The Paradoxical Prime Minister Mar 21 2022

Narendra Modi Aug 26 2022 Narendra Modi, the BJP's prime

ministerial candidate, is powerful, popular and controversial. With the general elections due to conclude in May 2014, Modi's campaign rallies have drawn unprecedented crowds. Yet, the man remains an enigma. His supporters regard him as the visionary, decisive leader India needs today. His detractors see him as a polarizing figure. Is Modi authoritative or authoritarian? Decisive or divisive? A team player or a loner? Andy Marino recorded interviews with Narendra Modi during more than half-a-dozen exclusive meetings - unprecedented access to a very private man. What emerged is this riveting, objective biography of a man who could be India's prime minister. Not shying away from the controversies that have dogged Narendra Modi, including the Gujarat riots and questions about the Gujarat model of governance and development, this political biography provides an unbiased account of possibly the most important figure in Indian politics today. Marino records hour-by-hour details of the 2002 Gujarat riots, presenting a balanced analysis of that raw wound on India's polity. It also reveals hitherto unpublished, authenticated documents, which makes this one of the most important books of 2014. The author analyses Narendra Modi's values, the people who shaped his thinking and the sort of national leader he will make. Personal details of Modi's early life, his wanderings in the Himalayas between the ages of seventeen and nineteen, his rise through the political ranks, his vision for India and his personal philosophy on religion and politics are revealed in a book that is lucid, fast-paced and readable. Narendra Modi: A Political Biography is an insightful, exhaustive and impeccably researched account of the ascent of a political leader.

Violence Against Muslims in India Feb 17 2022 This book spans 70 years of the dark history of Anti-Muslim violence in India that have caused over tens of thousands of deaths and refugees. Violence

against Muslims in India is frequently in the form of violent attacks on Muslims by Hindus. These attacks are referred to as communal riots in India between the majority Hindus and minority Muslims, and have been connected to a rise in Islamophobia.

Keeping the Peace Mar 09 2021 Investigates geographic variation in Hindu-Muslim violence in Gujarat in 2002 critically examining the logic of political violence.

Gender and Neoliberalism Jul 01 2020 This book describes the changing landscape of women ' s politics for equality and liberation during the rise of neoliberalism in India. Between 1991 and 2006, the doctrine of liberalization guided Indian politics and economic policy. These neoliberal measures vastly reduced poverty alleviation schemes, price supports for poor farmers, and opened India ' s economy to the unpredictability of global financial fluctuations. During this same period, the All India Democratic Women ' s Association, which directly opposed the ascendancy of neoliberal economics and policies, as well as the simultaneous rise of violent casteism and anti-Muslim communalism, grew from roughly three million members to over ten million. Beginning in the late 1980s, AIDWA turned its attention to women ' s lives in rural India. Using a method that began with activist research, the organization developed a sectoral analysis of groups of women who were hardest hit in the new neoliberal order, including Muslim women, and Dalit (oppressed caste) women. AIDWA developed what leaders called inter-sectoral organizing, that centered the demands of the most vulnerable women into the heart of its campaigns and its ideology for social change. Through long-term ethnographic research, predominantly in the northern state of Haryana and the southern state of Tamil Nadu, this book shows how a socialist women ' s organization built its oppositional strength by organizing the women

most marginalized by neoliberal policies and economics.

Majoritarian State Dec 18 2021 Majoritarian State traces the ascendance of Hindu nationalism in contemporary India. Led by Prime Minister Narendra Modi, the BJP administration has established an ethno-religious and populist style of rule since 2014. Its agenda is also pursued beyond the formal branches of government, as the new dispensation portrays conventional social hierarchies as intrinsic to Indian culture while condoning communal and caste- and gender-based violence. The contributors explore how Hindutva ideology has permeated the state apparatus and formal institutions, and how Hindutva activists exert control over civil society via vigilante groups, cultural policing and violence. Groups and regions portrayed as 'enemies' of the Indian state are the losers in a new order promoting the interests of the urban middle class and business elites. As this majoritarian ideology pervades the media and public discourse, it also affects the judiciary, universities and cultural institutions, increasingly captured by Hindu nationalists. Dissent and difference silenced and debate increasingly sidelined as the press is muzzled or intimidated in the courts. Internationally, the BJP government has emphasised hard power and a fast- expanding security state. This collection of essays offers rich empirical analysis and documentation to investigate the causes and consequences of the illiberal turn taken by the world's largest democracy.

