A Raindrop in the Ocean Sep 29 2020 A unique memoir in which a young adventurer from colonial Rhodesia charms his way around the world, sleeping in stately homes and public toilets, smuggling drugs across several borders and losing a \$50 million fortune to the CIA, before settling into a stellar banking career. Looking back on a life well lived as he faces terminal illness, the author

swears that the key to his success was his gruelling training as a Buddhist monk in a snow-bound Japanese monastery.

Huh Jan 22 2020 Mary Myatt and John Tomsett discuss each of the national curriculum subjects with a subject leader, providing an insight into how they go about ensuring that knowledge, understanding and skills are developed over time, how they talk about the quality of the schemes in their departments and the support they would welcome from senior leaders.

The Fall Jun 26 2020 In Ivy Pierce's world, Greek mythology is reality. Sirens, like herself, use men for money, power and status; but she has the greatest gift of all. Stronger than any of the Siren's before her, Ivy's attraction alludes to a prophecy that could mean the rebirth of Greek gods and goddesses for our modern time. The Fates believe she is the symbol of a new era. Her mother believes she is the key to ultimate power in their Greek circle. And Nix, her godfather and god of the sea, believes she belongs to him. Ivy doesn't want any part of her world or the people that demand so much of her. With the help of Ryder Sutton, her closest friend, she will fight against fate, against the expectations of her society and against the desires of a

monster that will do anything to possess her. And through it all she will deny her feelings for the one person she loves more than anything in order to protect him. While her future crumbles around her, Ivy will go to extreme lengths to free herself from her glass prison—or drown trying.

The Confidence Game Sep 22 2022 A compelling investigation into the minds, motives, and methods of con artists and the people who fall for their cons over and over again.

Constant Nov 24 2022 Fifteen years ago I met Sayer Wesley. I fell in love with him. I promised I would never leave him. I swore nothing could break us apart. Five years ago I broke my promise. I ran away. I took the one secret that could destroy us both and disappeared. Five days ago I thought I saw him. I knew it was impossible. Sayer was locked away, serving a deserved sentence in federal prison. He couldn't find me. He wouldn't find me. I was too good at hiding. Too good at surviving. Because if Sayer ever found me, there would be hell to pay for a plethora of sins. The worst of which, he didn't even know about. Five hours ago, I told myself I was crazy. Five minutes ago, I saw him again. Five seconds ago, I was too late.

After a failed attempt to save her loved ones, she was forced to leave her friends, her sister and the boy she had fallen in love with, Ryder Sutton. And yet Olympus isn't finished with her yet. As Nix plots to overthrow the legendary mountain, Ivy is pulled back into the twisted, manipulative world of the Greek pantheon. Thrust into

the middle of an ancient feud, Ivy will learn quickly that Nix is not the only threat to her freedom and not the only god interested in using her unique skillset to resurrect the Age of Olympus. In a deadly game between two powerful factions of Greek gods, Ivy will have to battle both fate and the Fates in order to secure her future once and for all. She will discover new powers, fight for her friends' lives and convince the only boy she has ever loved that he can trust her again. In the end, she'll learn the hardest lesson of all. This isn't a fable or a Greek myth, her life is a love story.

The Something about Her Jul 20 2022 I quit life. Or at least my new job. My new, fancy, head chef position at one of the most acclaimed restaurants in the city is not turning out like I'd hoped. I'm a mess. Totally out of my element and underqualified, I've been thrown into a fiery kitchen and I'm not sure I can handle the heat. On top of that, my personal life is falling apart. And to make matters worse, my best friend's brother keeps popping up at all my worst moments to save the day. I've never claimed to have it together, but I certainly don't need a man to rescue me every time I get my heel stuck in a sewer grate. Except that's what

keeps happening. Vann Delane is pushy and stuck up and thinks he knows everything there is to know about everything. And for whatever reason, he keeps saving me. Not that he's happy about it. He's made it clear what he thinks about my money and dream job and the designer shoes he saved last weekend. He's not impressed with me and my penchant for disaster. I've decided to stay away from him. I've got too many other fires to put out to worry about the something between us that doesn't have a name. So, he can give his knight in shining armor kindness to someone else. And he can save those intense glances and butterfly-inducing smiles for the nice girl he's looking for. And he can deny it all he wants, but I know he likes me. He says I drive him crazy. But I know there's something about me that he can't deny.

The Reluctant King Oct 23 2022 The King had a good head on his shoulders—for the moment, anyway. Everyone agreed that King Jorian of Xylar had been a good and just ruler. In fact, many also agreed that, in this case, it was a pity that the laws of Xylar decreed that each randomly chosen King must reign for only five years and then, after due pomp and ceremony, have his head cut off! Understandably, Jorian himself was wholeheartedly in agreement with the second sentiment, so with the help of a spell provided by the wizard Karadur, he escaped from the beheading ceremony with his head still on his shoulders. Unfortunately, his beloved

wife, Queen Estrildis, was left behind, and getting her out of Xylar would be anything but simple—particularly with the Royal Guard of Xylar hot on the trail of their fugitive monarch. With Karadur's magic, Jorian might be able to pull off the rescue. But first, he would have to locate a trove of ancient spells, deal with an enemy wizard, steal an item from a 500-year-old (but still beautiful) princess who turns into a giant serpent at inopportune moments, repair the giant tower clocks of Iraz to fulfill a prophecy, break a pirate siege, and finally fly back to Xylar in an enchanted bathtub and whisk away his beloved Estrildis before the Royal Guard notices that their King (not to mention his head) has returned. Then things began to get complicated... At the publisher's request, this title is sold without DRM (Digital Rights Management).

