In this board book with die-cut pages, fairies dance and play in the sunlight. These fairies are much more than they seem! Discover all the amazing things they can be, from inventors to firefighters. This inspirational book shows that you can be anything you want! We are no longer children, — but it is not long since we were; and remembering that golden time, when the sun was brighter, the flowers twice as many, the rivers larger, and everything fairer, than it ever has been since, we welcome this book of fables for children. The writer of them was herself a girl of sixteen when they were written, — many, many years ago, — and of course their chief charm is for younger people than we venerable undergraduates. And the children (whose judgment is best) declare loudly for the book, and listen pleased for hours to the adventures of Lily-Bell and Thistledown and the kind little Ripple. But others also can find a pleasure in the love and knowledge of Nature which the book shows, and in its graceful fancies and sweet lessons of charity and patience. The men and women who write stories for children do a greater work for the world than we are wont to think of. Horace praised poets because they formed the "tender mouth" of children, and turned them from the vile to the beautiful. Miss Alcott does not need to "Claim the shelter from her sire of an immortal name," for she has earned praises for herself. Six captivating stories: the supernaturally tinged narrative of Bluebeard and his many wives; the entertaining tale of Puss in Boots, Cinderella, The Fairies, Ricky of the Tuft, and the enchanting title story The celebrated author and illustrator brings to life the joys of reading, writing, and sharing in this tale of a boy’s discovery of the library mouse. Sam the library mouse loves to write, and the children love his little books, which he leaves on the library shelves for them to find. But no one at the library has ever met him. When Tom can’t find a partner for a book-making assignment and finds Sam’s secret hole behind the children’s reference section, will the pair be able to work together, or will Sam’s secret identity be spoiled forever? A heartwarming tale about collaboration and creative ambitions, this book will enchant any young aspiring author or illustrator. "Do you believe in ghosts? Stu sure doesn't. In reality they wish to plant the Seed of Adri themselves, sacrifice Becky, and claim the glory and rewards from the elfin gods. It is a fast-paced race to get to the North Pole first and plant the seed, but unexpected horrors await whoever journeys beyond the Gates of Vattar, where the fading tree grows and where the new seed must be relinquished. Who will get there first? Readers will eagerly seek to discover if Matt and Becky save the world from impending doom and destruction and forever separate the human world from the elf realm for the safety of them all.