Dictators and Autocrats Feb 26 2020 In order to truly understand the emergence, endurance, and legacy of autocracy, this volume of engaging essays explores how autocratic power is acquired, exercised, and transferred or abruptly ended through the careers and politics of influential figures in more than 20 countries and six regions. The book looks at both traditional "hard" dictators, such as Hitler, Stalin, and Mao, and more modern "soft" or populist autocrats, who are in

the process of transforming once fully democratic countries into autocratic states, including Recep Tayyip Erdoğan in Turkey, Brazilian leader Jair Bolsonaro, Rodrigo Duterte in the Philippines, Narendra Modi in India, and Viktor Orbán in Hungary. The authors touch on a wide range of autocratic and dictatorial figures in the past and present, including present-day autocrats, such as Vladimir Putin and Xi Jinping, military leaders, and democratic leaders with authoritarian aspirations. They analyze the transition of selected autocrats from democratic or benign semi-democratic systems to harsher forms of autocracy, with either quite disastrous or more successful outcomes. An ideal reader for students and scholars, as well as the general public, interested in international affairs, leadership studies, contemporary history and politics, global studies, security studies, economics, psychology, and behavioral studies.

Gujarat Files Jan 25 2020 Gujarat Files is the account of an eight-month long undercover investigation by journalist Rana Ayyub into the Gujarat riots, fake encounters and the murder of state Home Minister Haren Pandya that brings to the fore startling revelations. Posing as Maithili Tyagi, a filmmaker from the American Film Institute Conservatory, Rana met bureaucrats and top cops in Gujarat who held pivotal positions in the state between 2001 and 2010. The transcripts of the sting operation reveal the complicity of the state and its officials in crimes against humanity. With sensational disclosures about cases that run parallel to Narendra Modi and Amit Shah's ascent to power and their journey from Gujarat to New Delhi, the book tells you the hushed truth of the state in the words of those who developed amnesia while speaking before commissions of enquiry, but held nothing back in the secretly taped videos which form the basis of this remarkable read.

Sphere of Influence Mar 28 2020 'Does cricket make money in

order to exist, or does it exist in order to make money?' In the last three years, cricket has changed more completely than in the preceding three decades, revolutionised by a racy new format, Twenty20, and a glamorous new competition, the Indian Premier League. How did India come to run world cricket? How did clubs owned by billionaires and Bollywood stars begin to shove international competition aside? How did money unite players and divide administrators, amid allegations of massive corruption? Gideon Haigh has followed cricket's biggest story since Kerry Packer's 'World Series' from the beginning: Sphere of Influence is the result. This insightful collection brings the struggle to save cricket's soul into sharp and disturbing focus.

New Perspectives on Kristallnacht Sep 14 2021 On November 9 and 10, 1938, Nazi leadership unleashed an unprecedented orchestrated wave of violence against Jews in Germany, Austria, and the Sudetenland, supposedly in response to the assassination of a Nazi diplomat by a young Polish Jew, but in reality to force the remaining Jews out of the country. During the pogrom, Stormtroopers, Hitler Youth, and ordinary Germans murdered more than a hundred Jews (many more committed suicide) and ransacked and destroyed thousands of Jewish institutions, synagogues, shops, and homes. Thirty thousand Jews were arrested and sent to Nazi concentration camps. Volume 17 of the Casden Annual Review includes a series of articles presented at an international conference titled “ New Perspectives on Kristallnacht: After 80 Years, the Nazi Pogrom in Global Comparison. ” Assessing events 80 years after the violent anti-Jewish pogrom of 1938, contributors to this volume offer new cutting-edge scholarship on the event and its repercussions. Contributors include scholars from the United States, Germany, Israel, and the United Kingdom who represent a wide variety of disciplines, including history, political science, and Jewish and media studies.

Their essays discuss reactions to the pogrom by victims and witnesses inside Nazi Germany as well as by foreign journalists, diplomats, Jewish organizations, and Jewish print media. Several contributors to the volume analyze postwar narratives of and global comparisons to Kristallnacht, with the aim of situating this anti-Jewish pogrom in its historical context, as well as its place in world history.

