *A Song for Quiet*, a new standalone *Persons Non Grata* novella from the world of *Hammers on Bone*, finalist for the British Fantasy Award and the Locus Award, and which Kameron Hurley called "a long leap into the gory, the weird, and the fantastic." Deacon James is a rambling bluesman straight from Georgia, a black man with troubles that he can't escape, and music that won't let him go. On a train to Arkham, he meets trouble — visions of nightmares, gaping mouths and grasping tendrils, and a madman who calls himself John Persons. According to the stranger, Deacon is carrying a seed in his head, a thing that will destroy the world if he lets it hatch. The mad ravings chase Deacon to his next gig. His saxophone doesn't call up his audience from their seats, it calls up monstrosities from across dimensions. As Deacon flees, chased by horrors and cultists, he stumbles upon a runaway girl, who is trying to escape the destiny awaiting her. Like Deacon, she carries something deep inside her, something twisted and dangerous. Together, they seek to leave Arkham, only to find the Thousand Young lurking in the woods. The song in Deacon's head is growing stronger, and soon he won't be able to ignore it any more. The Man in the High Castle meets Pacific Rim in this action-packed alternate history novel from the award-winning author of *United States of Japan*. Germany and Japan won WWII and control the U.S., and a young man has one dream: to become a mecha pilot. Makoto Fujimoto grew up in California, but with a difference—his California is part of the United States of Japan. After Germany and Japan won WWII, the United States fell under their control. Growing up in this world, Mac plays portical games, haphazardly studies for the Imperial Exam, and dreams of becoming a mecha pilot. Only problem: Mac's grades are terrible. His only hope is to pass the military exam and get into the prestigious mecha pilot training program at Berkeley Military Academy. When his friend Hideki's plan to game the test goes horribly wrong, Mac washes out of the military exam too. Perhaps he can achieve his dream by becoming a civilian pilot. But with tensions rising between the United States of Japan and Nazi Germany and rumors of collaborators and traitors abounding, Mac will have to stay alive long enough first... **GOD IS ANGRY** The severest storms ever recorded are ripping Samaria apart. Desert has become swamp, hurricanes howl over ferocious seas. The peoples of a once simple world have turned against their centuries-old faith, embracing new technology, squabbling over land, hopelessly repeating history all over again. The leaders of Samaria - the archangels and Oracles - look on helplessly. Where once they could talk to the heavens, they are now greeted with a terrible silence. It is up to godless Caleb, who dreams of flying like the Angels, to discover the incredible cause of the chaos . . . More than a century ago, the cataclysmic struggle between the wizards and the mages ended in their mutual destruction -- leveling great cities and reducing grand palaces to dust. From the vast graveyard that remained, the Empress Ouriána rose up to proclaim herself the Divine Incarnation of the Devouring Moon—ruling her wasted realm with the blackest sorcery; turning her priests from men to monsters and setting them loose to enslave or destroy all who would oppose her. But now signs and portents hint of a champion—a young girl, hidden and talented, who is destined to end Ouriána's terrible reign. And now a brave band of heroes must locate their savior princess—even if it means being pursued to the ends

of the world by the withering fury of the dark goddess herself. Moon has spent his life hiding what he is — a shape-shifter able to transform himself into a winged creature of flight. An orphan with only vague memories of his own kind, Moon tries to fit in among the tribes of his river valley, with mixed success. Just as Moon is once again cast out by his adopted tribe, he discovers a shape-shifter like himself... someone who seems to know exactly what he is, who promises that Moon will be welcomed into his community. What this stranger doesn't tell Moon is that his presence will tip the balance of power... that his extraordinary lineage is crucial to the colony's survival... and that his people face extinction at the hands of the dreaded Fell! Now Moon must overcome a lifetime of conditioning in order to save and himself... and his newfound kin. 'Hurley's world-building is phenomenal . . . highly engaging' Publishers Weekly

The first instalment of the action-packed Bel Dame Apocrypha trilogy - perfect for fans of Becky Chambers and N. K. Jemisin Nyx is a bel dame, a bounty hunter paid to collect the heads of deserters - by almost any means necessary. 'Almost' proved to be the problem. Cast out and imprisoned for breaking one rule too many, Nyx and her crew of mercenaries are all about the money. But when a dubious government deal with an alien emissary goes awry, her name is at the top of the list for a covert recovery. While the centuries-long war rages on only one thing is certain: the world's best chance for peace rests in the hands of its most ruthless killers. . . *****

FROM THE DEPTHS OF A VALLEY RISES THE CITY OF MAHALA It's a city built upwards - where streets are built upon streets, buildings upon buildings. A city that the Ministry rules from the sunlit summit, and where the forsaken lurk in the darkness of Under. Rojan Dizon doesn't mind staying in the shadows, because he's got things to hide. Things like being a pain-mage, with the forbidden power to draw magic from pain. But when the fate of Mahala depends on him using his magic, he can't hide for ever.

THE FIRST ADVENTURE OF ROJAN DIZON A debut fantasy tale of corruption and dark magic set in a world that's both vertigo-inducing and awe-inspiring. On the eve of a recurring catastrophic event known to extinguish nations and reshape continents, a troubled orphan evades death and slavery to uncover her own bloody past. As the dark star of the cataclysm rises, an illegitimate ruler is tasked with holding together a country fractured by civil war, a precocious young fighter is asked to betray his family and a half-Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress. Through tense alliances and devastating betrayal, the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself. In the end, one world will rise – and many will perish.
