The noise will lead you straight to the craps table. But new players often find craps confusing. There are so many options; what's a bettor to do? For a start, they can turn to The Craps Answer Book: How to Make One of the Best Bets in the Casino Even Better. It's the latest in John Grochowski's popular series of easy-to-understand Answer Books on casino games. This textbook is intended for use in introductory biostatistics courses for health science, nursing, and biology students. It deals with research designs used for collecting data, methods for summarizing data, and testing hypotheses in health and related fields. The emphasis is on illustrating how statistics are generated and used by practitioners in health fields and interpreting crucial aspects of journal articles. Concepts are stressed rather than the usual computational methods. Every major concept is accompanied by an exercise and correct answers, and these form an integral part of the text. This series takes a fresh approach to the mastery of grade-specific skills. Each book uses a wide range of activities to spark students interest in learning. As students complete the activities, they develop the skills they need to meet academic standards in reading, writing, math, social studies, and science. Because the ability levels of students in any one grade level vary, each book spans a broad range of skills. Both teachers and parents can use the books to introduce new concepts, to assess learning and skill development, and to reinforce familiar knowledge. The versatile activities can be used for individual practice, test preparation, or homework assignments. Complete answer keys are provided.