Modi Jul 25 2022 The people of India have voted decisively to give Narendra Modi the job he coveted. He has a free hand to unite Indians in joint endeavour for national greatness and forge a social compact based on citizenship and not on identity. This book is a non-judgemental look at Modi from the viewpoint of the liberal Indian. It examines his economic stewardship of Gujarat and philosophy of governance. Modi has an opportunity to create economic conditions for people to pursue dignified livelihoods rather than depend on the state for jobs and doles. Hopefully Modi will take everybody along and also reshape the BJP as a liberal, right-of-centre party.

South Asian Media Cultures Oct 23 2019 'South Asian Media Cultures' examines a wide range of media cultures and practices from across South Asia, using a common set of historical, political and theoretical engagements. In the context of such pressing issues as peace, conflict, democracy, politics, religion, class, ethnicity and gender, these essays explore the ways different groups of South Asians produce, understand and critique the media available to them.

Malevolent Republic Sep 26 2022 After decades of imperfect secularism, presided over by an often corrupt Congress establishment, Nehru's diverse republic has yielded to Hindu nationalism. India is collapsing under the weight of its own contradictions. Since 2014, the ruling BJP has unleashed forces that are irreversibly transforming the country. Indian democracy, honed over decades, is now the chief enabler of Hindu extremism. Bigotry has been ennobled as a healthy

form of self-assertion, and anti-Muslim vitriol has deluged the mainstream, with religious minorities living in terror of a vengeful majority. Congress now mimics Modi; other parties pray for a miracle. In this blistering critique of India from Indira Gandhi to the present, Komireddi lays bare the cowardly concessions to the Hindu right, convenient distortions of India's past and demeaning bribes to minorities that led to Modi's decisive electoral victory. If secularists fail to reclaim the republic from Hindu nationalists, Komireddi argues, India will become Pakistan by another name.

The Humble Cosmopolitan Nov 16 2021 "Cosmopolitanism is said by many critics to be arrogant. In emphasizing universal principles and granting no fundamental moral significance to national or other group belonging, it wrongly treats those making non-universalist claims as not authorized to speak, while treating those in non-Western societies as not qualified. This book works to address such objections. It does so in part by engaging the work of B.R. Ambedkar, architect of India's 1950 Constitution and revered champion of the country's Dalits (formerly "untouchables"). Ambedkar cited universal principles of equality and rights in confronting domestic exclusions and the "arrogance" of caste. He sought to advance forms of political humility, or the affirmation of equal standing within political institutions and openness to input and challenge within them. This book examines how an "institutional global citizenship" approach to cosmopolitanism could similarly advance political humility, in supporting the development of input and challenge mechanisms beyond the state. It employs a grounded normative theory method, taking insights for the model from field research among Dalit activists pressing for domestic reforms through the UN human rights regime, and from their critics in the Hindu nationalist Bharatiya Janata Party. Insights also are taken from Turkish protesters challenging a rising

domestic authoritarianism, and from UK Independence Party members demanding "Brexit" from the European Union-in part because of possibilities that predominantly Muslim Turkey will join. Overall, it is shown, an appropriately configured institutional cosmopolitanism should orient fundamentally to political humility rather than arrogance, while holding significant potential for advancing global rights protections and more equitable rights specifications"--

Changes in India's foreign policy towards Pakistan Apr 09 2021

For years, the centre of India ' s foreign policy was Pakistan. Love it or hate it. This was the country that the external affairs ministry had to break its head over most of the times. You can ' t brush off four wars (1947-48, 1965, 1971 and 1999), two conflicts (Rann of Kutch and Siachen), militancy in Kashmir that claimed tens of thousands of lives and terrorist attacks all over India. Pakistan and India literally split on an ideological basis, due to the notion of the two-nation theory, and that Muslims cannot live as a minority in Hindu India. Dispute over Kashmir emphasises this divide, and it is still brought up even to this day. India has had to fight 4 wars with Pakistan, and since 1980 ' s, when Soviets started to get involved in Afghanistan, USA and Pakistan started anti-Soviet terrorism, and Pakistan had the bright idea to use it against India, further worsening relations between the two nations, especially when military coup has meant that the war-hungry military has been in power, and this led to the 1965 war and the Kargil War. The foreign policy of Narendra Modi concerns the policy initiatives made towards other states by the current Modi government after he assumed office as Prime Minister of India on 26 May 2014. The Ministry of External Affairs, headed by External Affairs Minister Sushma Swaraj (the first woman to hold the office since Indira Gandhi), is responsible for carrying out the

foreign policy of India. Although the book has involved considerable empirical research, it is not simply fact-finding enterprise. It is also a prescriptive and analytical study intended to create and influence opinion regarding the essentials of policy-making process that would minimize the chances of non-rationality in Indian Foreign Policy.