My rockstar days of playing in one of the hottest bands on the planet are over. Along with the most volatile, beautiful, tragic love story of all time. Over the past five years, I've settled into my second life. My "normal life." The one where I work a normal job, hang out with normal people and fall in love with a normal, but wonderful guy. The life where I'm admittedly a little bored, but also safe. My past wasn't boring. But my past broke my heart into a million, unfixable pieces. So, I'm determined to keep it where it belongs-- behind me. And the man responsible for the shattering of me? Malachi Porter, lead singer and mastermind of Bright Tragedy, should stay there too. Far away from me and this idyllic life I've carved out for myself. But what happens when my two lives collide? When Malachi comes crashing into my perfectly normal world, he threatens to destroy it, promises to annihilate everything I've

replaced him with. He upends everything I thought I wanted and forces me to question the reasons I left Bright Tragedy all those years ago. But I didn't walk away five years ago, I ran. As fast as I could go. And while my heart is whispering that it's different this time--that he's different--my brain is screaming for me to run again. Malachi Porter isn't a normal guy. And he doesn't belong in my "normal life." But, nevertheless, he's bound and determined to make a place for himself here. I just hope my heart can survive him, that we don't burn into another bright tragedy.

Amber works at her mother's magic shop -- Windy City Magic -- in downtown Chicago, and she's confident she's seen every kind of happy ending there is: except for one--her own. (The Fates are tricky jerks that way.) So when Charlie Blitzman, the mayor's son and most-desired boy in school, comes to her for help finding his father's missing girlfriend, she's distressed to find herself falling for him. Because while she can't see her own match, she can see his -- and it's not Amber. How can she, an honest peddler of true love, pursue a boy she knows full well isn't

her match? The Best Kind of Magic is set in urban Chicago and will appeal to readers who long for magic in the real world. With a sharp-witted and sassy heroine, a quirky cast of mystical beings, and a heady dose of adventure, this novel will have you laughing out loud and questioning your belief in happy endings.

Because now she's not just being hunted by dangerous men, she's being hunted by dangerous immortals.

[Starbright](#) Oct 19 2019 Stella is a Star, sent by a Council of Elders to live on Earth and protect the planet from the Darkness, a terrifying evil that would suck the good from every living thing and leave the planet empty and desolate. She has until her twenty-fifth birthday before the Protectorship becomes hers and Earth is left solely her responsibility. Stella's fate goes on fast forward as she struggles to balance the rest of high school with the duties of protecting humanity from the deadliest kind of evil. With her parents and Seth, the boy intended to be her Counterpart, by her side she faces down demons and fallen angels in an effort to protect the last inhabited planet in the universe. But evil is not her only enemy. She also fights her future as she tries to decide if she's willing to give up her human relationships, especially that of her best friend Tristan, in order to save humanity.

Heir of Secrets Jul 28 2020

The countdown to Stella Day's eighteenth birthday has begun with only a year left to go. When Stella turns eighteen she

will take over as the Earth's protector. She will come into the fullness of her powers. And her counterpart will be released from his soul-losing contract. Only three hundred and sixty five days to go. Only fifty-two weeks. Twelve months... But a lot can happen in that length of time. As Stella trains for that day, the Darkness closes in around her. Seth sold his soul so that she would be safe until her eighteenth birthday but someone is still trying to kill her. And Seven, Seth's deranged and evil sister, won't leave her alone. There are more problems with the Council that's supposed to be protecting her. And when Jupiter suddenly disappears things go from bad to worse. It might be easier to solve all her problems if Jude Michaels wasn't bothering her every second of every day. And if she didn't miss Seth with such a consuming, paralyzing ache. When her friends are threatened and her Midwest life exposed, she has to fight through every distraction that plagues her and find the real threat in a sea of enemies that want her dead. Aliah has never been more evil. Seven never crazier. Tristan and Piper are constantly threatened and in danger. But it's Seth she fights for the hardest. As he teeters on the precipice of Darkness and Light, can she salvage the soul of a boy who has given it up for her?

[Rachel to the Rescue](#) Apr 24 2020 Rachel Klein is sacked from her job at the White

House after she sends an email criticising Donald Trump. As she is escorted off the premises she is hit by a speeding car, driven by what the press will discreetly call 'a personal friend of the President'. Does that explain the flowers, the get-well wishes at a press briefing, the hush money offered by a lawyer at her hospital bedside? Rachel's recovery is soothed by comically doting parents, matchmaking room-mates, a new job as aide to a journalist whose books aim to defame the President, and unexpected love at the local wine store. But secrets leak, and Rachel's new-found happiness has to make room for more than a little chaos. Will she bring down the President? Or will he manage to do that all by himself? *Rachel to the Rescue* is a mischievous political satire, with a delightful cast of characters, from one of America's funniest novelists. *My Awesome Autism* May 06 2021 WE ARE ALL DIFFERENT!
