Linguistic Justice Oct 30 2020 Bringing together theory, research, and practice to dismantle Anti-Black Linguistic Racism and white linguistic supremacy, this book provides ethnographic snapshots of how Black students navigate and negotiate their linguistic and racial identities across multiple contexts. By highlighting the counterstories of Black students, Baker-Bell demonstrates how traditional approaches to language education do not account for the emotional harm, internalized linguistic racism, or consequences these approaches have on Black students' sense of self and identity. This book presents Anti-Black Linguistic Racism as a framework that explicitly names and richly captures the linguistic violence, persecution, dehumanization, and marginalization Black Language-speakers endure when using their language in schools and in everyday life. To move toward Black linguistic liberation, Baker-Bell introduces a new way forward through Antiracist Black Language Pedagogy, a pedagogical approach that intentionally and unapologetically centers the linguistic, cultural, racial, intellectual, and self-confidence needs of Black students. This volume captures what Antiracist Black Language Pedagogy looks like in classrooms while simultaneously illustrating how theory, research, and practice can operate in tandem in pursuit of linguistic and racial justice. A crucial resource for educators, researchers, professors, and graduate students in language and literacy education, writing studies, sociology of education, sociolinguistics, and critical pedagogy, this book features a range of multimodal examples and practices through instructional maps, charts, artwork, and stories that reflect the urgent need for antiracist language pedagogies in our current social and political climate.

We Want to Do More Than Survive Mar 23 2020 Winner of the 2020 Society of Professors of Education Outstanding Book Award Drawing on personal stories, research, and historical events, an esteemed educator offers a vision of educational justice inspired by the rebellious spirit and methods of abolitionists. Drawing on her life's work of teaching and researching in urban schools, Bettina Love persuasively argues that educators must teach students about racial violence, oppression, and how to make sustainable change in their communities through radical civic initiatives and movements. She argues that the US educational system is maintained by and profits from the suffering of children of color. Instead of trying to repair a flawed system, educational reformers offer survival tactics in the forms of test-taking skills, acronyms, grit labs, and character education, which Love calls the educational survival complex. To dismantle the educational survival complex and to achieve educational freedom—not merely reform—teachers, parents, and community leaders must approach education with the imagination, determination, boldness, and urgency of an abolitionist. Following in the tradition of activists like Ella Baker, Bayard Rustin, and Fannie Lou Hamer, *We Want to Do More Than Survive* introduces an alternative to traditional modes of educational reform and expands our ideas of civic engagement and intersectional justice.

Nick of Time Sep 21 2022 *Nick of Time* is the first young reader's book written by bestselling author Ted Bell - a wondrous tale of time travel, adventure, and riches, in which twelve-year-old Nick McIver sets out to become "the hero of his own life." The setting is England, 1939, on the eve of war. Nick and his younger sister, Kate, live in a lighthouse on the smallest of the Channel Islands. Nick and Kate come to the aid of their father who is engaged in a desperate war of espionage with German U-boat wolf packs that are circling the islands. The information they provide to Winston Churchill is vital as he tries to warn England of the imminent Nazi invasion. One day Nick discovers an old sea chest, left for him by his ancestor, Captain Nicholas McIver of the Royal Navy.

Inside, he finds a time machine and a desperate plea for help from the captain. He uses the machine to return to the year 1805. Captain McIver and, indeed, Admiral Nelson's entire fleet are threatened by the treachery of the French and the mutinous Captain Billy Blood. Nick must reach deep inside, using his wits, courage, and daring to rescue the imperiled British sailors. His sister, Kate, meanwhile, has enlisted the aid of two of England's most brilliant "scientific detectives," Lord Hawke and Commander Hobbes, to thwart the invading Nazis. She and Nick must face England's underwater enemies, a challenge made all the more difficult when they discover the existence of Germany's supersecret submarine. In this striking adventure for readers of all ages, Nick must fight ruthless enemies across two different centuries, on land and sea, to help defeat those determined to destroy his home and his family.

But now an old friend desperately needs his help—His Royal Highness Prince Charles. A shadowy figure from the past has the British Crown in his sights, and has already proven that his warnings are not to be taken lightly. A not-so-subtle threat has been directed toward the British royal family, with an ominous connection to the assassination of the beloved Windsor patriarch, Lord Mountbatten, thirty years ago. Early clues point to IRA involvement—but the truth could be worse . . . much, much worse. It is just the sort of call to duty Hawke needs to propel him back into action. But the combination of an elusive maniac assassin on the prowl for royal blood and an unholy brotherhood of jihadists wreaking explosive global terror may be more than the recovering counterspy—and his world—can survive.

Assassin Jul 19 2022 Alex Hawke is back. In this explosive, jaw-tightening follow-up to Ted Bell's "rich, spellbinding, and absorbing" (Clive Cussler) debut national bestseller, Hawke, fearless intelligence operative Lord Alexander Hawke matches wits with a cunning and bloodthirsty psychopath in a desperate race to avert an American Armageddon. In an elegant palazzo on the Grand Canal, an American ambassador's tryst turns deadly. In the seamy underbelly of London, a pub-crawling killer is on the loose. And in a storybook chapel nestled in the Cotswolds, a marriage made in heaven turns to hell on earth. Isolated incidents? Or links in a chain of events hurtling towards catastrophe? So begins Assassin, the tour de force thriller that heralds the return of every terrorist's worst nightmare, Alex Hawke. A shadowy figure known as the Dog is believed to be the ruthless terrorist who is systematically and savagely assassinating American diplomats and their families around the globe. As the deadly toll mounts inexorably, Hawke, along with former NYPD cop and Navy SEAL Stokely Jones, is called upon by the U.S. government to launch a search for the assassin behind the murders. Hawke, who "makes James Bond look like a 'slovenly, dull-witted clockpuncher'" (Kirkus Reviews), is soon following a trail that leads back to London in the go-go nineties, when Arab oil money fueled lavish, and sometimes fiendish, lifestyles. Other murky clues point to the Florida Keys, where a vicious killer hides behind the gates of a fabled museum. And to a remote Indonesian island where a madman tinkers with strains of a deadly virus and slyly bides his time. Hawke must call upon resources deep within himself. He must enter a race against time to stop a cataclysmic attack on America's most populous cities and avenge the inexplicable and horrific crime that has left him devastated. Brimming with relentless action and stylish detail, and featuring a hero that readers will stand up and cheer for, Assassin is a gripping adventure.