Modi Stole My Mask Aug 14 2021

The Dismantling of India Jul 13 2021 In October 1947, two months after Independence, TJS George arrived in Bombay. He was nineteen years old, with a degree in English Literature. He sent out job applications – – to the Air Force and to the city's English-language newspapers. Only one organization cared to reply, The Free Press Journal. The editor was known to hire anyone who asked for a job, but most new hires were sacked in a fortnight. George was put on the news desk as a sub-editor and eventually became an assistant editor. In Patna, as editor of The Searchlight, he was arrested by the chief minister for sedition. He spent three weeks in Hazaribagh Central Jail. In Hong Kong, he worked for the Far Eastern Economic Review as regional editor; in New York he was a writer for the United Nations population division; and, back in Hong Kong, in 1975, he founded Asiaweek. Six years later, he returned to India and settled in Bangalore. He began a column for Indian Express that ran without a break for twenty-five years, until 2022. His seventy-five years of journalism, concurrent with India's development as an independent nation, make for a unique understanding of events and personalities. Acclaimed for his widely historical, pan-Asian vision, George brings this far-flung experience to a compulsively readable new book, The Dismantling of India. It is the story of India told in 35 concise biographies, beginning with Jamsetji Tata and ending with Narendra Modi.

The Muslim World League Journal Nov 24 2019

Modi and Godhra Jan 31 2023 No instance of communal violence has provoked as much controversy as the Gujarat 2002 carnage, in which over 1,000 people, mostly Muslims, were killed. And none has been subjected to as much fact-finding, especially under the monitoring of the Supreme Court. Sifting through the wealth of official material, this book contends that the fact-finding - riddled as it was with ambiguities and deceptions, gaps and contradictions - glossed over crucial pieces of evidence, and thereby shielded the powers that be. Though it gave a clean chit to Chief Minister Narendra Modi in 2012, the Supreme Court-appointed special investigation team (SIT) left unasked a range of key questions on the anti-Muslim violence following the burning of a train in Godhra carrying Hindutva activists. How could Modi claim, Manoj Mitta asks, to have been unaware, for nearly five hours, of the first post-Godhra massacre, which took place at Ahmedabad's Gulberg Society? How does this claim square with his admission that he was tracking the violence as it unfolded? Why did Modi take five days to visit riot-affected areas in Ahmedabad and a month to meet Muslim victims in a refugee camp? Why were forensic experts called to see the burnt Godhra coach only after two months, although it had been open to the public throughout that period? What exactly did Modi celebrate in his Gaurav Yatra, which he launched within six months of the carnage? Why did the Gujarat police sit for six years on the call data records of the riot period? Scrupulously researched, *The Fiction of Fact-finding* draws telling parallels between Gujarat 2002 and the 1984 massacre of Sikhs in Delhi to underline an insidious pattern in Indian democracy: the subversion of the criminal justice system, under a shroud of legal platitudes, by the ruling dispensation.

Modi and Godhra Oct 16 2021 No instance of communal violence has provoked as much controversy as the Gujarat 2002 carnage, in

which over 1,000 people, mostly Muslims, were killed. And none has been subjected to as much fact-finding, especially under the monitoring of the Supreme Court. Sifting through the wealth of official material, this book contends that the fact-finding - riddled as it was with ambiguities and deceptions, gaps and contradictions - glossed over crucial pieces of evidence, and thereby shielded the powers that be. Though it gave a clean chit to Chief Minister Narendra Modi in 2012, the Supreme Court-appointed special investigation team (SIT) left unasked a range of key questions on the anti-Muslim violence following the burning of a train in Godhra carrying Hindutva activists. How could Modi claim, Manoj Mitta asks, to have been unaware, for nearly five hours, of the first post-Godhra massacre, which took place at Ahmedabad's Gulberg Society? How does this claim square with his admission that he was tracking the violence as it unfolded? Why did Modi take five days to visit riot-affected areas in Ahmedabad and a month to meet Muslim victims in a refugee camp? Why were forensic experts called to see the burnt Godhra coach only after two months, although it had been open to the public throughout that period? What exactly did Modi celebrate in his Gaurav Yatra, which he launched within six months of the carnage? Why did the Gujarat police sit for six years on the call data records of the riot period? Scrupulously researched, *The Fiction of Fact-finding* draws telling parallels between Gujarat 2002 and the 1984 massacre of Sikhs in Delhi to underline an insidious pattern in Indian democracy: the subversion of the criminal justice system, under a shroud of legal platitudes, by the ruling dispensation.

