Very few King's earn the appellation 'Great'. Alfred is the only English King honoured with this name and is credited with various successes (the foundation of a navy, English education system and religious revival). His memory looms large in the English Imagination. The medieval 'Life' of King Alfred of Wessex purports to be written by Asser, a monk in the King's service. This account of one of England's best loved and most famous kings has been accepted as offering evidence on most aspects of life in early medieval England and beyond. It was used in Victorian times to create a 'Cult' of Alfred. Alfred Smyth offers a carefully annotated translation of the 'Life' together with a long commentary. He argues that the 'Life' is a forgery which has profound implications not only for our understanding of the early English and medieval past but also for the nature of biography and history.

This close scholarly rendering of the text allows the reader access to the intricacies of medieval history. Providing expert tips on tending the land, caring for animals, and necessary equipment, Ann Larkin Hansen also covers the intricate process of acquiring organic certification and other business considerations important to a profitable operation. Discover the rewarding satisfaction of running a successful and sustainable organic farm. Wild Swans meets Educated in this riveting true story spanning four generations 'Revelatory and remarkable' - TRENT DALTON 'Memorable and vivid' - RICHARD GLOVER 'Lands with a thump in your heart' - LISA MILLAR 'Heartbreaking and uplifting' - MEAGHAN WILSON ANASTASIOS 'An heroic saga' - MIKE MUNRO

The dragon circles and swoops ... a tiger running alone in the night ... Mimi Kwa ignored the letter for days. When she finally opened it, the news was so shocking her hair turned grey. Why would a father sue his own daughter? The collision was over the estate of Mimi's beloved Aunt Theresa, but its seed had been sown long ago. In an attempt to understand how it had come to this, Mimi unspools her rich family history in House of Kwa. One of a wealthy silk merchant's 32 children, Mimi's father, Francis, was just a little boy when the Kwa family became caught up in the brutal and devastating Japanese occupation of Hong Kong during World War II. Years later, he was sent to study in Australia by his now independent and successful older sister Theresa. There he met and married Mimi's mother, a nineteen-year-old with an undiagnosed, chronic mental illness. Soon after, 'tiger' Mimi arrived, and her struggle with the past - and the dragon - began ... Riveting, colourful and often darkly humorous, House of Kwa is an epic family drama spanning four generations, and an unforgettable story about how one woman finds the courage to stand up for her freedom and independence, squaring off against the ghosts of the past and finally putting them to rest. Throughout, her inspiration is Francis's late older sister, the jet-setting, free-spirited Aunt Theresa, whose extraordinary life is a beacon of hope in the darkness. PRAISE FOR HOUSE OF KWA

'House of Kwa enchants and enthrals like the best kind of sweeping, dynastic fiction, but it rattles the bones and breaks the heart with the pure facts of Mimi Kwa's extraordinary story. Revelatory and remarkable storytelling.' Trent Dalton 'An astonishing true tale that leaps across centuries and cultures to land with a thump in your heart.' Lisa Millar 'A startling tale of the past, its terrible grip on the present, and the battle to set yourself free. Full of scenes that hover between tragedy and farce, House of Kwa is one of the most compelling stories you'll read this year. Memorable and vividly told, this is a book for anybody forced to survive their own parents.' Richard Glover 'From the back streets of China to war-torn Hong Kong to suburban Australia, this is an heroic saga that reveals just some of the stories behind the multi-cultural nation we are today.' Mike Munro AO 'This is a charming and compelling story, an insight into a deeply traditional Chinese family in times when China was undergoing internally and externally induced upheaval.' South China Morning Post 'A rich and riveting read which heralds a new chapter in Kwa's life as a writer. The spirited tiger, full of life and driven to achieve, has many stories to tell yet.' The Weekend Australian 'House of Kwa answers the question of how one should write about one's family with generosity and love - to read it is to experience Kwa's wonder at the strength and resilience of her family, as well as the intimacy of her relationships with them. Traversing the boundaries of a traditional memoir, House of Kwa is the biography of a family that explores the way our lives are shaped by the past we can and cannot remember. Kill Your Darlings 'A rare work of non-fiction which balances page turning prose with lyrical depth. Do yourself and

everyone you know a favour and dive in!' Megan Rogers An utterly captivating, gripping and inspirational tale of one woman's triumph over adversity. In this extraordinary multi-generational memoir, Kwa fearlessly grapples with questions of love, loyalty, and the power of the human spirit. Intimate and revelatory, House of Kwa is the most heart-breaking and uplifting book I have read in years and announces the arrival of an exciting writer. Meaghan Wilson Anastasios 'If you're a fan of the book Educated by Tara Westover, as I am, and most readers I know are, then you have to read this.' Joan McKenzie, Joan's Picks, Whitcoulls 'Mimi's narrative about their family life is heart-breaking, hilarious, and often unbelievable.' Magic talk FM 'An exotic journey that takes readers through the contributions Chinese immigrants have made to multicultural Australia.' ABC Nightlife 'Kwa is an engaging storyteller.' Asian Review of Books 'Extraordinary - I couldn't put it down. Wonderfully written, this intriguing family story reads like a page-turning novel. The journey of the Kwa dynasty and its legacy is told in such rich, colourful detail, you feel like you are there. I loved it. Sue Smethurst 'I laughed, I grieved, I was intrigued. It took enormous strength to write this story of trauma, abuse, mental health, dislocation, racism and reinvention. Above all it is a story of love and kindness. It will resonate with so many people.' Kirsty Manning Karl Aspelund takes readers on a guided tour of seven stages of design, from Inspiration, Identification, Conceptualization, Exploration/Refinement, Definition/Modeling, Communication and Production. "Perspectives" features highlight individual designers and artists, and end-of-chapter exercises help transform design projects to reality. "This is a coursebook and reference guide for ichthyology courses that will also serve as a tool for ichthyologists, fisheries scientists, marine biologists, and vertebrate zoologists. It will cover the basic anatomy and diversity of all 62 orders of fishes, focusing on the distinguishing characteristics of approximately 180 of the most commonly encountered fish families. Each family will be diagnosed with easily observed characteristics and clear photos--many in color and from living specimens. This guide will be distinctive through the use of photographs of preserved specimens primarily from the Scripps Institution of Oceanography Marine Vertebrate Collection, supplemented by radiographs and additional illustrations of key characters. The goal is to give ichthyology students, fisheries scientists, marine biologists, vertebrate zoologists, and others with an interest or stake in the diversity of fishes a broad overview of the morphological diversity of fishes, arranged in a modern classification system. Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She gave it to the other attendees straight, not caring if she offended anyone; the men took it on the chin and took her constructive criticisms on board. Within days and weeks they were trying out her suggested techniques and

