Whether you're a beginner or a pro, you can save big with Haynes! This is the most complete change methodology we have found anywhere." -- Pete Fox, General Manager, Corporate Accounts, Microsoft US

In these turbulent times, competent change leadership is a most coveted leadership skill, and savvy change consultants are becoming trusted participants at the board table. For both leaders and consultants, knowing how to navigate the complexities of organization transformation is fast becoming the key to a successful career. This second edition of the author's landmark book is the king of all "how-to" books on change. It provides a strategic overview of the author's proven change process methodology, as well as pragmatic guidance and tools for each key step in a complex transformational change process. The Change Leader's Roadmap is the most comprehensive guide available for building transformational change strategy and designing and implementing successful transformation. Based on thirty years of action research with Fortune 500 companies, government agencies, the military, and large non-profit global organizations. Outlines every key step in a transformational change process Provides worksheets, tools, case examples, and assessments that you can immediately apply to all types of change efforts Includes updated information on a wealth of topics including the critical path tasks and how to use the CLR to change minds and cultures The new edition also includes new activities, methods for building change capability, guiding principles for change, and advice for leading the human dynamics in change and creating an organizational vision. This book is specifically written for leaders, project managers, OD practitioners, change practitioners, and consultants seeking greater change results. Many countries throughout Latin America have experienced high levels of corruption, drug trafficking, and violence that have created elements of fragility. This book of case studies explores the nature of violence in

countries throughout the region. Haynes Manuals have a new look! To ensure the continued success of one of the industry's most dynamic manual series, Haynes has color coded their covers by manufacturer and replaced the familiar cover artwork with computer-generated cutaway photography. By Summer 2000, 80 percent of Haynes manuals will have the colorful new design. Inside, enthusiasts will find the same reliable information -- whether the reader has simple maintenance or a complete engine rebuild in mind, he or she can rest assured that there's a Haynes Manual for just about every popular domestic and import car, truck, and motorcycle. Hundreds of illustrations and step-by-step instructions make each repair easy to follow. Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index. "With this extensively upgraded second edition, Dean Anderson and Linda Ackerman Anderson solidify their status as the leading authorities on change leadership and organizational transformation. This is without question the most comprehensive approach for leaders who are serious about making change a strategic discipline." —Jim Kouzes, Author, *The Leadership Challenge* and *The Truth About Leadership* A comprehensive look at what it really takes to lead transformation successfully, written by two of the "masters of the craft." The author's best-selling first edition has been significantly updated to deliver critical insights about how leaders can achieve breakthrough results from transformational change, even in these challenging times. The book introduces conscious change leadership and provides insights about the critical human and change process dynamics that leaders must be aware of in order to succeed, and reveals why most

leaders do not see these dynamics. Most importantly, it highlights the shift in worldview leaders must make to deliver greater success. The book outlines the author's highly successful "multi-dimensional, process approach" to transformation, addressing change at the organizational, team, relational, and personal levels. It thoroughly addresses leadership mindset and behavioral modeling, culture change, and large systems implementations, providing best practices developed over three decades of successful consulting to Fortune 500 executives. Written for executives and managers, OD consultants, change managers, project managers, and change consultants, this must read book provides the foundation for successful change leadership and consulting. Based on thirty years of action research with Fortune 500 companies, government agencies, the military, and large non-profit global organizations Provides worksheets, tools, case examples, and assessments that you can immediately apply to all types of change efforts Contrasts two vastly different leadership approaches to change, and reveals why only one works Provides solutions for turning employee resistance into commitment Outlines the common mistakes in change and how you can avoid them Reveals the differences between transformation and other types of change so you can build strategies that really get results Beyond Change Management advances the field of change leadership, and takes the concept of managing change in organizations to a whole new level. It is a must read for anyone wanting to stay abreast of advancements in the field. Together with its companion volume, *The Change Leader's Roadmap: How to Navigate Your Organization's Transformation*, these books can be used as texts in corporate or graduate school training programs and courses.