Modi's India Dec 30 2022 A riveting account of how a popularly elected leader has steered the world's largest democracy toward authoritarianism and intolerance Over the past two decades, thanks to Narendra Modi, Hindu nationalism has been coupled with a form

of national-populism that has ensured its success at the polls, first in Gujarat and then in India at large. Modi managed to seduce a substantial number of citizens by promising them development and polarizing the electorate along ethno-religious lines. Both facets of this national-populism found expression in a highly personalized political style as Modi related directly to the voters through all kinds of channels of communication in order to saturate the public space. Drawing on original interviews conducted across India, Christophe Jaffrelot shows how Modi's government has moved India toward a new form of democracy, an ethnic democracy that equates the majoritarian community with the nation and relegates Muslims and Christians to second-class citizens who are harassed by vigilante groups. He discusses how the promotion of Hindu nationalism has resulted in attacks against secularists, intellectuals, universities, and NGOs. Jaffrelot explains how the political system of India has acquired authoritarian features for other reasons, too. Eager to govern not only in New Delhi, but also in the states, the government has centralized power at the expense of federalism and undermined institutions that were part of the checks and balances, including India's Supreme Court. Modi's India is a sobering account of how a once-vibrant democracy can go wrong when a government backed by popular consent suppresses dissent while growing increasingly intolerant of ethnic and religious minorities.

The Fear that Stalks Apr 29 2020 This book is an attempt to understand the causes, nature and consequences of gender-based violence in public spaces. It provides a framework that locates gender based violence within the politics and dynamics of public space, and helps us to understand the commonality between these diverse forms of violence, ranging from sexual harassment, sexual assault, moral policing, 'honour' killing, acid throwing, witch hunting, parading

naked, tonsuring, rape and homicide. The writers unpack and examine the idea of a 'public' space: although by and large a notional space, they begin by identifying it as the geographical space between the home and the workplace and then, go beyond this to look at the violation faced by homeless women and girls who live on the streets, as well as those who work in public spaces in the unorganised sector. Published by Zubaan.

India Misinformed Oct 04 2020 The propaganda of misinformation and hoaxes disseminated through print, graphics, and social media has altered the social landscape of this nation. It has led to multiple cases of lynching, mob violence, defamation and riots, and continues to pose a serious threat to Indian democracy. India Misinformed: The True Story, written by the team of Alt News, a fact-checking website that debunks fake information - and edited by Pratik Sinha, Dr Sumaiya Shaikh and Arjun Sidharth - identifies the purveyors of fabricated news, exposes the propaganda machinery and familiarizes readers with techniques to detect these menacing stories. Was Jawaharlal Nehru anti-Hindu? Was Narendra Modi declared one of the most corrupt prime ministers in the world? Is Sonia Gandhi the fourth richest woman in the world? Did Rahul Gandhi register as a non-Hindu at the Somnath Temple? With photographs to establish its claims, India Misinformed: The True Story presents the real picture.

Ideology and Organization in Indian Politics Dec 06 2020 Ideology and Organization in Indian Politics examines the immense changes that have occurred in Indian politics over the past decade and its impact on the Indian National Congress. The impact is most apparent in the changing fortunes of the Congress party, which suffered two major defeats in 2014 and 2019 elections, bringing the party's crisis to the front and centre of public debate. This book seeks

to understand the reasons for these enormous changes by looking first at the underlying conditions that led to the decline of the Congress and, second, the challenges' both external and internal' confronting the Congress and, while doing so, estimating its impact on Indian politics and on the Congress. More specifically, it looks at how important ideological debates provoked by the rise of majoritarianism, the Gujarat model, hypernationalism, the secular retreat, and the curbs and restrictions on the opposition influenced Congress. Exploring ideological shifts and organizational limits that shaped the decline of the Congress makes a compelling case for the significance of the Congress story in understanding the larger political transformation underway in India. The argument centers on the Congress party, but comparatively speaking, it has relevance for the experience of centrist and centre-left parties in other countries, which too suffered a decline in the context of the upsurge of populist nationalism and right-wing politics in the past few years. Analysis of political change in India in the past decade affords insights into the processes of transformation and polarization that grounded the Congress party and centrist parties in other countries as well.