starting to become more successful with women. Kezia returned to the PUA classes and started to make a name for herself. Kezia Noble is the first woman to offer the aspiring pick-up artist advice on how to attract women from a woman's point of view. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women. Written by Peter Moon and Radu Cinamar, a highly placed Romanian intelligence operative, this book heralds the most remarkable archaeological find in the annals of Mankind. Unbeknownst to most, there is an ancient sphinx located in the Bucegi Mountains of Romania. In 2003, the Pentagon discovered, through the use of satellite technology, an anomaly beneath this ancient sphinx. Through the highest levels of Freemasonry, the Pentagon was able to secure an alliance with the most secret department of the Romanian Intelligence Service which is known as Department Zero. Together, the Romanians and the Americans utilised the Pentagon's secret technology to penetrate a hidden chamber beneath the sphinx which was otherwise inaccessible to humans. What was discovered eventually was a holographic Hall of Records left by an advanced civilisation near three mysterious tunnels leading into the Inner Earth. The book chronicles the discovery of these modern day artefacts which represent the dawn of a new era for Mankind. Peter Moon is brought into the fold through his friend, Dr David Anderson, the mysterious scientist who founded the Time Travel Research Center on Long Island and also maintains a similar facility in Romania. Recognising that such satellite technology would had to have utilised Dr Anderson's proprietary space-time technology for maintaining satellites in orbit, Peter Moon pursues these matters further and accepts Dr Anderson's invitation to Romania where he visits the Romanian Sphinx and learns of a mysterious association between the mysterious time travel scientist and Radu Cinamar. an introduction to the features of the Panasonic Lumix DMC-G2 camera, covering such topics as setup menus, exposures, lenses, flash photography, and video. The Fourth Edition of *Statistics: A Gentle Introduction* shows students that an introductory statistics class doesn't need to be difficult or dull. This text minimizes students' anxieties about math by explaining the concepts of statistics in plain language first, before addressing the math. Each formula within the text has a step-by-step example to demonstrate the calculation so students can follow along. Only those formulas that are important for final calculations are included in the text so students can focus on the concepts, not the numbers. A wealth of real-world examples and applications gives a context for statistics in the real world and how it helps us solve problems and make informed choices. New to the Fourth Edition are sections on working with big data, new coverage of alternative non-parametric tests, beta coefficients, and the "nocebo effect," discussions of p values in the context of research, an expanded discussion of confidence intervals, and more exercises and homework options under the new feature "Test Yourself." Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. A leading biblical scholar offers a powerful reexamination of the Bible's origins and its connections to human suffering Human trauma gave birth to the Bible, suggests eminent religious scholar David Carr. The Bible's ability to speak to suffering is a major reason why the sacred texts of Judaism and Christianity have retained their relevance for thousands of years. In his fascinating and provocative reinterpretation of the Bible's origins, the author tells the story of how the Jewish people and Christian community had to adapt to survive multiple catastrophes and how their holy scriptures both reflected and reinforced each religion's resilient nature. Carr's thought-provoking analysis demonstrates how many of the central tenets of biblical religion, including monotheism and the idea of suffering as God's retribution, are factors that provided Judaism and Christianity with the strength and flexibility to endure in the face of disaster. In addition, the author explains how the Jewish Bible was deeply shaped by the Jewish exile in Babylon, an event that it rarely describes, and how the Christian Bible was likewise shaped by the unspeakable shame of having a crucified savior. Except I'm no innocent, and it's the king himself-the man called il Diavolo-who appeals to me in sinful ways I never dreamed. Fausto's wickedness draws me in, his power like a drug. And when the devil decides he wants me, I'm helpless to resist him-even if it means giving myself to him, body and soul. He may think he can control me, but this king is about to find out who's really the boss. ***** MAFIA MISTRESS is a full-length mafia romance written by a USA Today Bestselling author. The 1980s had been a pioneering decade not only in space- and ground-based studies of the solar atmosphere (Solar Maximum Mission, Hinotori, VLA, Big Bear, Nanc;ay, etc.) but also in solar-terrestrial relations (ISEE, AMPTE), and solar interior neutrino and helioseismology studies. The pace of development in related areas of theory (nuclear, atomic, MHD, beam-plasma) has been equally impressive. All of these raised tantalizing further questions about the structure and dynamics of the Sun as the prototypical and best observed star. This Advanced Study Institute was timed at a pivotal point between that decade and the realisation of Yohkoh, Ulysses, SOHO, GRANAT, Coronas, and new ground-based optical facilities such as LEST and GONG, so as to teach and inspire the up and coming young solar researchers of the 1990s. The topics, lecturers, and students were all chosen with this goal in mind, and the result seems to have been highly successful by all reports.
