Department 19 Jan 26 2023 Jamie Carpenter's father is dead, his mother is missing, and he was just rescued by an enormous creature named Frankenstein. Now Jamie is pulled into a secret organization responsible for policing the supernatural, founded more than a century ago by Abraham Van Helsing. . . .

Department Nineteen takes us through history, across Europe, and beyond - from the cobbled streets of Victorian London to prohibition-era New York, from the icy wastes of Arctic Russia to the treacherous mountains of Transylvania. Part modern thriller, part classic horror, it's packed with mystery, mayhem, and a level of suspense that makes a Darren Shan novel look like a romantic comedy.

Hukkat (Numbers 19:1-22:1) and Haftarah (Judges 11:1-3): The JPS B'nai Mitzvah Torah Commentary shows teens in their own language how Torah addresses the issues in their world. The conversational tone is inviting and dignified, concise and substantial, direct and informative. Each pamphlet includes a general introduction, two model divrei Torah on the weekly Torah portion, and one model davar Torah on the weekly Haftarah portion. Jewish learning—for young people and adults—will never be the same. The complete set of weekly portions is available in Rabbi Jeffrey K. Salkin's book *The JPS B'nai Mitzvah Torah Commentary* (JPS, 2017).

Revolution 19 Jan 14 2022 From the creators of Homeland and the Final Destination films, Revolution 19 is a cinematic thriller unlike anything else. At first they called it system-wide malfunctions when the robots stopped fighting at exactly 2:15 p.m. Greenwich Mean Time, August 17, 2051. For twenty-two hours the battlefields were silent. Then when the bots began killing again, now targeting their human commanders, they shook their heads and called it fatal programming errors. When, a day later, the skies over cities on six continents grew dark with warships, they began to understand. And when the bombs rained down and legions of bot foot soldiers marched into the burning ruins, killing any humans who resisted and dragging away the rest, they finally called it what it was: revolution. Only a few escaped the robot war. Those who did lived in secret freeposts, hiding from the robot armies determined to control the human race. Nick, Kevin, and Cass are some of the lucky ones—they live with their parents in a secret human community outside the robot-controlled Cities. But when the bots discover their village and attack, the teens are forced to run. Determined to find out if their parents are alive, the three siblings venture into the heart of the robot City, where one misstep could be their last.

Digital Constitutionalism in Europe Jul 28 2020 This book is about rights and powers in the digital age. It is an attempt to reframe the role of constitutional democracies in the algorithmic society. By focusing on the European

constitutional framework as a lodestar, this book examines the rise and consolidation of digital constitutionalism as a reaction to digital capitalism. The primary goal is to examine how European digital constitutionalism can protect fundamental rights and democratic values against the charm of digital liberalism and the challenges raised by platform powers. Firstly, this book investigates the reasons leading to the development of digital constitutionalism in Europe. Secondly, it provides a normative framework analysing to what extent European constitutionalism provides an architecture to protect rights and limit the exercise of unaccountable powers in the algorithmic society. This title is also available as open access on Cambridge Core.