Modi and the Reinvention of Indian Foreign Policy Nov 28 2022
Narendra Modi ' s energetic personal diplomacy and promise to make India a ' leading power ' , made soon after his landslide election victory in May 2014, surprised many analysts. Most had predicted that his government would concentrate on domestic issues, on the growth and development demanded by Indian voters, and that he lacked necessary experience in international relations. Instead, Modi ' s time in office saw a concerted attempt to reinvent Indian foreign policy by replacing inherited understandings of its place in the world with one drawn largely from Hindu nationalist ideology. This book explores the drivers of this reinvention, arguing it arose from a

combination of elite conviction and electoral calculation, and the impact it had on India ' s international relations under Modi.

When a Tree Shook Delhi Jan 19 2022 It stands out even in a country inured to mass violence - 3,000 members of a minority community slaughtered over three days in 1984, right in India's capital. Twenty-three years on, neither the organizers of the massacre nor the state players who facilitated it have been punished, despite prolonged inquiries and trials. This massacre of Sikhs in the wake of Prime Minister Indira Gandhi's assassination has turned out to be a reality check on India's much touted institutions of the rule of law. The book seeks to uncover the truth on the basis of the evidence that came to light during the proceedings of the latest judicial inquiry conducted by the Nanavati Commission. Authors Manoj Mitta and H.S. Phoolka, perhaps the most knowledgeable voices on the subject, present an unsparing account, abounding with insights and revelations, on the 1984 carnage and its aftermath.

India Now and In transition Jun 23 2022 India is the world ' s largest democracy with nearly 70 years of independent existence. Its unique and ever-changing nature has sparked a great degree of academic debate, both before and since Independence. The beauty of India is that there are many kinds of Indias. Understanding the fundamentals that have given birth to such multiplicity across various segments is especially imperative in the present day, when the ' Idea of India ' is keenly contested. Our nation has the world ' s largest youth population and is undergoing tectonic social and political changes at present; therefore, understanding what directions India may take in the future is essential for every thinking individual. India Now and in Transition is an enquiry into possible futures, based on current happenings. Featuring contributions from leading thinkers and scholars in diverse fields, each essay in this volume critically

analyses a major theme of India ' s present, to propose the likely way ahead for our emergent nation. Covering the fields of politics and governance, economics and development, security and foreign policy, society and culture and language and literature, the book shows that—while beset with both internal and external challenges on many fronts—India isn ' t waiting for its moment, it ' s making its moment happen.

Violent Conjectures in Democratic India Feb 05 2021 This study examines the political sources of violence against religious minorities in India. Focusing on Hindu organizations that have asserted dominance over religious minorities, particularly since the late 1980s, Amrita Basu questions the common assumption that Hindu-Muslim violence is inevitable.

Middle Class, Media and Modi May 23 2022 The spectacular victory of Narendra Modi and the BJP in 2014 and again in 2019 demands a nuanced exploration of the factors that led to it. Though the role of the middle class and the media in the making of what is called the ' Modi Wave ' is often talked about, a clear-eyed and unbiased look at how they transformed the political landscape in post-liberalization India is still wanting. This book studies how the Indian middle class, once seen as politically indifferent, has gradually become a player of importance. This change, which slowly began in the 1990s, has now reached a crescendo, and Modi has become the icon of the changing economic demands of the middle class and their ideological rightward shift. The new middle class played a decisive role in the electoral outcomes of 2014 and 2019—two elections that have undoubtedly changed the way India imagines itself and how the rest of the world sees India. Modi ' s management of mainstream and social media—primary consumers of which is the ever-growing middle class—has played a key role in his emphatic victories. This

book will help the reader understand the arsenal that Modi used in these elections and is a must-read for scholars of politics, media studies and sociology.

[An Analysis of Fact Finding as a Procedure for the Settlement of Labor Disputes Involving Public Employees](#) Sep 02 2020

Pluralism and Democracy in India May 11 2021 Based on presentations at a conference at the University of Chicago Law School in November 2005.

War Room: The People, Tactics and Technology behind Narendra Modi's 2014 Win Oct 28 2022 ‘ War Room stands out as an example of real field work and rigorous research... Anyone who wants to understand how decisions are made in India should read this brilliant study of the BJP. ’ —Dr. Walter K. Andersen, Author of *The Brotherhood in Saffron: The Rashtriya Swayamsevak Sangh and Hindu Revivalism* ‘ Ullekh NP has crafted a well-researched and gripping narrative of how the BJP seized the moment in 2014. Its penetrating analysis of the personalities, politics and methods of Modi and Amit Shah makes it a useful resource for answering the major question of India ’ s near-term political future: Will the BJP in the Modi era realize its ambition of building 2014 to emerge as the dominant party nationwide? ’ —Sumantra Bose, Professor of International and Comparative Politics, London School of Economics, Author of *Transforming India: Challenges to the World ’ s largest Democracy* ‘ Ullekh NP tells the story of Narendra Modi ’ s campaign to lead the world ’ s largest democracy. A man “ destined to reign on his own terms ” , Modi knew that being resilient was more important than being first and fast. Years after War Room is published, people will refer to it as the book that told the story of India ’ s most spectacular election in May 2014 in all its subtle and magnificent details. ’ —Chitra Subramaniam, Award-

winning Journalist and Author

A New Idea of India May 30 2020

Pakistan Factor and the Competing Perspectives in India Nov 04 2020 The book discusses the Pakistan factor in Indian foreign policy, covering the evolution of both Indian nationalism and Hindu nationalism and their impact on India ' s foreign policy framework. To explain the bipartisanship on Pakistan in India, it separates party-centric foreign policy views of national parties of India. Then it explains India ' s Pakistan policy from multiple aspects. It underscores India's pursuit of policy choices under Modi and ends with a discussion on the future of India-Pakistan relations.

Centrestage Jun 11 2021 Is Narendra Modi ' s government innovative and free of vote-bank politics? How did Narendra Modi bring 24-hour, three-phase domestic power supply to 18,000 villages in Gujarat? How did Modi turn the forlorn Kutch into a top tourist destination? One of the most hotly debated topics in this general elections has been the development and governance of Narendra Modi ' s government in Gujarat. In Centrestage, Uday Mahurkar tries to present a balanced assessment of Narendra Modi ' s government by uncovering and analysing the Modi mantra of governance. With chapters on energy, technology, agriculture, finance, and innovation to name a few, Mahurkar aims at understanding and revealing the ground reality through facts and research beyond the media hype. Has Gujarat really made progress under Narendra Modi? Is Narendra Modi really a visionary and a good administrator? Read Centrestage to find out and get an insider ' s view of Narendra Modi ' s governance from a man who has followed him closely for the past three decades.

Bal Narendra Dec 26 2019

The Fiction of Fact Finding Mar 01 2023 No instance of

communal violence has provoked as much controversy as the Gujarat 2002 carnage, in which over 1,000 people, mostly Muslims, were killed. And none has been subjected to as much fact - finding. Yet, as this book demonstrates, the fact - finding riddled with ambiguities and deceptions, gaps and contradictions glossed over crucial pieces of evidence.

The Modi Effect Jan 07 2021 How did a 'chai wallah' who sold tea on trains as a boy become Prime Minister of India? On May 16, 2014, Narendra Modi was declared the winner of the largest election ever conducted anywhere in the world, having fought a campaign unlike any before. Political parties in Britain, Australia and North America pride themselves on the sophistication of their election strategies, but Modi's campaign was a master-class in modern electioneering. His team created an election machine that broke new ground in the use of social media, the Internet, mobile phones and digital technologies. Modi took part in thousands of public events, but in such a vast country it was impossible to visit every town and village. The solution? A 'virtual Modi' - a life-size 3D hologram - beamed to parts he could not reach in person. These pioneering techniques brought millions of young people to the ballot box - the holy grail of election strategists everywhere - as Modi trounced the governing Congress Party led by the Gandhi dynasty. Former BBC correspondent and Downing Street communications expert Lance Price has been granted exclusive access to Prime Minister Narendra Modi and his team of advisers. With complete freedom to tell it as he finds it, he details Modi's rise to power, the extraordinary election victory and its aftermath. The Modi Effect: Inside Narendra Modi's campaign to transform India lifts the lid on a whole new box of tricks, where message-management and IT wizardry combined to create a vote-winning colossus of awesome potency.
